[24 CFR Part 903.12 (b), 903.7 (r)]

A. PHA Progress in Meeting the Mission and Goals Described in the 5-Year Plan

(Provide a statement of the PHA's progress against the goals and objectives established in the previous 5-Year Plan for the period FY 2005 - 2009.

STATEMENT OF PROGRESS

5-YEAR PLAN MISSION AND GOALS

The Housing Authority of the City of Rock Hill continues to make exceptional progress in addressing the 5-Year Mission and Goals as listed in the Annual Plan and 5-Year Plan Years 2005-2009 dated October 1, 2004 for Fiscal Year 2005.

The mission of the Housing Authority remains unchanged and is listed on Page 1 of the 5-Year Plan to promote and provide safe, decent and sanitary housing in good repair and to expand opportunity for homeownership for all the citizens it serves. The following information will show that efforts to follow this mission are bearing fruit and more families and individuals are benefiting from the efforts of the Housing Authority to provide the type housing and living environment that all eligible participants need and deserve.

STRATEGIC GOAL: To Increase the Supply of Affordable Housing.

The Housing Authority has taken steps to expand the supply of assisted housing by participating in the application process for 48 units of Section 202 Housing in South Carolina and by being included in the process of applying for additional elderly/disabled housing through the South Carolina State Housing and Development Authority through the Tax Credit Program. The Housing Authority applied for an additional Housing Choice Vouchers from South Carolina State Housing & Development Authority and received approval for 25 vouchers on October 22, 2004. The Housing Authority received approval in February 2005 for 70 Preservation Vouchers to assist residents of an early buy-out project.

The Housing Authority continues to be a High Performer on PHAS and received a score of 93 on PHAS and a score of 96 on SEMAP Fiscal-Year 2004. The Housing Authority's customer satisfaction continues to improve as indicated by the Resident Satisfaction Survey conducted by HUD and the Housing Authority. Documented evidence is available in Board Minutes and other files whereas current residents submit written comments thanking staff for extending extra efforts to assist them with their Maintenance and/or Management concerns. The staff continues to stress teamwork and all are aware that customer service is an indicator in their performance appraisal that will be a factor in the rating process for financial rewards. The staff, through staff meetings, staff training and conferences, work together in formulating policy change recommendations, lease and landlord changes and Management functions as they relate to timely move-in and move-out inspections, and annual and supervisory inspections in the Section 8 program. Two inspectors are now assigned to the Section 8 Program to improve the timeliness and effectiveness of Section 8 inspections.

The Housing Authority continues to modernize its units, including the replacement of: floor tile, kitchen cabinets, countertops, range hoods, bath renovations, trees, shrubs, landscape timbers, security fences, sidewalks, steps, roofs; installation of second smoke alarms, carbon monoxide detectors, new appliances, interior doors, security screen doors, and repainting of units. Plans for the Year 2006 include air conditioning and roof replacement for a portion of the inventory.

The Housing Authority has discussed more choices for voucher holders and has increased its supply of landlords. On June 17, 2002, the Housing Authority Board of Commissioners designated 84 Housing Choice Vouchers for use by the elderly at a new tax credit project, Highland Mill, in Rock Hill. The Housing Authority will manage and provide maintenance at the facility; lease-up began in May 2005. Counseling has been held for voucher holders regarding community choices that they may investigate, and new landlords have emerged that have

different choices available; i.e., new units, manufactured homes and standard trailer parks. The Housing Authority held a Landlord Appreciation Forum in the May 2003 and maintains advertisement on the local news channel encouraging new participation of landlords. In October 2004, the Housing Authority Board authorized the revision of Payment Standards to 105% of the FMR.

STRATEGIC GOAL: Improve Community Quality of Life and Economic Vitality

The Housing Authority has adopted a Deconcentration Policy that encourages moving higher income applicants into lower income developments. At the same time, information to encourage lower income families to move into high-income developments is also underway. This policy is in its early stages and no results have as yet been analyzed. Efforts will continue to implement this policy without compromising the Waiting List or other eligible applicants.

The Housing Authority continues to contract with a private security firm to enhance its safety concerns in its developments. Crime statistics show that crime is down in our complexes and the Resident's Survey on Crime and Safety (PHDEP program) indicate that the majority of residents feel safer now than they did a year ago. In May 2002, the Police Department of the City of Rock Hill opened a sub-station in SC 22-01 in a Housing Authority site office and this operation is still open. We feel this action has further enhanced our efforts to provide safe housing for our residents. The Housing Authority secured a Grant from the City's allocation of CDBG funds to renovate and retrofit an existing facility to provide medical services to the residents in a 104-unit complex. North Central Family Medical Center provides services based on income, along with staffing and equipment for the facility that began receiving patients July 22, 2002. Another clinic is now open and operational in SC 22-1 and another CDBG award was approved by the City to assist in construction of another clinic on an elderly site. The Housing Authority also continues to support a Rock Hill School District program identified as Parent Smart, which prepares pre-school children and parents with skills to make the most of the educational system. Sixteen families are participating. A State Grant was awarded the Housing Authority for the initial year in 1999 and the School District continues to fund this program due to its success.

STRATEGIC GOAL: Promote Self-Sufficiency and Asset Development of Families and Individuals.

The Housing Authority has encouraged residents to seek employment opportunities, provides referrals to locations, cooperates with DSS in its self-sufficiency program and has referral and communication with local back-to-work agencies, including Project Work Now, a locally operated, state-funded program. The Housing Authority made several attempts to partner with the Goodwill Industries to train and educate unemployed resident to prepare an application and/or resume for work, teach interview skills and refer to training venues, but this program was never fully developed as Goodwill Industries failed to follow through in its commitment to execute an agreement. An Agreement with Chester County School District was approved in April 2003 to provide self-sufficiency programs for two sites in Great Falls. North Central

Family Medical Center plans to assist the Housing Authority in efforts to secure other local resident services at its new center, including DSS, DHEC and school district GED assistance. The Housing Authority continues to work with the local WIA in efforts to employ and train drop-out teens in our complexes. HIV counseling is available through a partnership with the Catawba Care Coalition of York County.

STRATEGIC GOAL: Ensure Equal Opportunity in Housing for All Americans.

The Housing Authority continues to support and enforce Equal Opportunity measures that are law and adopted by the Housing Authority.

GOALS AND OBJECTIVES

The Housing Authority continues to be a High Performer, continues to turn around units in an acceptable time frame, and is making strong efforts to limit time on the Applicant's Waiting List to no more than six months. This goal is not being met at this time but progress is being made. A revised application process and tenant selection plan has been implemented to streamline and reduce waiting time to allow for more timely application processing and admissions. This procedure has been successful and continues to be a part of agency operations.

The Housing Authority has secured two partnerships in efforts to develop new units for its applicants; namely, the City of Rock Hill and developers interested in developing a total of 166 units for the elderly. One project will be financed with 202 funds and local match for 48 units, and the other is a Tax Credit Project that is in the planning stages. The Housing Authority has sold bonds to assist in the development of a 116 unit elderly mixed-finance project that the Housing Authority is managing and supplying vouchers to residents. Renovations of this facility was completed in May 2004.

The Housing Authority continues to encourage new landlords to participate in the program. Advertising continues on the local channel to entice new property owners.

The Housing Authority continues to increase its fund balance in all projects while at the same time, provides increased modernization work in all complexes. Findings noted in the last fiscal audit for year ending December 2003 have been satisfied.

Discussions are underway with a provider to conduct resident seminars for job training and employment skills.

The Housing Authority has developed and continues to promote a customer-friendly environment both for internal and external customers, and strives to operate in a fiscally prudent manner as evidenced by its financial statements, records and audits. The staff continually receives letters and comments from residents regarding exceptional customer service efforts extended by both Management and Maintenance employees.

PROVIDE A DECENT, SAFE AND SANITARY ENVIRONMENT IN ALL COMMUNITIES.

The Housing Authority continues to work closely with the Police Department, the local Drug Task Force, and our own contracted security services to reduce crime in its neighborhoods.

The Housing Authority continues to partner with local agencies through an effort called One Stop Partners, housed at the Job Services Center, aimed at providing information on available programs and services in one location to assist clients in need. An informational site video is available for viewing by prospective residents at this location and also a local TV channel.

The Housing Authority continues to utilize Capital Funds to modernize its units, improve curb appeal and continue its high-quality preventative maintenance program.

The Housing Authority has executed a Memorandum of Understanding with North Central Family Medical Center to provide medical services in two complexes and will continue to seek assistance to provide job services opportunities to its residents.

The Housing Authority continues its partnership with the Rock Hill School District for the Parent Smart Program, and has increased the Housing Authority Scholarship Program to \$1,500, including now heads of households as eligible applicants for these funds. The Board of Commissioners awarded scholarships in May, 2004 and renewed for the Spring 2005 semester.

The Housing Authority executed a lease with the local police department for the administrative building in one complex that now houses the City's Patrol Division. This new initiative is expected to contribute in reducing crime and providing additional security for the residents.
