This information collection is authorized by Section 511 of the Quality Housing and Work Responsibility Act, which added a new section 5A to the U.S. Housing Act of 1937 that introduced 5-year and annual PHA Plans. The full PHA plan provides a ready source for interested parties to locate basic PHA policies, rules, and requirements concerning the PHA's operations, programs, and services, and informs HUD, families served by the PHA, and members of the public of the PHA's mission and strategies for serving the needs of low-income and very low-income families. This form allows eligible PHAs to make a streamlined annual Plan submission to HUD consistent with HUD's efforts to provide regulatory relief for certain types of PHAs. Public reporting burden for this information collection is estimated to average 11.7 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. HUD may not collect this information and respondents are not required to complete this form, unless it displays a currently valid OMB Control Number.

Attachment A

The Becker County EDA is implementing a Project-Based Voucher Program during 2007. The size of the program will not exceed 20% of the tenant based voucher program within Becker County jurisdiction. BCEDA will exercise this option with the goal of making affordable units available to low income families in the area that: 1.) meet HUD's deconcentration criteria, and 2.) will encourage property owners to convert existing housing units, construct new units, or upgrade existing rental housing stock, thereby increasing the number of units available to low income families.

The total number of project based units will not exceed 20% of the baseline number of units in the tenant based voucher program, and BCEDA will not allocate vouchers currently issued or under contract for this purpose.

Project based voucher assistance provided by BCEDA would be consistent with the new HUD regulations, which include some of the following provisions: project based assistance may now be used for existing units in addition to newly constructed or rehab units; project based assistance is now capped at 25% of the dwelling units in one building, with exceptions for the single family homes and dwelling units specifically for elderly families, disabled families, or families receiving supportive services project based voucher assistance may now be provided for up to 10 years, subject to future availability of appropriated funds; and other administrative issues concerning rents, tenant selection, family choice to move, vacate units, unit inspection and housing quality standards. BCEDA will establish policies for public advertisement and competitive selection of units to be assisted with project based voucher assistance.
