The Melvindale Housing Commission realizes that new challenges face us, and we accept these challenges through our commitment to provide safe, decent, affordable housing for low-income individuals and families. The strength of our mission encourages forward movement supporting our position for affordable independent living. By remaining in compliance with applicable statutes and regulations, we will continue to make our units marketable to the community so as to become the housing of choice for the very low-income individuals and families of our community. We seek to achieve a level of customer satisfaction, which will give the agency the highest score possible in the Public Housing Assessment System by promoting a positive work environment and projecting a customer friendly and fiscally prudent leadership. A quality preventive maintenance plan will assist in retaining a high standard of property and in turn will contribute to the safe and secure environment necessary for the low income and very low income residents we serve and will continue to serve. Through appropriate improvement and beautification of landscaping and litter free properties, we strive to develop pride in the environment of our present and future residents, thus achieving the perception that low-income housing means safe; friendly; comfortable and affordable housing. We look to reduce the turn around time for placement of our clients. To reduce our dependency of federal funding we continue to look for alternative funding sources to meet operational goals, and strive to operate so that income exceeds expenses. The self-sufficiency of our participants is of great importance to us. By assisting them in achieving this goal, they become not only economically and financially strengthened, but also, will build confidence and the feeling of independence. This being strengthened with our ROSS grant where we have the ability to have a social worker on our staff.
