The full PHA plan provides a ready source for interested parties to locate basic PHA policies, rules, and requirements concerning the PHA's operations, programs, and services, and informs HUD, families served by the PHA, and members of the public of the PHA's mission and strategies for serving the needs of low-income and very low-income families. This form allows eligible PHAs to make a streamlined annual Plan submission to HUD consistent with HUD's efforts to provide regulatory relief to certain PHAs. Public reporting burden for this information collection is estimated to average 11.7 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. HUD may not collect this information and respondents are not required to complete this form, unless it displays a currently valid OMB Control Number.

B. Strategy for Addressing Needs Provide a brief description of the PHA's strategy for addressing the housing needs of families on the PHA's public housing and Section 8 waiting lists IN THE UPCOMING YEAR, and the Agency's reasons for choosing this strategy.

(1) Strategies

Need: Shortage of affordable housing for all eligible populations

Strategy 1. Maximize the number of affordable units available to the PHA within its current resources by:

Select all that apply

- Employ effective maintenance and management policies to minimize the number of public housing units off-line
- Reduce turnover time for vacated public housing units
- Reduce time to renovate public housing units
- Seek replacement of public housing units lost to the inventory through mixed finance development
- Seek replacement of public housing units lost to the inventory through section 8 replacement housing resources
- Maintain or increase section 8 lease-up rates by establishing payment standards that will enable families to rent throughout the jurisdiction
- Undertake measures to ensure access to affordable housing among families assisted by the PHA, regardless of unit size required
- Maintain or increase section 8 lease-up rates by marketing the program to owners, particularly those outside of areas of minority and poverty concentration
- Maintain or increase section 8 lease-up rates by effectively screening Section 8 applicants to increase owner acceptance of program
- Participate in the Consolidated Plan development process to ensure coordination with broader community strategies
- Other: Continue application of payment standards which encourage families to rent and owners to participate while continuing effective screening policies; consider replacement public housing units with capital/public housing funds only, or in combination with other partner or financing entity.

Strategy 2: Increase the number of affordable housing units by:

- Select all that apply
 - Apply for additional section 8 units should they become available

Leverage affordable housing resources in the community through the creation of mixed - finance housing

Pursue housing resources other than public housing or Section 8 tenant-based assistance: see discussion at 5 year plan.

Other: If research establishes need, consider one or more of the above listed options, and replacement of Public Housing; also as described in five year plan.

Need: Specific Family Types: Families at or below 30% of median

Strategy 1: Target available assistance to families at or below 30 % of AMI Select all that apply

Exceed HUD federal targeting requirements for families at or below 30% of AMI in public housing

- Exceed HUD federal targeting requirements for families at or below 30% of AMI in tenantbased section 8 assistance
- Employ admissions preferences aimed at families with economic hardships

Adopt rent policies to support and encourage work

Other: Maintain current policies and rent structures which support and encourage work.

Need: Specific Family Types: Families at or below 50% of median

Strategy 1: Target available assistance to families at or below 50% of AMI

Select all that apply

 \boxtimes

- Employ admissions preferences aimed at families who are working
- Adopt rent policies to support and encourage work
- Other: Maintain current policies, preferences, and incentives

Need: Specific Family Types: The Elderly

Strategy 1: Target available assistance to the elderly:

Select all that apply

- Seek designation of public housing for the elderly
- Apply for special purpose vouchers targeted to the elderly, should they become available depending on meaning of special purpose voucher.
- Other: Consider replacement of PH units for elderly with special needs and monitor and maintain preference for elderly/disabled over "other singles"; seek re-designation of elderly sites for two elderly sites; maintain working preference which is also extended to families with elderly or disabled members.

Need: Specific Family Types: Families with Disabilities

Strategy 1: Target available assistance to Families with Disabilities:

Select all that apply

- Seek designation of public housing for families with disabilities
- Carry out the modifications needed in public housing based on the section 504 Needs Assessment for Public Housing
- Apply for special-purpose vouchers targeted to families with disabilities, should they become available, depending on meaning of special voucher.
 - Affirmatively market to local non-profit agencies that assist families with disabilities
- Other: Monitor and maintain preference for disabled over "other singles"; maintain preference for elderly/disabled singles; maintain working preference which is also extended to families with elderly or disabled members.

Need: Specific Family Types: Races or ethnicities with disproportionate housing needs

Strategy 1: Increase awareness of PHA resources among families of races and ethnicities with disproportionate needs:

Select if applicable

Affirmatively market to races/ethnicities shown to have disproportionate housing needs Other: (list below)

Strategy 2: Conduct activities to affirmatively further fair housing

Select all that apply

- \boxtimes Continue counseling section 8 tenants as to location of units outside of areas of poverty or minority concentration and assist them to locate those units
- Market the section 8 program to owners outside of areas of poverty /minority concentrations \boxtimes \boxtimes Other: Maintain existing efforts

Other Housing Needs & Strategies: (list needs and strategies below)

(2) Reasons for Selecting Strategies

Of the factors listed below, select all that influenced the PHA's selection of the strategies it will pursue:

- \boxtimes Funding constraints
- Staffing constraints
 - Limited availability of sites for assisted housing
 - Extent to which particular housing needs are met by other organizations in the community
 - Evidence of housing needs as demonstrated in the Consolidated Plan and other information available to the PHA
- XXXXXXX Influence of the housing market on PHA programs
- Community priorities regarding housing assistance
- Results of consultation with local or state government
- Results of consultation with residents and the Resident Advisory Board
- Results of consultation with advocacy groups
 - Other: Unknown level of financial commitment of HUD and Congress to the needs of the low income working person, low income disabled person, low income person generally, and to the Public Housing and Section 8 program, makes long and short term decision planning difficult; decreasing level of financial commitment makes achieving goals and strategies difficult.

2. <u>Statement of Financial Resources</u>

9. Additional Information

[24 CFR Part 903.12 (b), 903.7 (r)]

a. <u>PHA Progress in Meeting the Mission and Goals Described in the 5-Year Plan</u>

(Provide a statement of the PHA's progress against the goals and objectives established in the previous 5-Year Plan for the period FY 2001 - 2005.)

The HAO continues to consider the feasibility of development or expansion of low income housing units for populations identified in studies as being in need. This consideration is the result of a study conducted under the prior 5- year plan which established a potential need, but no method for implementing the service component. The HAO continues to consider this as a potential that may be addressed, as an effort to increase the availability of decent safe and affordable housing. It also has communicated regularly with the local governmental entity with respect to developing partnerships in the development of affordable housing. It has also continued with its aggressive modernization and renovation programs under the Capital Fund. In the first year of the second 5-year plan, the HAO has completed multi-year Capital Fund projects at Rolling Heights and a Capital Fund program at Adams Village. Both of the preceding are examples of the method by which it seeks to improve the quality of assisted housing. The HAO continues to determine if replacement housing is necessary at this time, and is seeking appropriate sites for replacement housing as part of its goal to improve community quality of life. Additional or replacement housing is a function of need and funding. The HAO continues to study these and other factors with respect to development of new and or replacement of previously demolished units. Changing demographics, and significant competition from other assisted housing providers are factors that are also considered. The HAO has submitted its Replacement Housing Factor Plan. It continues to search for appropriate real estate on which to construct replacement housing, looking for land that will support future development for low-income housing. The HAO has continued its supportive services programs for its residents, despite having not had a grant renewed at the end of the first five-year period. It has been awarded a three-year grant during the first year of the second five-year plan. Continuation of services despite no grant funds, and obtaining grant funds are demonstrations of success in meeting the strategic goal of improving the quality of assisted housing, and providing an improved living environment. It has continued with its practices of nondiscrimination to help ensure equal opportunity in housing for all Americans.

B. Criteria for Substantial Deviations and Significant Amendments

(1) Amendment and Deviation Definitions

24 CFR Part 903.7(r)

PHAs are required to define and adopt their own standards of substantial deviation from the 5-year Plan and Significant Amendment to the Annual Plan. The definition of significant amendment is important because it defines when the PHA will subject a change to the policies or activities described in the Annual Plan to full public hearing and HUD review before implementation.

a. Substantial Deviation from the 5-Year Plan: a discretionary change in the plan(s) or policy (ies) of the Housing Authority that fundamentally changes the mission(s), goals(s), objectives(s), or plans(s) of the agency, as expressed in the Five (5) Year Plan, and which requires formal approval by the Board of Commissioners.

b. Significant Amendment or Modification to the Annual Plan: a discretionary change in the plan(s) or policy(ies) of the Housing Authority that fundamentally changes the mission(s), goals(s), objective(s), or plans(s) of the agency, as expressed in the Five (5) Year Plan and/or Annual Plan, and which requires formal approval by the Board of Commissioners.

Any change in the five year plan, annual plan, annual plan capital fund work statement, and/or five year plan capital fund work necessitated in the judgment of the HAO as the result of budget decreases or increases over what the HAO planned its work items and dollar assignments, is not a "discretionary change" and therefore, will not be considered substantial or significant for purposes of plan amendment procedures. This includes the possibility that entire work items may be deleted, in whole or in part, and funds transferred to other line items. This includes the possibility that future work items costing less may be substituted for current work items.

Changes to policies are not amendments, modifications or deviations from the annual or five-year plan. Required public comment is received prior to implementation of such changes.

C. Other Information

[24 CFR Part 903.13, 903.15]

(1) Resident Advisory Board Recommendations

- The PHA changed portions of the PHA Plan in response to comments

List changes below: The HAO held four meetings for residents regarding the plan. The previous plans, and the purposes of the plans were reviewed with those who attended. An inquiry regarding closet doors at KY 9-2 was made. This may be included as part of site enhancements planned for KY 9-2. An inquiry regarding replacement of the front doors at KY 9-6 was made. This may be included as part of site enhancements planned for KY 9-6. An inquiry regarding the removal of the screen doors at KY 9-3 and if there was a possibility of the screen doors being replaced. The HAO have removed most of the screen doors and is still in the process of removing because of various reasons: removal has improved the appearance of the buildings, may have reduced the amount of heat and air conditioning costs for tenants that would leave the front door open while heating and air conditioning was on, and various safety issues. There are no plans for installing screen doors at this time, but may be reviewed in the future.
