#### NARRATIVE REPORT ON THE CFP BOND LEVERAGING PROGRAM FOR THE WEEHAWKEN HOUSING AUTHORITY

#### **INTRODUCTION**

The purpose of this plan is to set forth the scope of the modernization work to be undertaken and completed by the Weehawken Housing Authority (hereinafter referred to as the "Housing Authority," the "HA," or the "Authority") under a proposed \$460,000 bond issue; and the plan for financing same. Also set forth in this report are the following justifications:

- A. A statement of need explaining how the proposed modernization activity was selected and a statement affirming that a need assessment was conducted to determine that the proposed activity is the most critical activity in regard to the HA's portfolio; explaining how the annual CFP grant funds remaining after payment of debt service will be sufficient to fund ongoing capital needs during the life of the bond; and setting forth the rationale for financing the proposed activities versus funding same with annual grant funds.
- B. A brief description of the modernization activities that will be funded with the bond proceeds, including project numbers and the number of units.
- C. A brief description of the HA's construction management and financial control mechanisms.
- D. A brief description of the relevant financing and construction experience of the HA.

#### THE PLAN FOR FINANCING THE PROPOSED MODERNIZATION ACTIVITY

The Housing Authority proposes to use a portion (approximately 30%) of its annually appropriated Capital Grant Funds to play debt service on a 20-year fixed rate tax exempt bond obligation totaling \$460,000, which would be issued by the HA through a public offering using the capital markets. The bond proceeds, after the deduction of financing fees (estimated at \$10,000) would be used by the HA to fund modernization activities described further in this report. The bonds would be secured by a pledge of the HA's annual Capital Grant Fund appropriations over the 20-year life of the bonds. The HA would establish the required debt service fund.

The bond under writer will assist the HA in structuring the bond transaction and its creditworthiness and offering the bonds for sale to the public. Bond Counsel will be responsible for preparing the bond resolution, the trust indenture and other documents required to authorize the issuance of the bonds; and for delivering the needed opinion regarding the exemption of interest income on the bonds from federal and state taxes, etc.

#### THE STATEMENT OF NEED

The HA has determined, based on a management and physical needs assessment conducted by L.S. Engineering, that the selected modernization activities are the most

critical activities in regard to the HA's portfolio.

The HA further determined, as a result of the findings under the aforesaid assessment, that the annual grant remaining after payment of debt service on the bonds will be sufficient to fund ongoing capital needs over the life term of the bonds.

The HA's rationale for financing the proposed modernization activities via the proceeds from the bond issue versus funding the activities with annual Capital Grants is based on the fact that the costs of such activities are far too great to cover with annual Capital Grant funds, and the need for undertaking and completing the proposed activities within a time period of four years or less, as opposed to a longer time period, is of a critical nature.

# DESCRIPTION OF THE CONSTRUCTION MANAGEMENT AND FINANCIAL CONTROL MECHANISMS

The payments from the Trustee held funds must be made in accord with the process described in the bond indenture. See attachment hereto with regard to same (below).

Please note that the participations in the New Jersey CFP Bond Leveraging Program have agreed that the program is to include modernization activity only.

# DESCRIPTION OF THE RELEVANT FINANCING AND CONSTRUCTION EXPERIENCE OF THE HA

The Housing Authority's relevant experience in the subject areas has been acquired via the HA's participation over the past decade in a comprehensive and ongoing program designed to modernize its public housing units; and via the day-to-day management and financial operations of its public housing and Section 8 Housing Choice Voucher Programs.

#### ATTACHMENT

The payments from the Trustee held funds must follow the process described in the Indenture as described below.

#### Per Section 4.02 of the Indenture

#### Sevtion 4.05. Capital Projects

- (a) The Housing Authorities may substitute Capital Projects in accordance with terms of their respective ACC's, including Section 4(H) of the ACC Financing Amendments, provided that any such substitution thereof complies with subsection (c) hereof and does not materially adversely affect any representations, warranties or covenants of the respective Housing Authorities set forth in their respective Tax Letter of Representations, unless accompanied by an opinion of nationally recognized bond counsel, and acceptable to HMFA, to the effect that any such substitution does not adversely affect the exclusion of interest from the gross income of the holders of Bonds for Federal income tax purposes.
- (b) The Housing Authorities hereby grant the Representative and HMFA that right to compel any such Housing Authority to submit to HUD an annual Capital Fund Program plan and/or an annual Capital Fund Program amendment in accordance with Section 4(E) of the ACC Financing Amendment applicable to any such Housing Authority to the extent any such plan or amendment has not been approved at the time that is forty-five (45) or fewer days prior to any payment date of the principal of (including sinking fund installments) and interest on the Bonds in order to assure that HUD will be able, subject to Congressional appropriation, to make Pledged Capital Fund Allocation payments to the Trustee in a timely manner to make the applicable Pledged Capital Fund Allocation Payments when due and in full.
