## THE NEWPORT HOUSING AUTHORITY DECONCENTRATION POLICY

The Newport Housing Authority's policy to provide for deconcentration of poverty will consist of the following:

- A. Targeting: The income levels of families on the waiting list will be analyzed so that not less than 40% of admissions in any fiscal year will be families whose income does not exceed 30% of median income for the area.
- B. Income Mixing: Prior to the beginning of each fiscal year the NHA will analyze the income levels of families residing in each development to bring higher income families into lower income developments and lower income families into higher income developments.

The NHA will strive to insure that no individual development has a concentration of higher or lower income families. The NHA may skip families on the waiting list to reach other families with a lower or higher income. This will be accomplished in a uniform and non-discriminatory manner.

The NHA will affirmatively market public housing to all eligible income groups. If necessary, the NHA will determine the level of additional marketing strategies and deconcentration incentives to implement the objective of this policy.

**STATEMENT OF PROGRESS IN MEETING  
5-YEAR PLAN MISSION AND GOALS****NEWPORT HOUSING AUTHORITY (NHA)**

The Newport Housing Authority's goal is to provide drug free, decent, safe and sanitary housing for eligible families and to provide opportunities and promote self-sufficiency and economic independence for the citizens of Newport and Cocke County.

In order to achieve this mission, we strive to do the following:

- Provide well maintained affordable housing in a safe environment;
  - Revitalize and maintaining neighborhoods;
  - Form effective partnerships to maximize social, educational and economic opportunities
1. The NHA has been successful in leveraging other funds to create additional housing opportunities. The Rhea-Mims Hotel project was completed in 2002 consists of 17 low-income, elderly units.
  2. The NHA continues to undertake affirmative measures to provide a suitable living environment for families living in assisted housing, regardless of race, color, religion national origin, sex, familial status, and disability.
  3. The NHA continues to renovate public housing property. A very capable work crew, utilizing force account, is continuing to upgrade units and surrounding areas.
  4. The NHA continues to implement security measures with one (1) Newport police officer assigned to the NHA.
  5. The Mims Clinic project, TN060-007, is an educational, training facility with office spaces to serve low-income people in the community and specifically NHA Residents. Renovations were completed using CFP funds, etc. It was completed in April 2004. The State of Tennessee Department of Children Services and American Red Cross are located there.
  6. The NHA will consider approval on June 19, 2006 of a \$1.3 million bid for a new Boys and Girls Club of American on-site facility. The NHA helped establish the club about three (3) years ago by providing a temporary building. Under agreement, the club targets NHA children and low-income people for membership.

**IMPLEMENTATION OF PUBLIC HOUSING RESIDENT COMMUNITY  
SERVICE REQUIREMENTS**

**NEWPORT HOUSING AUTHORITY (NHA)**

The Newport Housing Authority has established guidelines for implementing the Community Service Requirement. Below is an abbreviated list. A complete Community Service Policy is available upon request, at the Main Office of Newport Housing Authority.

1. Notification

Resident’s file is checked to see if they are exempt from completing this requirement. If it appears that they are not exempt, a notice is sent to the resident requesting further information. If, after receiving additional information, the resident is not exempt, they are given a list of Community Service options.

2. Community Service Options

List includes, but is not limited to:

- |                               |          |
|-------------------------------|----------|
| NHA Resident Council (NHARAC) | Churches |
| Bread Basket                  | Schools  |
| Gentle Touch Ministries       | NHA      |
| Other non-profit agencies     |          |

3. Community Service Reporting

The NHA gives resident a list of Community Service Options that meet the requirement. Resident is responsible for selecting an activity and fulfilling their eight (8) hour per month requirement. Resident is given a form to be filled out monthly and turned back in to the NHA.

4. Failure to Comply

If Resident fails to comply, they are given two opportunities to complete their compliance with this requirement. If no attempt has been made to fulfill this requirement, the Resident is in violation of their lease; and the lease will not eligible for renewal at the scheduled re-examination time.

FUNGIBILITY NARRATIVE

Acct. NO. 1490, Replacement Reserves – This line item has been added in order to close out the program 03/31/2006. Our fee accountant, CPA, advised to put the unexpended balance of the Boys & Girls Club, TN60-6 acct. 1470, and 1430, A&E, in acct. 1490, to be spent on the new structure in the near future, which will be bid this spring.

**Project TN60-1**

Acct. 1450, storage bldg. repairs, original amount was too low (estimate)

Acct. 1450, parking bays, Bowman, Drive, the cost of concrete almost doubled, approximately \$50.00 CY to \$100.00 CY @ peak.

Acct 1450, survey property lines, we had to survey or “spot” line for iron fence post at intervals and actually “plate” the property lines, which were recorded at the Register of Deeds office, Cocke County Court House; all this cost extra.

**Project TN60-2**

Acct. 1460, replace sewer lines, these were added to complete the sewer replacement in this small, eight (8) unit project.

**Project TN60-3**

Acct. 1460, replace sewer lines for two (2) apartments, added to budget since sewer lines were defective; constructed in 1973.

Acct. 1465.1, electric ranges, some installation labor was included increasing the line item slightly.

**Project TN60-4**

Acct. 1450, fence; survey of property line indicated fence was not feasible, in large drainage ditch.

Acct. 1450, landscaping, Nutmeg Street, excavating and new sidewalks, labor, cost more than estimated.

Acct. 1460, exterior doors, substituted from TN60-6; TN60-4 constructed 1975, TN60-6 constructed in 1982.

**Project TN60-5**

Acct. 1460, bathrooms, cost of materials, time and labor underestimated.

Acct 1460, replacement sliding windows, cost of materials, time and labor underestimated.

**Project TN60-6**

Acct. 1460, exterior doors, substituted to TN60-4.

Acct 1450, property lines, slight overrun, low estimate.

Acct 1470, Boys & Girls Club, the \$60,000 was divided to \$40,000 A&E and \$20,000 for building, balance was transferred to Acct. 1490 for future use.

**Project TN60-7**

Acct. 1460, heaters, cost of materials, time and labor underestimated. The NHA has its own “force account” crew to do about all of the construction work, except specialized jobs such as sewer replacements by Newport Utilities contractor. The force account crews accounts for some underestimated line items.

**Project TN60-9**

Acct. 1460, rear door roof construction, took longer for one force account employee to construct.

Acct. 1460, gutter, addition/repairs, cancelled and funded by operating budget due to contractor delay.

**PHA-Wide**

Acct. 1408, additional payroll week charged to police officer and Mod Supervisor; fringe benefits were less.

Acct. 1430 and 1490, previously explained

## NEWPORT HOUSING AUTHORITY

TN37-PO60-501-05, 3/31/2006 P &amp; E, Fungibility Narrative

**HUD-52837, Annual Statement**

Revised Annual Statement, Part I, **In-house only** Revision No. A dated March 31, 2006. This annual statement has a lot of items budgeted that are small or insignificant amounts. These are due primarily to the HUD contract inspections in December, 2004 and the “Energy Audit Recommendations” (I used the estimates in that report). Therefore, some line items were inadequate while others were too high. Also, a few of the line items had already been finished in prior CFP budgets or operating budgets. Replacing or repairing sidewalk trip hazards, written up in the December, 2004 and April, 2006 HUD contract inspections, were excessive due to concrete increasing from \$50.00 per cubic yard to approximately \$85.00 per cubic yard.

**Emergency Items**

There were no emergency budget items in the program. However, “energy audit recommendations” were a priority.

**Projects TN60-1, 2**

Metal dryer covers, painting roof vents and new tile bathrooms with new threshold strips had already been done. Replacing plaster ceilings was actually removing ceiling fans no longer needed with AC and to eliminate heat loss. (acct. 1460).

**Projects TN60-3,4**

Replace closet rods and shelved in TN60-4, originally \$5,500.00, was moved to TN60-3 and increased to \$14,181. Project TN60-4 had previously been done; and project TN60-3 was in the 5-year plan in the amount of \$13,156.00 (FY2007)(Acct. 1460).

**Project TN60-7**

Replacing the closet doors has been an expensive multi-CFP job since the walls had to be reconstructed. The \$15,000.00 was reduced to simply balance the budget. (acct. 1460).

**PHA-Wide**

Acct. 1408 – The AmeriCorp (CCP) member cost increased from \$5,000.00 to \$6,000.00 each.
