ii. Executive Summary of the Annual PHA Plan

[24 CFR Part 903.7 9 (r)]

Provide a brief overview of the information in the Annual Plan, including highlights of major initiatives and discretionary policies the PHA has included in the Annual Plan.

Auburn Housing Authority has completed the relocation of its main office to downtown Auburn, in a much more visible and accessible location. We hope to capitalize on this new location to garner more support for our programs and to serve the public better. We shall continue to investigate the demand for accessible and other types of affordable housing, and seek greater funding for tenant-based housing assistance. We shall also seek to “graduate” more residents of family housing into homeownership through our down payment assistance program and with assistance from homeownership programs sponsored by the City of Auburn. Thanks to improved funding levels for our modernization program, we expect to eliminate the backlog of capital work items in our public housing developments. Continued high resident involvement, through the presence of two resident commissioners on our Board, as well as an open and participatory meeting process, will ensure that Auburn Housing Authority continues to serve its residents and program participants with their best interest always in mind.

Attachment A

DECONCENTRATION POLICY

It is Auburn Housing Authority's policy to provide for deconcentration of poverty and encourage income mixing by bringing higher income families into lower income developments and lower income families into higher income developments, subject to the understanding that all Authority properties by definition are "lower income." Toward this end, as necessary, we will skip families on the waiting list to reach other families with a lower or higher income. We will accomplish this in a uniform and non-discriminatory manner.

Auburn Housing Authority will affirmatively market our housing to all eligible income groups. Lower income persons will not be steered toward lower income developments and higher income persons will not be steered toward higher income developments.

Prior to the beginning of each fiscal year, we will analyze the income levels of families residing in each of our developments, the income levels of census tracts in which our developments are located, and the income levels of the families on the waiting list. Based on this analysis, we will determine the level of marketing strategies and deconcentration incentives to implement.

Auburn Housing Authority **may** offer one or more incentives to encourage applicant families whose income classification would help to meet the deconcentration goals of a particular development.

Various incentives may be used at different times, or under conditions, but will always be provided in a consistent and nondiscriminatory manner.
