OMB No. 2577-0226
(exp. 08/31/2009)

This information collection is authorized by Section 511 of the Quality Housing and Work Responsibility Act, which added a new section 5A to the U.S. Housing Act of 1937 that introduced 5-year and annual PHA Plans. The full PHA plan provides a ready source for interested parties to locate basic PHA policies, rules, and requirements concerning the PHA's operations, programs, and services, and informs HUD, families served by the PHA, and members of the public of the PHA's mission and strategies for serving the needs of low-income and very low-income families. This form allows eligible PHAs to make a streamlined annual Plan submission to HUD consistent with HUD's efforts to provide regulatory relief for certain types of PHAs. Public reporting burden for this information collection is estimated to average 11.7 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. HUD may not collect this information and respondents are not required to complete this form, unless it displays a currently valid OMB Control Number.

Privacy Act Notice. The United States Department of Housing and Urban Development, Federal Housing Administration, is authorized to solicit the information requested in this form by virtue of Title 12, U.S. Code, Section 1701 et seq., and regulations promulgated thereunder at Title 12, Code of Federal Regulations. 9. Moving to Work Addendum

HOUSING AUTHORITY OF THE COUNTY OF TULARE AGENCY PLAN MOVING TO WORK ADDENDUM

With the proposed new Ten year MTW contract, our agency has been studying our program to determine if there are any changes we would like to make to the MTW program as it has been operating, or to our income-based program as part of a MTW Amendment request. Our Amendment request has been tabled until a new contract is signed which would allow a simplified amendment process. As part of the agency plan process, we have taken various suggestions to the Resident Council, the Board and the public for input both in 2006 and 2007, and have reviewed internally what the impact of the various suggested changes would be. As a result of these discussions, we are generally pleased with our program as it has been operating, but feel there are minor changes we would like to incorporate.

The changes we will be implementing at this time which are not necessitated by an amendment include no longer keeping irrelevant information about exemptions and deductions which do not affect eligibility or rent for our MTW families. We had been keeping such information for statistical reasons, if necessary, but it has not proven useful and therefore we see no reason to continue. Also, we will be requiring families who had qualified for unlimited income-based assistance as a "elderly or disabled" family because of the head of household, to change to the MTW program and start their five year eligibility if a change in family composition means that they are no longer elderly or disabled.

We will be proposing changes through the new contract process to allow our agency to set our own Section 8 and Public Housing policies. Because this will have no effect on any operating subsidies we may receive in the future, this would not affect funding, and would allow us to make changes as long as we had followed proper procedure and it they meet the MTW guidelines. Specific changes would include a flat medical allowance for qualified elderly or disabled families, flat alien proration for all families, no income exclusions, counting adoption assistance and foster income but giving deductions for those children, and an actual minimum rent, as opposed to a Minimum TTP, with hardship provisions.

Financially, we are proposing that the monies from the Capital Fund Program and any future operating subsidies be directly transferred to the Public Housing Program under the Operations line item 1406. This would allow the Housing Authority greater flexibility in determining what repair and replacement items could be included under the new Asset Management Program as additional revenues for each of our AMP projects.
