This information collection is authorized by Section 511 of the Quality Housing and Work Responsibility Act, which added a new section 5A to the U.S. Housing Act of 1937 that introduced 5-year and annual PHA Plans. The full PHA plan provides a ready source for interested parties to locate basic PHA policies, rules, and requirements concerning the PHA's operations, programs, and services, and informs HUD, families served by the PHA, and members of the public of the PHA's mission and strategies for serving the needs of low-income and very low-income families. This form allows eligible PHAs to make a streamlined annual Plan submission to HUD consistent with HUD's efforts to provide regulatory relief for certain types of PHAs. Public reporting burden for this information collection is estimated to average 11.7 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. HUD may not collect this information and respondents are not required to complete this form, unless it displays a currently valid OMB Control Number.

The Appleton Housing Authority will research the benefits and application opportunities with HUD to become a Certified Counseling Agency.

3. Capacity of the PHA to Administer a Section 8 Homeownership Program:

The PHA has demonstrated its capacity to administer the program by (select all that apply):

- Establishing a minimum homeowner downpayment requirement of at least 3 percent of purchase price and requiring that at least 1 percent of the purchase price comes from the family's resources.
- Requiring that financing for purchase of a home under its Section 8 homeownership will be provided, insured or guaranteed by the state or Federal government; comply with secondary mortgage market underwriting requirements; or comply with generally accepted private sector underwriting standards.
- Partnering with a qualified agency or agencies to administer the program (list name(s) and years of experience below):
- Demonstrating that it has other relevant experience (list experience below):

The Appleton Housing Authority has successfully implemented a First Time Home Buyer Program since 1993. This program is geared towards low income families. The program uses HODAP dollars from the State of Wisconsin, CDBG Funds from the City of Appleton, Federal Home Loan Grant dollars and sometimes other financial grant opportunities in providing downpayment and rehabilitation assistance to the families.

In addition, in 2003 WE Energies granted \$10,000 towards the rehab of two homes as a demonstration project.

The Housing Authority offers extensive homeownership counseling and educational classroom training, coupled with financial assistance. The Housing Authority has created a Lender Consortium of local participating lenders who have agreed to minimize closing costs, waive PMI charges, and consider liberal debt and loan-to-value ratios. More than 350 applicants have become successful home owners through the Housing Authority's program.

While some of the clients have come from the Section 8 Housing Choice Voucher Program, Family Self-Sufficiency Program and the Public Housing Family Program, we have used no direct Section 8 funds to date in assisting these families with homeownership. In some cases, the family has utilized their FSS Program Escrow towards downpayment. The Authority works closely with the families in affordability and therefore, the owner does not require monthly assistance through the use of a Section 8 Voucher.

The Appleton Housing Authority has entered into an agreement with the Outagamie County Housing Authority and the Kaukauna Housing Authority to operate our home ownership program within their PHA jurisdiction. This collaboration allows our clients to obtain and locate homes that are within their budget and improving their success rate of long term home ownership.

The Appleton Housing Authority's First Time Home Buyer's Program is the recipient of a Merit Award from the National Association of Housing & Redevelopment Officials (NAHRO).

4. Use of the Project-Based Voucher Program

Intent to Use Project-Based Assistance

Yes No: Does the PHA plan to “project-base” any tenant-based Section 8 vouchers in the coming year? If the answer is “no,” go to the next component. If yes, answer the following questions.

1. Yes No: Are there circumstances indicating that the project basing of the units, rather than tenant-basing of the same amount of assistance is an appropriate option? If yes, check which circumstances apply:

low utilization rate for vouchers due to lack of suitable rental units
 access to neighborhoods outside of high poverty areas
 other (describe below:) Opportunity for families to receive case management services in order for them to sustain affordable housing and move into economic sufficiency.

2. Indicate the number of units and general location of units (e.g. eligible census tracts or smaller areas within eligible census tracts): The Appleton Housing Authority through a special collaboration with the Outagamie County Housing Authority, project based 8 Housing Choice Vouchers at a market rate 48 unit complex located outside of the City of Appleton limits, but within Outagamie County. These tenants receive case management support services through Housing Partnership of the Fox Cities. By project basing, families were able to move into units adjacent to the Fox Valley Technical College and out of lower-income defined poverty areas. The close proximity to the Technical College allows clients to take advantage of educational opportunities to assist in their self-sufficiency.

5. PHA Statement of Consistency with the Consolidated Plan
