**A. Mission**

The mission of the PHA is the same as that of the Department of Housing and Urban Development: To promote adequate and affordable housing, economic opportunity and a suitable living environment free from discrimination.

X The PHA's mission is:

Baltimore County's Housing Office is committed to administering quality rental assistance programs that effectively address the needs of County low-income, very low-income, and extremely low-income families. We will do this by providing leadership, innovative responses, and comprehensive support to our citizens. Our rental assistance programs will: provide decent, safe and affordable housing free from discrimination; promote freedom of housing choice and spatial deconcentration; provide incentives to private property owners to rent to lower income families; and, promote economic self-sufficiency.

Within this mission we are committed to our *agency values*.

**Service** – We exist to serve our customers. We will maintain an open, responsive, reliable organization that constantly strives to improve service and be more user-friendly. Communication, coordination and planning are essential to our success.

**Integration of Housing and Welfare Reform** – We seek to create opportunities to integrate the resources of housing programs with welfare initiatives to support the economic self-sufficiency of our customers.

**Communication** – Knowledge is power, and communication is empowerment. It is our responsibility to communicate clearly, effectively and consistently with our customers, and citizens.

**Accountability** – We hold ourselves accountable for meeting the standards of our customers. We will maximize available resources and integrative technologies to expedite provision of service, increase communication, and monitor our performance.

**Innovation** – We will use flexibility in the integration of services, and challenge rigid interpretations of regulations that do not serve the best interest of our citizens. We will seek creative approaches and collaborative relationships with community organizations, service and

care providers, law enforcement, and the public to address the needs and problems of our customers.

**Professional Competency** – We will provide staff the information, skills, and core competencies needed to be successful in the changing housing environment, and to provide quality service to our customers. In response to the growing needs and differences of the various cultural groups in the County, we will institutionalize cultural competence as a vital component of our operations.

## **B. Goals**

**HUD Strategic Goal: Increase the availability of decent, safe, and affordable housing.**

**X PHA Goal: Expand the supply of assisted housing**

Objectives:

- Reduce public housing vacancies:  
X Leverage private or other public funds to create additional housing opportunities:

The Housing Office will seek collaborative opportunities to expand resources for our customers.

- Acquire or build units or developments

Our Welfare-to-Work Section 8 Program is innovative in its collaboration of federal initiatives through the Departments of Housing and Urban Development, Health and Human Services, Labor, Transportation and Education, with a wide array of public and private service providers, businesses and centers for employment and training. Our Welfare-to-Work Program coordinates and incorporates existing welfare-to-work and welfare reform initiatives with innovative strategies to build a comprehensive response for families caught in the welfare cycle.

The County's Welfare-to-Work Section 8 Program will broaden the number of opportunities for families to overcome barriers to economic self-sufficiency, improve our targeting and

management of available resources, and focus resources on families' transition from welfare rolls to payrolls.

- X Provide or attract supportive services to increase independence for the elderly or families with disabilities.

### **Elderly**

As stated in our Consolidated Plan, addressing the housing needs of the low-income elderly is a priority. Our Department of Aging has primary responsibility for coordinating services to and for our elderly citizens. The Department provides critical services to more than 138,000 County seniors and their families and caretakers. Department programs and activities support senior citizens in their efforts to remain healthy, active, and independent members of the community. The Department is committed to provide, coordinate and advocate for services to ensure the highest quality of life for both active and health impaired seniors, their families and caregivers.

Similarly, the Department of Social Services provides services to elderly adults. From the provision of a home aide to help with daily living tasks, to professional counseling or assistance in relocating to a safe environment, the Department strives to assist individuals while preserving each person's self-determination and independence.

Core services during this plan's five year period are expected to include the following.

- Home care services – Provides paid in-home aides for personal-care assistance and self-care services critical to making sure an elderly citizen is safe and secure within his or her own home and community.
- CountyRide – Provides para-transit service designed to serve seniors and persons with disabilities.
- HealthScope – Provides free health education and screening services.
- Nutrition Services – Provides hot lunches to all senior centers.
- Partnerships – Provides resources and services where government funding does not exist (e.g. partnerships with private companies such as Metlife, GBMC, Merck, Patuxent Publishing Company, The Sun, Comcast, CVS/Pharmacy, GBMC Diversified Health, and Sheppard Pratt Health System).
- Community Outreach Program – Provides casework services at 18 senior centers, and to the homebound.
- Caregivers Program – Provides information and support services to residents who take care of elderly family members.

- Home Team Program – Matches eligible, case managed seniors with community volunteers to promote greater independence.
- Legal Services – Provides legal services under contract with the Legal Aid Bureau, Inc.
- Loan Closet – Provides durable medical equipment at no cost for as long as needed.
- Senior Centers – Provides meaningful social, recreational, educational, and preventive health services.
- Center Connection – Provides specialized staff assistance to enable seniors to participate in senior center activities.

**Families with Disabilities**

Ensuring supportive services that promote the independence of citizens with disabilities is also a priority for the County. The coordination and direction of these services to an estimated 100,000 residents with disabilities aged 16 and older who are not institutionalized, is the responsibility of the County’s Commission on Disabilities.

The County is committed to effectively delivering programs and services to families with disabilities, and to affirmatively furthering fair housing. Core resources during the next five years are expected to include the following.

- Community Development Block Grant Program (CDBG) – The County commits approximately twenty percent (20%) of its CDBG Program funds to meeting the needs of people with disabilities.
- Rehabilitation Loan and Grant Program – This program will expand to provide funds to make multi-family housing accessible to meet the needs of persons with disabilities.
- WorkNet – This is an internet-based job bank to serve persons with disabilities.
- Accessible Housing Database – This is an internet-based database of accessible units for use in locating housing.
- Mainstream Housing Opportunities for Persons with Disabilities Program (Mainstream Program) – This is a comprehensive program providing Section 8 rental assistance and supportive services at the community level to support independent living.
- Independent Group Residency(IGR) Program – The County commits a block of Section 8 subsidies for use by members of our Commission on Disabilities to enable persons with disabilities to live in a group setting within the community while receiving supportive services from member agencies.

X Other: (list below)

The Housing Office will maintain participation in the Housing Opportunities for Persons with AIDS (HOPWA) Program. Cooperatively administered by the Housing Office and the Department of Health, this valuable program provides rental assistance and supportive services to the target population. The County will seek to 1) maximize utilization of all available HOPWA funding under the region’s fair share distribution of funding, and 2) collaborate with

local service providers to expand services to promote the self-sufficiency of program participants.

### **HUD Strategic Goal: Ensure Equal Opportunity in Housing for all Americans**

- X PHA Goal: Ensure equal opportunity and affirmatively further fair housing  
Objectives:
  - X Undertake affirmative measures to ensure access to assisted housing regardless of race, color, religion national origin, sex, familial status, and disability:

Baltimore County has certified in its Consolidated Plan its commitment to affirmatively further fair housing. The County participated in an Analysis of Impediments (AI) to Fair Housing Choice conducted by the Baltimore Metropolitan Council on behalf of the Baltimore Region, and has incorporated the findings into our local fair housing initiatives.

This analysis reviewed policies, procedures and practices to assess how impediments affect the location, availability, and accessibility of housing in the County. It also reviewed conditions affecting fair housing choice and examined existing and potential barriers to fair housing in the community, and local obstacles to the provision of housing.

- The analysis identified lack of public awareness of fair housing rights and responsibilities as a significant barrier to fair housing. The Housing Office is committed to working closely with advocacy groups to reduce this obstacle. Consistent with the Housing Office's Equal Opportunity Housing Plan, the Housing Office will support the Greater Baltimore Community Housing Resource Board (CHRB) and its activities, which promote fair housing and educate the public. The Housing Office will maintain participation in the CHRB's radio and television shows, as well as conferences and outreach efforts on tenant-landlord problems and housing discrimination problems.
- The Housing Office will support Baltimore Neighborhoods, Inc.'s (BNI) communication, education, and outreach efforts on tenant-landlord problems and housing discrimination.

- The Housing Office will promote housing choice through participation in the Community Assistance Network (CAN)—Baltimore Regional Housing Opportunity Program (BRHOP). The goal for all families participating in BRHOP is to move to an area where the family can find better schools, jobs, transportation and other services to enhance the quality of their lives. The County will continue to invite Baltimore County Section 8 participant families and those moving to Baltimore County to participate in this program.
- The Housing Office will encourage landlords to submit units for leasing that are not located in poverty or minority concentrated areas, and engage in an active program of outreach to encourage participation by landlords in opportunity areas.
- The Housing Office will conduct a variety of outreach activities to encourage participation of new landlords to expand housing opportunities, as well as to keep currently participating landlords apprised of new regulations. Presentations will include information concerning Fair Housing and Civil Rights requirements for assisted housing programs.
- The Housing Office will work with the County’s Human Relations Commission to assist in resolving concerns raised by or about families participating in rental assistance programs and to educate landlords and the public on Fair Housing.
  - X Undertake affirmative measures to provide a suitable living environment for families living in assisted housing, regardless of race, color, religion national origin, sex, family status, and disability:
  - X Undertake affirmative measures to ensure accessible housing to persons with all varieties of disabilities regardless of unit size required:
- The Housing Office will continue to promote the resources of available mobility counseling programs.
- The Housing Office will provide information to landlords on Fair Housing and the ADA, and actively promote participation of landlords with accessible units, and units that would satisfy varied unit size needs.
- The Housing Office will maintain its strong connection with the County’s Commission on Disabilities to ensure fair and equal access to suitable housing in our communities. The Housing Office will actively promote the Rehabilitation Loan and Grant Program, the Independent Group Residency Program, the Mainstream Program, and use of the accessible unit database described above.

### **C. Strategy for Addressing Needs**

Baltimore County's Consolidated Plan notes the County's commitment within its fiscal capacity to ensuring that each of its residents has the resources to enjoy a high quality of life, and that each of its communities is livable and attractive. Among these resources is the right of fair and equal access to housing that is decent, safe, sanitary, and affordable. To this end, Baltimore County is making an effort to maintain the institutional and financial capacity to ensure the availability of housing for all its citizens.

Housing Office activities in support of this commitment during the upcoming year will include:

- Promoting full utilization of all existing subsidies;
- Promoting maintenance of the current supply of decent, affordable, assisted housing within the context of stable, well-maintained and well-serviced neighborhoods;
- Promoting homeownership and, in particular, assisting first-time homebuyers to purchase existing homes;
- Creating housing opportunities for populations with special needs, including the elderly, people with disabilities and households of low or fixed income;
- Providing opportunities for economic self-sufficiency and asset development needed to empower assisted housing program participants; and
- Promoting fair housing and equal opportunity in housing.

These activities represent sound investments in the future of the County, as well as in the future of each of its citizens.

**(1) Strategies**

**Need: Shortage of affordable housing for all eligible populations**

**Strategy 1. Maximize the number of affordable units available to the PHA within its current resources by:**

- Employ effective maintenance and management policies to minimize the number of public housing units off-line
- Reduce turnover time for vacated public housing units
- Reduce time to renovate public housing units
- Seek replacement of public housing units lost to the inventory through mixed finance development
- Seek replacement of public housing units lost to the inventory through section 8 replacement housing resources
- X Maintain or increase section 8 lease-up rates by establishing payment standards that will enable families to rent throughout the jurisdiction
- X Undertake measures to ensure access to affordable housing among families assisted by the PHA, regardless of unit size required
- X Maintain or increase section 8 lease-up rates by marketing the program to owners, particularly those outside of areas of minority and poverty concentration
- X Maintain or increase section 8 lease-up rates by effectively screening Section 8 applicants to increase owner acceptance of program

- X Participate in the Consolidated Plan development process to ensure coordination with broader community strategies
- Other (list below)

**Strategy 2: Increase the number of affordable housing units by:**

- Apply for additional section 8 units should they become available
- Leverage affordable housing resources in the community through the creation of mixed - finance housing
- X Pursue housing resources other than public housing or Section 8 tenant-based assistance.
- Other: (list below)

**Need: Specific Family Types: Families at or below 30% of median**

**Strategy 1: Target available assistance to families at or below 30 % of AMI**

- Exceed HUD federal targeting requirements for families at or below 30% of AMI in public housing
- X Exceed HUD federal targeting requirements for families at or below 30% of AMI in tenant-based section 8 assistance

The Housing Office conducts ongoing outreach to encourage families of all types to apply for participation in the County's rental assistance programs. Review of existing data on the characteristics of families served and families on the Section 8 Waiting List documents these exceed HUD's targeting requirements, without any written policy or requirement to do so.

- Employ admissions preferences aimed at families with economic hardships
- Adopt rent policies to support and encourage work

**Need: Specific Family Types: Families at or below 50% of median**

**Strategy 1: Target available assistance to families at or below 50% of AMI**

X      Employ admissions preferences aimed at families who are working

To further goals of economic self-sufficiency while broadening the income mix of eligible families with housing needs, the Housing Office may employ program specific preferences aimed at families who are working (e.g. preferences to comply with our local Section 8 Welfare-to-Work Program requirements).

- Adopt rent policies to support and encourage work
- Other: (list below)

**Need: Specific Family Types: The Elderly**

**Strategy 1: Target available assistance to the elderly:**

- Seek designation of public housing for the elderly
- Apply for special-purpose vouchers targeted to the elderly, should they become available
- X      Other:

The Housing Office will target outreach to elderly citizens least likely to apply for participation in rent subsidy programs, and increase the number of elderly Waiting List applicants.

**Need: Specific Family Types: Families with Disabilities**

**Strategy 1: Target available assistance to Families with Disabilities:**

- Seek designation of public housing for families with disabilities

If yes, what was the date that agreement was signed?

- Baltimore County's Housing Office (HO) and Department of Social Services (DSS) the County's TANF Agency, have an extensive history of collaborating in the development and administration of innovative, locally designed programs, and in our associated experiences with other local programs and agencies targeting our very low-income families.

The Housing Office and DSS have effectively collaborated since 1985 in designing and administering programs that incorporate rental assistance and counseling. Notably, these have included five rounds of the Family Unification Program, the Homeless Section 8 Program, the Housing Counseling Program, the SAFAH Program, the Mainstream Program, Operation Bootstrap, and Project Self-Sufficiency. Too, we cooperatively administer two state funded rental assistance programs incorporating case management to move families to economic self-sufficiency.

- In 1994 the County integrated the Housing Office, with its responsibility for administration of the County's federal and state rent subsidy programs, into the local Department of Social Services. Recognizing that safe, affordable housing is fundamental to resolving complex social and economic problems, this integration promotes comprehensive, coordinated approaches to meeting our citizens' needs.
- We have a system of on-going, open communications with all segments of DSS, and this has benefited the families we serve. Recognizing that safe, affordable housing is the

foundation for families needing to resolve social and economic problems, Housing staff and services staff meet regularly to assess current and emerging needs, review the status of mutual clients, and identify gaps in service. Many of our programs require monthly or quarterly written evaluation of families' progress. We believe we stand as a model for such seamless delivery of service.
