ii. Executive Summary of the Annual PHA Plan

[24 CFR Part 903.7 9 (r)]

Provide a brief overview of the information in the Annual Plan, including highlights of major initiatives and discretionary policies the PHA has included in the Annual Plan.

The Atlantic City Housing Authority has prepared this Annual Plan in accordance with Section 511 of the Quality Housing and Work Responsibility Act of 1998 and the ensuing HUD requirements.

At the present time, the Authority administers 1,651 conventional public housing units, 849 vouchers and 151 Section 8 Substantial Rehabilitation units. There are 806 elderly units, 845 family units in seven (7) public housing developments and 83 scattered site units.

The overwhelming majority of our tenants rely a on fixed source of income such as social security, welfare, pensions, etc. for subsistence. Therefore, we recognize that our tenant population consists of families that have significant needs and a review of our waiting lists indicates that this profile will likely remain the same in the immediate future.

With this constituency in mind, the Atlantic City Housing Authority developed the Five Year Plan and this Annual plan increment and set its goals accordingly. The Authority has convened a resident advisory board for public housing and established a Section 8 resident advisory Board to review current programs and practices and to provide recommendations on the general administration of the Authority's programs. The Authority met with the advisory boards to review the requirements of the QHWRA of 1998 and the components of the Five Year Comprehensive Plan. A summary of the meeting with the advisory board and a listing of the board's recommendations is included herein.

The Atlantic City Housing Authority is committed to its mission to promote adequate and affordable housing, economic opportunity and a suitable living environment free from discrimination.

The Atlantic City Housing Authority has also established a goal to assist in expanding the supply of affordable housing through creation of new housing opportunities. The HOPE VI program provides new affordable housing units. Another goal associated with the HOPE VI Program is to increase homeownership among its existing and potential clientele. A seventeen unit development project is awaiting HUD approval and a new Homeownership Plan to convert or purchase 50 units has been submitted to HUD as well.

The Atlantic City Housing Authority, in an effort to expedite modernization and improvement efforts will explore the feasibility of a bond issue to utilize future Capital Facilities funds to undertake improvements in the short-term.

- The PHA has based its statement of needs of families in the jurisdiction on the needs expressed in the Consolidated Plan/s.
- The PHA has participated in any consultation process organized and offered by the Consolidated Plan agency in the development of the Consolidated Plan.
- The PHA has consulted with the Consolidated Plan agency during the development of this PHA Plan.
- Activities to be undertaken by the PHA in the coming year are consistent with the initiatives contained in the Consolidated Plan. (list below)

The City's Consolidated Plan calls for the dispersal of public housing with new and renovated residential units thereby offering a combination of rental and homeownership opportunities. The reasons cited are that concentrations of public housing in projects such as Shore Park and Shore Terrace create a negative living environment for the residents. In addition, the projects have a blighting influence on the surrounding

neighborhoods, and they inhibit investment in both rental and owner-occupied dwelling units.

The Housing Authority and Casino Reinvestment Development Authority ("CRDA"), has applied for assistance through the HOPE VI Program. The FY1999 application requested \$35 million of federal assistance which would leverage a total of \$192 million for neighborhood redevelopment. Projects include new K-8 school, day care, a jobs park, etc. A total of 528 units of affordable housing including 214 public housing replacement units for Shore Park/Shore Terrace residents. The goal will be to largely rebuild a neighborhood in the core of the City extending from Vernon Avenue to Tennessee Avenue which will include subsidized units with market rate units.

Other: (list below)

4. The Consolidated Plan of the jurisdiction supports the PHA Plan with the following actions and commitments: (describe below)

As stated above, the Consolidated Plan supports the HOPE VI initiatives and related goals of the ACHA to provide a mix of residential units throughout the City and expanded housing opportunities.
