Attachment A— DECONCENTRATION POLICY FOR THE CLARKSVILLE HOUSING AUTHORITY

1. DECONCENTRATION POLICY

- a. The objective of the Deconcentration Policy for The Clarksville Housing Authority (CHA) is to achieve the goal that families are housed in a manner that will prevent a concentration of poverty families and/or a concentration of higher income families in any one development or census tract. The CHA will take actions as necessary to achieve the goal that no individual development has a concentration of higher income or lower income families. To ensure that the CHA does not concentrate families with higher or lower income levels in any one development, the CHA will track the status of family income, by development, on a monthly basis utilizing income reports generated by the CHA's computer system.
- b. The CHA will periodically compare the relative incomes of its developments to the relative incomes of the census tracts in which they are located. Where significant differences are identified, income targeting will be applied.

2. INCOME TARGETING

- a. In an effort to accomplish the deconcentration goals, The Clarksville Housing Authority will take the following actions:
 - 1. At the beginning of each fiscal year, The Clarksville Housing Authority will establish a numerical goal for admission of families whose incomes are at or below 30 percent of the area median income. The target annual goal will be calculated by taking 40 percent of the total number of move-ins from the previous CHA fiscal year.
 - 2. The CHA will limit the number of admissions to ensure that not less than 40 percent of admissions are families with incomes at or below 30 percent of the area median income.
 - 3. The CHA will skip families on the waiting list or skip developments to accomplish these goals.
- b. The Clarksville Housing Authority will not hold units vacant to accomplish these goals.

Attachment B – Definition of Substantial Deviation

PHA's definition of "Significant Amendment or Substantial Deviation" from its 5-Year and Annual Plans:

- 1. Significant changes to rent or admissions policies or organization of the waiting list.
- 2. Addition of non-emergency work items (items not included in the Annual Statement or 5-Year Action Plan) exceeding 10% of total grant or a change in the use of replacement reserve funds under the Capital Fund.
- Any change with regard to demolition or disposition, designation, or homeownership programs or conversion activities.

An exception to this definition will be made for any of the above that are adopted to reflect changes in HUD regulatory requirements.

The Clarksville Housing Authority accepts no responsibility for the animal under such circumstances.
- 15. Residents shall not alter their units, porch, or yard in any manner in order to create an enclosure for the pet.

If the animal should become destructive, create a nuisance, represent a threat to the health and security of other residents, or create a cleanliness or sanitation problem, The Housing Authority shall revoke all pet privileges including removal of the pet and/or eviction from the unit.

Attachment F – Progress in Meeting FY2005 Goals/Objectives

- 1. Goal Expand the supply of assisted housing: The CHA continues to make effort to reduce the turnaround time to prepare a unit for occupancy.
- 2. Goal Improve the quality of assisted housing:
 - 1. We are continually upgrading and modernizing our public housing units.
 - 2. In FY2004, we installed air conditioning, sidewalks, dryer vents and exterior improvements.
- 3. Goal Provide an improved living environment: The CHA continues to implement safety and security activities.
- 4. Goal Promote self-sufficiency and asset development of assisted households: We have revised our ACOP to give preference to working families. The CHA leadership program also promotes self-sufficiency.
- 5. Goal Ensure equal opportunity and affirmatively further fair housing: The CHA continues to operate its public housing program to ensure equal access to all regardless of race, color, religion, national origin, sex, familial status, and disability. Our inspections, maintenance and modernization programs are spread equally among all of our developments.

Attachment G - Resident Assessment Follow-Up Plan

- 1. <u>Communication</u>—The Clarksville Housing Authority continues to improve communications with the residents. Residents are informed of programs being provided by area churches, civic organizations and other government agencies through a monthly newsletter. The newsletter also provides safety and maintenance tips, notice of upcoming meetings and other issues that have an impact on the residents. The CHA meets monthly with residents to address issues they may be concerned with. The CHA also posts the newsletter and other notices in the lobby of the office and at our community centers. The Resident Services Coordinator is working with residents. A resident association has been formed in the largest public housing site. It is anticipated communication with the residents will be improved.
- 2. <u>Safety</u> –The CHA continues to work with residents and police to reduce crime and improve the safety of our residents. The Clarksville Police Department has established a sub-station in one of the Authority's developments. Their presence has greatly enhanced security at this site. The CPD meets monthly with representatives of The CHA staff and residents to discuss problems within the developments. The CHA provides additional lighting and fencing as needed thru the CFP to increase security. The CHA continues to address safety and security for all the residents within our communities through these efforts.
- 3. <u>Neighborhood Appearance</u> –The CHA continues to improve the appearances of our communities through various efforts. CHA crews check the sites, including playgrounds, daily picking up debris. Free mowing service is provided during the mowing season. The Authority trims trees and shrubs regularly. Landscaping, consisting of planting trees and flowers, and grass seeding and fertilizing, continues to improve the appearance of all areas. The unit turnaround time has also been reduced. A more effective pest control application was implemented in FY2003. New playground equipment has been installed at all sites. Replacement playground equipment is included in the CFP. Playgrounds are inspected regularly for faulty equipment. Neighborhood appearance is an ongoing process that is being enhanced by the above efforts.
