[24 CFR Part 903.7 9 (r)]

Provide a brief overview of the information in the Annual Plan, including highlights of major initiatives and discretionary policies the PHA has included in the Annual Plan.

Purpose and Structure of the Agency Plan:

The purpose of the Agency Plan is to empower and equip the PHA to exercise optimum flexibility in meeting local housing needs within the community while also meeting its own needs. The Agency Plan contains a FY-2007-FY 2011 Five-Year Plan that includes the Authority's mission and long range goals and objectives. The FY 2008 Annual Plan addresses the Authority's immediate operations, current policies, program participants, programs and services, and the PHA's strategy for handling operational concerns, Resident concerns and needs and programs and services for the upcoming fiscal year. The Agency Plan outlines the PHA's efforts in meeting the needs of the low, very-low and extremely-low income population in its community and effectively serves as a management, operational and accountability tool for the PHA.

Preliminary planning sessions were concluded with the Authority's Residents, Resident Advisory Board, community leaders and organizations, and state and local authorities in development of the Agency Plan to insure that the needs of the Residents and community were addressed in the Agency Plan. The Agency Plan is also consistent with the Consolidated Plan/CHAS of Palm Beach County.

Annual Plan Contents

The Authority will use this Agency Plan as a tool in accomplishing its mission of becoming a leader in the industry. The following is a summary of its contents:

The Plan provides a comprehensive assessment of the Housing Needs within the community. At this time, it appears that the Authority is meeting the low- income housing

needs within its financial capabilities. However, we will monitor this need through annual updates of this Plan.

The Plan includes a summary of the Authority's planned financial resources and planned uses of those funds. This is presented in table form for electronic submission to HUD.

All admissions and continued occupancy policies as well as rent determination policies and procedures have been reviewed and updated in accordance with QHWRA of 1998 and subsequent rules.

The Authority's Capital Fund Annual Statement and Five-Year Action Plan is provided. The Authority has no plans at this time to apply for a HOPE VI revitalization Grant.

The Authority is currently working with the city of Boynton Beach to demolish public housing units in the Cherry Hill section in the very near future. Residents were offered vouchers for replacement housing. The PHA has received HUD approval and the city has completed an Environmental Review to date.

The Authority Board has approved 93 Housing Choice Vouchers for Project-Based Vouchers to the McCurdy Center in Belle Glade. (24 CFR 983.51(b)(2))

The Authority is also contemplating demolishing some buildings in South Bay due to muck problems causing the buildings to sink.

The PBCHA Deconcentration Policy is included in the Plan.

The Pet Policy is included in the Plan.

The Authority does not currently have any asset management plan, but one has been sent to HUD for approval. All other documentation and certifications are included as required by QHWRA and subsequent requirements.

Membership names and addresses of the Resident Advisory Board (RAD) are included in the Plan.

Resident membership of the PHA Governing Board is included in the Plan.

Status in meeting goals and objectives

This is the Authority's ninth (9th) submission of the Agency Plan. Progress towards meeting goals and objectives will be monitored by the Executive Director and the Board of Commissioners. Progress will be documented in this section of the Plan in future years.

"Substantial Deviation" and "Significant Amendment or Modification"

The Code of Federal Regulations (CFR) at 24 CFR Part 903 Section 7, Public Housing Agency Plans; is very specific with respect to the information a PHA must provide in its Agency Plan. Part 903 Section 7 (r) (2) states that a PHA must identify the basic criteria the PHA will use for determining:

- a. Substantial deviation from its Five-Year Plan; and
- b. Significant amendment or modification to its Five-Year Plan and Annual Plan.

(a) Substantial Deviation from the Five-Year Plan:

A Substantial Deviation from the Five-Year Plan is an overall change in the direction of the Housing Authority (HA) pertaining to its goals and objectives. The HA will consider the following actions as a Substantial Deviation from the Five-Year Plan:

- The undertaking of new program activities that do not otherwise further the HA's stated mission or further the goals as set forth in the current Five-Year Plan.
- Insufficient budget authority from HUD necessitating the need to either alter, reduce, or terminate any specific program activity.
- New program activities required or adopted to reflect changes in HUD regulations, or as a result of a declared national or local emergency are *exempted* actions. In such cases, the administrative/programmatic changes implemented will not be considered as a Substantial Deviation from the Five-Year Plan.

(b) Significant Amendment or Modification to the Five-Year Plan and Annual Plan:

A Significant Amendment or Modification to the Annual Plan is a change in policy pertaining to the operation of the HA. The HA will consider the following actions as a Significant Amendment or Modification to the Five-Year Plan and Annual Plan:

- Significant changes to rent or admission policies, or organization of the waiting list.
- Addition of new work items (*excludes* emergency work) not included in the Capital Fund Program (CFP) 5-Year Action Plan or Annual Statement(s) exceeding a cumulative amount of \$100,000 under the current Fiscal Year, or changes in use of the replacement reserve under the CFP.
- Demolition and/or disposition activities, new or amended development plans, designation or conversion actions not currently identified in the Five-Year Plan or either the Annual Plan, or otherwise approved by HUD.
- New program activities required or adopted to reflect changes in HUD regulations, or as a result of a declared national or local emergency are *exempted* actions. In such cases, the administrative/programmatic changes implemented will not be considered as a Substantial Amendment or Modification to the Five-Year Plan and Annual Plan.

Deconcentration Policy

1. Introductions

The Quality Housing and Work Responsibility Act of 1998 (QHWRA) requires that the Authority adopt policies and procedures governing the deconcentration of very low income families and income mixing as required by Section 10(a)(3)(B) of the 1937 Housing Act. To implement this requirement the Authority will compare the relative incomes of each development occupied predominantly by families with children. A development with more than 50 % of its occupants being families with children shall be considered to fall under this policy.

The goal of this policy is to create mixed-income communities and lessen the concentration of very-low income families within the Authority's public housing developments through admissions practices designed to bring higher income tenants into lower income developments and lower income tenants into higher income developments.

The Deconcentration Policy is intended to work in conjunction with the Authority's annual income targeting requirements that require that 40 % of all new admissions to public housing developments during a fiscal year must be residents whose household income, at the time of admission, is equal to or lower than 30 % of the Area Medium Income. This income targeting requirement is separate from the Deconcentration Policy which is comparative in nature

II. Definitions

The following definitions are provided in order to clearly define the effected developments and families under the Deconcentration Policy

<u>PHA-Wide Average Household Income</u>: The average annual income of all residents of all developments with more than 50 % of its occupants being families with children.

<u>Development Average Household income:</u> The average household income of all residents of a specific development with more than 50 % of its occupants being families with children.

<u>Higher Income Development:</u> A development where the Development Average Household Income is greater than 120 % of the PHA-Wide Average Household Income.

<u>Lower Income Development:</u> A development where the Development Average Household Income is less than 80 % of the PHA-Wide Average Household Income.

<u>Higher Income Family:</u> A family whose annual household income is greater than 120 % of the PHA-Wide Average Household Income.

<u>Lower Income Family:</u> A family whose annual household income is less than 80 % of the PHA-Wide Average Household Income.

111. Testing

In order to achieve and maintain deconcentration, the Authority will calculate the PHA-Wide Average Household Income for all developments with 50 % or more of its occupants being families with children on at least an annual basis. At the same time, the Authority will calculate the Development Average Household Income for each development with 50 % or more of its occupants being families with children. The results shall be documented as follows:

- A. If the Development Average Household Income for a particular development is greater than 120 % of the PHA-Wide Average Household Income, then that development shall be identified as a High Income Development.
- **B.** If the Development Average Household Income for a particular development is less than 80 % of the PHA-Wide Average Household Income, then that development shall be identified as a Low-Income Development.

Testing can be more frequent if deemed necessary for effectiveness

IV. Corrective Action

Once a development has been identified as a High-Income Development or a Low-Income Development, the Authority will define and communicate specific procedures to be employed with the goal of achieving deconcentration. It is the goal of the Authority to generally increase the level of income for residents of public housing, create more stratified developments, and obtain agency self-sufficiency. Therefore, the Deconcentration Policy shall be employed to be counterproductive to that goal. In addition, the policy will, under no circumstances, be employed through steering or in any way reducing the choice in residence of the individual family.

In order to correct a concentrated development, the Authority will, to the greatest extent possible, provide incentives to promote a Lower-Income Family to select a Higher-Income Development and to promote a Higher-Income Family to select a Lower-Income Development.

Procedures to be employed in the development of a corrective action plan may include some of the following;

- A. Incentives to select particular developments
- **B.** Payment Plans for deposits
- C. Flexibility in move-in dates

Since it is impossible to design a policy that will address every scenario, the Authority will, upon the identification of a need to deconcentrate, develop a specific action plan that will be included in the Annual Plan update.

PET POLICY

ADOPTED FEBRUARY 22, 2007

Chapter 10 (ACOP)

PETS

[24 CFR 5, Subpart C; 24 CFR 960, Subpart G]

INTRODUCTION

This chapter explains the PHA's policies on the keeping of pets and any criteria or standards pertaining to the policies. The rules adopted are reasonably related to the legitimate interest of the PHA to provide a decent, safe and sanitary living environment for all tenants, and to protect and preserve the physical condition of the property, as well as the financial interest of the PHA.

The chapter is organized as follows:

<u>Part I: Assistance Animals</u>. This part explains the difference between assistance animals and pets and contains policies related to the designation of an assistance animal as well as their care and handling.

<u>Part II: Pet policies for all developments</u>. This part includes pet policies that are common to both elderly/disabled developments and general occupancy developments.

<u>Part III: Pet deposits and fees for elderly/disabled developments</u>. This part contains policies for pet deposits and fees that are applicable to elderly/disabled developments.

<u>Part IV: Pet deposits and fees for general occupancy developments</u>. This part contains policies for pet deposits and fees that are applicable to general occupancy developments.

PART I: ASSISTANCE ANIMALS

[Section 504; Fair Housing Act (42 U.S.C.); 24 CFR 5.303]

10-I.A. OVERVIEW

This part discusses situations under which permission for an assistance animal may be denied, and also establishes standards for the care of assistance animals.

Assistance animals are animals that work, provide assistance, or perform tasks for the benefit of a person with a disability, or that provide emotional support that alleviates one or more identified symptoms or effects of a person's disability. Assistance animals – often referred to as "service animals," "assistive animals," "support animals," or "therapy animals" – perform many disability-related functions, including but not limited to the following:

- Guiding individuals who are blind or have low vision
- Alerting individuals who are deaf or hearing impaired
- Providing minimal protection or rescue assistance
- Pulling a wheelchair
- Fetching items
- Alerting persons to impending seizures
- Providing emotional support to persons with disabilities who have a disability-related need for such support

Assistance animals that are needed as a reasonable accommodation for persons with disabilities are not considered pets, and thus, are not subject to the PHA's pet policies described in Parts II through IV of this chapter [24 CFR 5.303; 960.705].

10-I.B. APPROVAL OF ASSISTANCE ANIMALS

A person with a disability is not automatically entitled to have an assistance animal. Reasonable accommodation requires that there is a relationship between the person's disability and his or her need for the animal [PH Occ GB, p. 179].

A PHA may not refuse to allow a person with a disability to have an assistance animal merely because the animal does not have formal training. Some, but not all, animals that assist persons with disabilities are professionally trained. Other assistance animals are trained by the owners themselves and, in some cases, no special training is required. The question is whether or not the animal performs the assistance or provides the benefit needed by the person with the disability [PH Occ GB, p. 178].

A PHA's refusal to permit persons with a disability to use and live with an assistance animal that is needed to assist them, would violate Section 504 of the Rehabilitation Act and the Fair Housing Act unless [PH Occ GB, p. 179]:

- There is reliable objective evidence that the animal poses a direct threat to the health or safety of others that cannot be reduced or eliminated by a reasonable accommodation
- There is reliable objective evidence that the animal would cause substantial physical damage to the property of others

PHAs have the authority to regulate assistance animals under applicable federal, state, and local law [24 CFR 5.303(b)(3); 960.705(b)(3)].

PHA Policy

For an animal to be excluded from the pet policy and be considered an assistance animal, there must be a person with disabilities in the household, and the family must request and the PHA approve a reasonable accommodation in accordance with the policies contained in Chapter 2 of the ACOP.

10-I.C. CARE AND HANDLING

HUD regulations do not affect any authority a PHA may have to regulate assistance animals under federal, state, and local law [24 CFR 5.303; 24 CFR 960.705].

PHA Policy

Residents must care for assistance animals in a manner that complies with state and local laws, including anti-cruelty laws.

Residents must ensure that assistance animals do not pose a direct threat to the health or safety of others, or cause substantial physical damage to the development, dwelling unit, or property of other residents.

When a resident's care or handling of an assistance animal violates these policies, the PHA will consider whether the violation could be reduced or eliminated by a reasonable accommodation. If the PHA determines that no such accommodation can be made, the PHA may withdraw the approval of a particular assistance animal.

PART II: PET POLICIES FOR ALL DEVELOPMENTS

[24 CFR 5, Subpart C; 24 CFR 960, Subpart G]

10-II.A. OVERVIEW

The purpose of a pet policy is to establish clear guidelines for ownership of pets and to ensure that no applicant or resident is discriminated against regarding admission or continued occupancy because of

ownership of pets. It also establishes reasonable rules governing the keeping of common household pets. This part contains pet policies that apply to all developments.

10-II.B. MANAGEMENT APPROVAL OF PETS

Registration of Pets

PHAs may require registration of the pet with the PHA [24 CFR 960.707(b)(5)].

PHA Policy

Pets must be registered with the PHA before they are brought onto the premises.

Registration includes documentation signed by a licensed veterinarian or state/local authority that the pet has received all inoculations required by state or local law, and that the pet has no communicable disease(s) and is pest-free. This registration must be renewed annually and will be coordinated with the annual reexamination date.

Pets will not be approved to reside in a unit until completion of the registration requirements.

Refusal to Register Pets

PHA Policy

The PHA will refuse to register a pet if:

The pet is not a common household pet as defined in Section 10-II.C. below

Keeping the pet would violate any pet restrictions listed in this policy

The pet owner fails to provide complete pet registration information, or fails to update the registration annually

The applicant has previously been charged with animal cruelty under state or local law; or has been evicted, had to relinquish a pet or been prohibited from future pet ownership due to pet rule violations or a court order

The PHA reasonably determines that the pet owner is unable to keep the pet in compliance with the pet rules and other lease obligations. The pet's temperament and behavior may be considered as a factor in determining the pet owner's ability to comply with provisions of the lease.

If the PHA refuses to register a pet, a written notification will be sent to the pet owner within 10 business days of the PHA's decision. The notice will state the reason for refusing to register the pet and will inform the family of their right to appeal the decision in accordance with the PHA's grievance procedures.

Pet Agreement

PHA Policy

Residents who have been approved to have a pet must enter into a pet agreement with the PHA, or the approval of the pet will be withdrawn.

The pet agreement is the resident's certification that he or she has received a copy of the PHA's pet policy and applicable house rules, that he or she has read the policies and/or rules, understands them, and agrees to comply with them.

The resident further certifies by signing the pet agreement that he or she understands that noncompliance with the PHA's pet policy and applicable house rules may result in the withdrawal of PHA approval of the pet or termination of tenancy.10-II.C. STANDARDS FOR PETS [24 CFR 5.318; 960.707(b)]

PHAs may establish reasonable requirements related to pet ownership including, but not limited to:

- Limitations on the number of animals in a unit, based on unit size
- Prohibitions on types of animals that the PHA classifies as dangerous, provided that such classifications are consistent with applicable state and local law

Prohibitions on individual animals, based on certain factors, including the size and weight of the ani

• Requiring pet owners to have their pets spayed or neutered

PHA's may not require pet owners to have any pet's vocal cords removed.

Definition of "Common Household Pet"

There is no regulatory definition of common household pet for public housing programs, although the regulations for pet ownership in both elderly/disabled and general occupancy developments use the term. The regulations for pet ownership in elderly/disabled developments expressly authorize PHAs to define the term [24 CFR 5.306(2)].

PHA Policy

Common household pet means a domesticated animal, such as a dog, cat, bird, or fish that is traditionally recognized as a companion animal and is kept in the home for pleasure rather than commercial purposes. The following animals are not considered common household pets:

Reptiles

Rodents

Insects

Rabbits

Arachnids

Wild animals or feral animals

Pot-bellied pigs

Animals used for commercial breeding

Pet Restrictions

PHA Policy

The following animals are not permitted:

Any animal whose adult weight will exceed 25 pounds

Dogs of the pit bull, rottweiler, chow, or boxer breeds

Ferrets or other animals whose natural protective mechanisms pose a risk to small children of serious bites or lacerations

Any animal not permitted under state or local law or code

Number of Pets

PHA Policy

Residents may own a maximum of 2 pets, only 1 of which may be a dog.

In the case of fish, residents may keep no more than can be maintained in a safe and healthy manner in a tank holding up to 10 gallons. Such a tank or aquarium will be counted as 1 pet

Other Requirements

PHA Policy

Dogs and cats must be spayed or neutered at the time of registration or, in the case of underage animals, within 30 days of the pet reaching 6 months of age. Exceptions may be made upon veterinary certification that subjecting this particular pet to the procedure would be temporarily or permanently medically unsafe or unnecessary.

Pets must be licensed in accordance with state or local law. Residents must provide proof of licensing at the time of registration and annually, in conjunction with the resident's annual reexaminations.

10-II.D. PET RULES

Pet owners must maintain pets responsibly, in accordance with PHA policies, and in compliance with applicable state and local public health, animal control, and animal cruelty laws and regulations [24 CFR 5.315; 24 CFR 960.707(a)].

Pet Area Restrictions

PHA Policy

Pets must be maintained within the resident's unit. When outside of the unit (within the building or on the grounds) dogs and cats must be kept on a leash or carried and under the control of the resident or other responsible individual at all times.

Pets other than dogs or cats must be kept in a cage or carrier when outside of the unit.

Pets are not permitted in common areas including lobbies, community rooms and laundry areas except for those common areas which are entrances to and exits from the building.

Pet owners are not permitted to exercise pets or permit pets to deposit waste on project premises outside of the areas designated for such purposes.

Designated Pet/No-Pet Areas [24 CFR 5.318(g), PH Occ GB, p. 182]

PHAs may designate buildings, floors of buildings, or sections of buildings as no-pet areas where pets generally may not be permitted. Pet rules may also designate buildings, floors of building, or sections of building for residency by pet-owning tenants.

PHAs may direct initial tenant moves as may be necessary to establish pet and no-pet areas. The PHA may not refuse to admit, or delay admission of, an applicant on the grounds that the applicant's admission would violate a pet or no-pet area. The PHA may adjust the pet and no-pet areas or may direct such additional moves as may be necessary to accommodate such applicants for tenancy or to meet the changing needs of the existing tenants.

PHAs may not designate an entire development as a no-pet area, since regulations permit residents to own pets.

PHA Policy

With the exception of common areas as described in the previous policy, the PHA has not designated any buildings, floors of buildings, or sections of buildings as no-pet areas. In addition, the PHA has not designated any buildings, floors of buildings, or sections of buildings for residency of pet-owning tenants.

PHA Policy

The pet owner shall be responsible for the removal of waste from the exercise area by placing it in a sealed plastic bag and disposing of it in a container provided by the PHA.

Pet Care

PHA Policy

Each pet owner shall be responsible for adequate care, nutrition, exercise and medical attention for his/her pet.

PHA Policy

If the pet owner and the PHA are unable to resolve the violation at the meeting or the pet owner fails to correct the violation in the time period allotted by the PHA, the PHA may serve notice to remove the pet.

GENERAL REQUIREMENTS

All adult family members who reside in a public housing unit at The Palm Beach County Housing Authority must comply with the Community Service Program. Every adult resident who is not "exempt" MUST contribute eight (8) hours of community service every month or participate in an economic self-sufficiency program for eight (8) hours every month or perform eight (8) hours per month of combined community service or selfsufficiency activity every month, as required by 24CFR 960.603.

DEFINITIONS

- 1. "Community Service" means the performance of voluntary work or duties that benefit the public and that serve to improve the quality of life, enhance resident self-sufficiency, or increase resident self-responsibility in the community. Community service is not employment and may not include political activities.
- 2. "Dwelling Unit" means a structure or part of a structure, which is rented for use as a home, residence or sleeping place by one or more persons who maintain a common household.
- 3. "Service Requirement" means the obligation of each adult resident, who is not an exempt individual, to perform community service or participate in an economic self-sufficiency program as required by 24 CFR 960.605 and 24 CFR 960.607.
- 4. "Exempt Individual" means an adult who is 62 years of age or older, or is blind or disabled, or is engaged in work activities (a wage earner), or meets the exemption requirements for work activity under the Social Security Act, or is a member of a family that receives assistance, benefits or services under the Social Security Act.

CONDITIONS OF THE DWELLING LEASE

The resident and The Palm Beach County Housing Authority acknowledge that the tenants of public housing dwelling units rented by The Palm Beach County Housing Authority have been notified about the community service activities or self-sufficiency work activities which HUD requires. The resident who signs this Addendum on behalf of him or herself and all people who dwell with him or her at the dwelling unit agrees to comply with the requirements of the community service activities or self-sufficiency work activities program and to ensure that all other adult members of his or her household, who are not exempt individuals, also comply with the requirements of the programs.
