Executive Summary (optional)

[903.7(r)]. If desired, provide a brief overview of the Annual Plan.

The mission of the Michigan State Housing Development Authority's Office of Existing Housing Programs(OEH) is to assist Michigan's very low-income families, the elderly, and the disabled to afford decent, safe and sanitary housing. It is also the mission of OEH's Housing Choice Voucher Family Self-Sufficiency and Homeownership programs to promote and provide education and opportunities for

families to become economically self-sufficient and end the cycle of assistance to recycle the vouchers to additional families in need.

The Authority has adopted the following agency-wide strategies for the forthcoming five years.

Fiscal Year 2006 -2009:

Strategy 1: Expand the availability and supply of safe, decent, affordable, and accessible rental housing for low and extremely low-income individuals and families;

Strategy 2: Increase homeownership opportunities for individuals and families by reducing the costs of homeownership.

Strategy 3: Make homeless assistance more effective and responsive to local need through local autonomy and movement toward a continuum of care.

Strategy 4: Develop linkages between the housing and service sectors to provide greater housing opportunities for household's special needs.

Working together as an agency, these four strategies will be accomplished using a number of action plans, partnerships, and staff across MSHDA's many working divisions. MSHDA's Annual Plan is based on the premise that if we accomplish our goals and objectives we will be working towards the achievement of our mission.

The statements, budget summary, and policies set forth in the Annual Plan all lead toward accomplishment of our five-year goals and objectives. Taken as a whole, they outline a comprehensive approach consistent with the Consolidated Plan.

Highlighted below are the strategies that the OEH has identified for the fiscal years 2006-09:

Promote and provide education and opportunities for families participating in our HCV program to become economically self-sufficient and end the cycle of assistance through our Family Self-Sufficiency and Homeownership programs.

Provide safe, decent, sanitary housing at an affordable rate to families in need.

Ninety percent (90%) of new admissions adjusted income must be at or below 100% federal poverty level and 10% of new admissions adjusted income must be at or below 120% poverty level.

*Transition Housing Choice Vouchers to **Project-Based Vouchers** to enhance effective supportive housing projects that have specific service/funding sources in place for people who are homeless or with special needs. The Michigan State Housing Development Authority (MSHDA) may project-base up to a total of 20% of the housing choice vouchers it currently administers. Additional project-based vouchers will be offered to Michigan citizens through advertised notices to owners and landlords. The vouchers will be awarded based upon pre-designated criteria. In FY 2006-07 MSHDA will continue to administer the 5% of the housing choice vouchers already identified as project based vouchers in its portfolio.*

***Homeless Preference Pilot:** Through the temporary use of HOME Tenant Based Rental Assistance subsidy (TBRA) we plan to move people rapidly from shelter to housing, utilizing a "Housing First" approach. For some people a temporary rental subsidy and access to supportive services is all that is needed for them to regain and maintain housing. For others, the commitment will need to be on-going*

(those with special needs). It is for this special needs homeless sub-population that a HCV will be needed. We will be utilizing HOME TBRA to be “swapped-out” for a HCV when available. In counties participating in MSHDA’s Homeless Preference Pilot (HPP), MSHDA would preference its HCV to families and individuals who met HUD’s definition for homeless in addition be meeting MSHDA’s definition for this preference and are now temporarily housed through the TBRA program. TBRA would only be utilized when HCVs are not immediately available for this preference. A waiting list would be maintained in each county and as HCVs become available they would replace the TBRA subsidy so another eligible family or individual could have access. It is our expectation that people would move from TBRA temporary assistance to a HCV within six months to a year. MSHDA’s HPP requires the family or individual must currently be actively engaged in services provided through a locally-qualified and publicly supported service provider and must have been continuously engaged in these services for an extended period of time (at least 28 days).

Enhance our customer service by continuously working with staff to employ quality initiatives embraced at MSHDA.

Continuously work with the U.S. Department of Housing and Urban Development (HUD) to assist families impacted by housing conversion actions.

Apply for Housing Choice Voucher funding as Notifications Of Funding Availability (NOFA) announcements are issued by HUD. This would include Mainstream vouchers or Family Unification Program vouchers, if announced.

Continuously work with HUD and other partners to provide housing and support services to qualified Housing Choice Voucher families. Other partners include the State of Michigan Departments of Human Services, Labor and Economic Growth, Community Health, and Information and Technology Services. We also partner with local homeless Continuum of Care Planning Bodies, Area Agencies on Aging, Community Mental Health Agencies, the Corporation for Supportive Housing (CSH), community-based service providers and various other non-profit entities.

Existing Housing staff are actively participating in the MSHDA sponsored Michigan Affordable Housing Community Five-Year Action Plan. Staff members have been assigned to each of the following work groups: Voucher Strategies & Process, Public Awareness, Ending Homelessness, Supportive Housing, Homeownership, Action Planning, and Aging in Place.

In summary, MSHDA is continuously working to provide quality affordable housing for extremely low, very low, and moderate income households in Michigan. As a statewide agency administering the Housing Choice Voucher Program, MSHDA further assists voucher participants through the Family Self Sufficiency and the Key to Own Homeownership programs to improve their quality of life.
