**St. Francois County
Family Self Sufficiency Program
Action Plan**

GOALS AND OBJECTIVES

A. Program Goals:

The goals of the St. Francois County PHA's Family Self-Sufficiency Program is to reduce the dependency of low-income families on welfare assistance and on (FSS) Section 8 Housing. Opportunities in education, job training, counseling and other social services will be provided to low-income families who are currently receiving housing assistance so that they may obtain the employment, business and social skills necessary to achieve self-sufficiency.

B. Objectives:

In order to reach the program goal, the St. Francois County PHA has the following objectives.

- The establishment of inter-agency partnerships with private and/or public institutions to achieve the provision of high-quality comprehensive services to FSS participants with long-term results.
- The implementation of a case management system that will identify needs and provide the essential planning and delivery of services to FSS families based on their commitment to becoming self-sufficient.
- Assessment of the accountability of the family, case manager and the agencies or entities providing services/resources.

PROJECTED FAMILY DEMOGRAPHICS AND NEEDS

A. Description of Family Characteristics and needs:

The FSS program will be offered to all current Section 8 participants in the St. Francois County PHA's jurisdiction. That service area includes the Missouri counties of Bollinger, Cape Girardeau, Iron, Madison, Perry, St. Francois and Ste. Genevieve. Demographically, the PHA anticipates that the majority of participants will be single-parent (mother) households and two-parent households because those households make up the majority of family units currently on the St. Francois County PHA Section 8 assistance program. The St. Francois County PHA region has approximately 1.6% minority (Black, Asian, Indian, Hispanic) families. Historically, about 1.3% of the families on the Section 8 program in the PHA's jurisdiction have been minorities. Approximately 31 % of the families in the PHA's program are elderly or

disabled. These families will be given the opportunity to participate in FSS, however, their interest is not expected to be significant.

The greatest needs of the families are expected to be child care funds for approximately two (2) children per household, financial aid for education, job training, transportation assistance and assistance with job search.

B. Estimate of Participating Families who will Receive Supportive Services:

It is expected that all 50 families chosen to participate in the FSS program will have the needed services available to them.

If more than 50 families apply for entry into the program, applications will be received by a screening committee. Should this process become necessary, selection criteria will be developed.

PROGRAM COORDINATING COMMITTEE (PCC)

A. Membership:

The PHA will work in conjunction with the area educational and social service organizations to form the Program Coordinating Committee (PCC). Members will also include representatives of the PHA and local public or private entities which have services and/or resources available to FSS/Section 8 families.

Members will include, but not be limited to, representatives from:

Division of Family Services
FUTURES Program
Mineral Area College
Employment Security
Head Start
Employment & Training
Family Self-Sufficiency Participant
Southeast Missouri State University
Community Services

B. Responsibilities:

The responsibilities of the Program Coordinating Committee will include:

Cooperating and coordinating with the Housing Agency (PHA) to satisfy needs of FSS participants.

Committing services and/or resources to FSS families and the PHA.

Identifying public or private services group and resources available.

Determining general needs of participants to be served.

Meeting at least quarterly to review services, evaluate its effectiveness, and introduce new projects and services.

Providing and coordinating information concerning participants to avoid duplication of services.

FSS SELECTION PROCEDURES

A. Policy of Non-Discrimination:

An initial mailing offering families the opportunity to participate in FSS will be sent to all current Section 8 participants. All Section 8 participants in the PHA's jurisdiction will be given an equal chance to participate in the FSS program regardless of race, color, religion, sex, handicap, familial status or national origin.

B. Timetable for Implementation:

Outreach, participant selection and enrollment for the FSS program will begin no later than 6 months following notification of approval from HUD

1st 15 slots-November 1996

2nd 10 slots-June, 1997

Full enrolment and delivery of supportive services will begin within 1 year from the date of approval of the application for new certificates/vouchers.

1st 15 slots-November, 1996

2nd 10 slots-June, 1997

C. Outreach Efforts:

At program start-up, an initial information letter inviting interested participants to an orientation meeting will be mailed to all current Section 8 families in the PHA's jurisdiction.

The FSS program will be explained and offered to all families no later than three months after the lease-up on the assistance program by invitation letter to Orientation and at Annual Re-examination by FSS notification. Verification of this offer will be available at the PHA.

D. Selection Guidelines:

Preferences:

- There will be selection preferences given to FUTURES participants for FSS openings. Up to 33 slots may be given to FUTURES participants.
- The remaining FSS slots will be equally accessible to all current Section 8 Housing participants.

Selection Procedure:

- Attendance at an informational meeting/orientation is mandatory for further consideration as a participant in FSS.
- Selections will be based on the chronological date that the participant indicated interest through FSS notification or attendance at orientation meetings.
- The client's FSS slot will not be held for more than 30 days if required information is not submitted to FSS case manager, ie., income and household information for FSS certification.
- When all FSS slots become filled, a Waiting List will be established. When an FSS slot becomes available it will be offered to the first family on the Waiting List using the chronological date that the participant indicated interest

E. Assurance of Non Interference:

Current participants who do not wish to participate in the St. Francois County PHA's FSS program will not be penalized in any manner. They will not be in danger of losing their housing assistance.

CASE MANAGEMENT

A. Roles and Responsibilities of Case Management Personnel:

Housing Department Head

- Has final decision making authority for all FSS-related activities including, but not restricted to: selection of participants, terminations, and approval of the Individual Training and Services Plan (ITSP) and/or Contract of Participation.

Housing Specialist

- Acts as Case Manager for FSS families. If necessary and appropriate, case management may be referred to an East Missouri Action Agency (the administering agency for the St. Francois County PHA) department after initial contact & selection by Housing Specialist

Family Support Coordinating Team:

- East Missouri Action Agency (EMAA) already has in place a Family Support Coordinating Team. The team, which includes members from each of EMAA's program divisions, will ensure that the PHA works in a holistic manner with the families it serves.

Other Case Management teams may be utilized by the PHA to fulfill FSS goals and objectives. The teams may include:

Community Services Representatives:

- May assume Case Management of poverty level families in accordance with the established guidelines of the Community Services Block Grant.
- Will perform needs assessment, referrals to community services and progress reviews.

Employment & Training Case Managers

- May assume Case Management of poverty level families in accordance with the established guidelines of the Job Training Partnership Act.
- Will perform needs assessment, referrals to community services and progress reviews.

Division of Family Services-FUTURES Program-Case Management:

- The PHA will coordinate Case Management efforts with the FUTURES Case Management Staff when applicable. This is to avoid duplication of services for FUTURES/FSS participants.
- The FUTURES staff has agreed to assist in monitoring the progress of participants.

Fiscal Department Staff

- Will monitor and report the escrow accounts for each participating family.

B. Identification of Support Needs:

The FSS application will be used to determine the initial needs, goals, and barriers of the FSS participant(s). After the informational meeting/orientation is attended:

- The application will help the Case Manager determine if the needs of the participant can be met by existing or potential services.
- The application will be used to identify the key objectives that will be targeted in the ITSP.

When Needs Assessment has been completed, the Contract of Participation (HUD Form 52650) shall be entered into between the PHA and head of the FSS family. The instructions HUD Form 52560-3 shall be followed during the execution of the contract.

The ITSP will be completed following the execution of the Contract of Participation. The ITSP will state the employment goals for the FSS participant and the mandatory interim goal for families in welfare assistance. The ITSP may be duplicated depending on the number of interim goals deemed essential for achieving the employment goal.

Progress will be updated on the ITSP and Contract/Follow-up forms as interim goals are met. Families will meet with Case Managers at least quarterly to assess their progress and identify barriers. Progress will be reported by FSS participants and agencies when milestones are completed.

C. Procedures for Escrow Credit Calculation:

When the employment goal is met by the participant or other earned income is received by a family member, the participant will report the change in income within fifteen days.

The new income will be verified and entered into the PHA's database thus changing the tenant's rent and Housing Assistance payment and establishing the escrow credit amount. The file will then be returned to the Housing Specialist.

The Housing Specialist will complete the FSS Escrow Account Credit Worksheet and the written work will be re-verified by a second Housing Specialist.

The same escrow amount will be calculated all three times before escrow is initiated.

The change in income will allow for at least a @10.00 increase or decrease in Total Tenant Payment before change is allowable.

The family will be notified in writing of the initiation date of Escrow Account and the monthly amount deposited.

Each time the family has a verified change or re-examination, a HUD Form 50058 will be submitted and the family will be notified of changes in Escrow.

C. Escrow-OHAP Guidelines:

An active participant will be credited and administrative fees will be collected. The Escrow Account will be credited during that six month period.

INCENTIVES TO ENCOURAGE PARTICIPATION

A. FSS Account:

An FSS Escrow Account will be available to each FSS family.

The family's account will be credited based on their total earned income. If the family's total tenant payment increases, the rental subsidy decreases. As this occurs, the PHA will pay the owner the new rental subsidy and credit the family's account the amount calculated using the FSS Escrow Account Credit Worksheet. There are no Maximum nor minimum balance limitations involved in the FSS account amounts.

The PHA will deposit the FSS account funds of all families into a single depository account and maintain a subsidiary ledger to monitor the amounts of each family. The monies in the escrow account are not accessible by the family until the contract has been fulfilled or the PHA agrees to interim disbursement of the account due to FSS-related reasons.

These funds will be deposited in one or more of the HID investments. The interest earned by these accounts will not be counted as an asset of the family by the PHA or other government assistance agencies. The interest earned will be pro-rated to each FSS participant annually.

B. Self-Sufficiency:

Participants will gain education, job training, technical skills and suitable employment during the course of the contract term. The experience gained by individual participants will benefit the entire family and allow them to break the cycle of poverty by achieving self-sufficiency. Families who may have lived in poverty for several generation will discover the sense of pride inherent in gaining skills and adequate employment. A work ethic will be established which will provide a positive example for children in the household, making the effects of the FSS Program multi-generational.

RESOURCES AND SERVICES AVAILABLE TO FSS FAMILIES

A. Resources and services available to participants include but are not limited to :

Mineral Area College and Southeast Missouri State University will cooperate closely with the needs of participants in the areas of Adilt Basic Education

(ABE), General Equivalency Diploma (GED), Career Connections, Job Training Partnership Act (JTPA) and Assessment.

UniTec Career Center will provide assistance with career assessment, training and school-to-work transition.

Health Departments in the PHA's area have many services available to low-income families. These include:

- Telephone assistance
- A walk-in clinic
- Immunizations
- Well baby clinics
- Family planning services
- Prenatal Clinic
- Home Visiting
- Communicable disease control
- Educational seminars and other special screening services.

The Missouri Department of Social Services, Division of Family Services, FUTURES Program in the PHA's service area will provide available services and resources to eligible family members as needed. The services that may be offered will include, but will not be limited to: transportation reimbursement and day care services. FUTURES will also allow the Housing Agency to monitor the progress of all Family Self-Sufficiency participants who have utilized the supportive services.

EMAA's Employment and Training component will provide services including, but not limited to training and employment programs for youth and adults, such as: occupational skills training, on-the-job training basic skills training, summer youth programs and worker re-entry programs.

EMAA's Head Start program will give priority to eligible FSS children beginning in the 1996-1997 school year. Some Head Start slots may be reserved for FSS children. However, Head Start has the option to determine when special needs children take precedence over those applicants under FSS Contract.

The Family Planning services which EMAA provides are available at a no-or-low-cost to FSS participants.

EMAA's Community Services outreach may provide case management to some FSS participants. The number of families who will be aided is dependent upon the guidelines of the Community Services Block Grant.

B. Coordination of Resources.

Agency staff are active members in Inter-Agency Councils and other networking organizations throughout the service area. The solid partnerships will provide the basis for coordination of resources for FSS participant families.

Certification of coordination by service agencies or programs will be requested in order to assure that implementation will continue to be coordinated to avoid duplication of services and activities. The Community Services component of EMAA has a follow-up procedure already in place which may be utilized to ensure coordination and non-duplication of services.

East Missouri Action Agency already has in place a Family Support Coordinating Team to provide for improved coordination of its family support efforts. This team composed of representatives from each EMAA department will work in conjunction with out-of –Agency resources to ensure a holistic approach to serving and empowering the families participating in the FSS program.

EMAA has an outreach office in each county we serve. This unique presence provides local access for program participants and ensures that outreach personnel are aware of, and cooperate with , local resources.

TERMINATION OF FSS FAMILIES AND WITHHOLDING OF SERVICES

A. Noncompliance Options by PHA

If the family does not comply with the Contract of Participation, the PHA may:

- Withhold supportive services.
- Terminate the family’s participation in the FSS program, or:
- Terminate or withhold Section 8 Assistance unless the only basis for noncompliance is failure to become independent of the welfare system.

B. Termination

Grounds for termination or withholding of the Section 8 Assistance of FSS families include:

- Failure to become independent of welfare because the family did not meet the employment obligation.
- Failure to meet any other obligation under the contract except the interim goal concerning welfare assistance.

C. PHA Options and Direction for Non-compliance Issues

The PHA is never required to terminate Section 8 Assistance as a consequence of termination of the FSS Contract of Participation.

-A series of 3 letters inquiring about unmet goals or non-participation and stating consequences of non-compliance will be sent to participants.

The PHA is never required to terminate Section 8 Assistance as a consequence of termination of the FSS Contract of Participation.

Every option will be examined before the Section 8 Assistance is terminated. These options include, but or not limited to :

- Renegotiation of the Contract of Participation.
- Withholding of supportive services
- Termination from FSS program.

The penalty for non-compliance with the Contract of Participation is dependent upon the severity of the non-compliance and the guidelines established in this section and Section VI of the FSS Administration Plan. The PHA shall review the individual circumstances to determine the appropriate remedy.

Termination from FSS and/or Section 8 Assistance automatically forfeits the family's right to the FSS account. The family will be notified by letter of the PHA's intent to terminate. Forfeited accounts will be treated as program receipts for payment of program expenses under the PHA's Section 8 Certificate and Voucher budget.

GRIEVANCE PROCEDURE

A. Informal Hearing

If the PHA decides to terminate FSS supportive services or Section 8 assistance because the family did not comply with the FSS Contract, the PHA will offer the family an informal hearing.

Requests for a hearing must be made within ten days of the date of the written notification of termination.

The hearing will be conducted by a hearing officer appointed by the Agency Executive Director. The other participants in the hearing may include, but will not be limited to: the aggrieved party or parties, counsel (if desired) and the acting Case Manager (if desired). The hearing forum will review the circumstances leading to the family's termination and the aggrieved party's objections to the decision.

The family will be given the option of presenting oral or written objections to the decision in question.

B. Notice of Finding

A notice of the review findings shall be provided in writing to the family and shall include a brief explanation of the reasons for the final decision. The notification shall also contain any subsequent terms and conditions for reinstatement.
