Illinois Carbon Monoxide Alarm Detector Act

The Illinois General Assembly has passed and the Governor has signed the Carbon Monoxide Alarm Detector Act (Public Act 094-0741). This new law, effective January 1, 2007, requires homeowners and landlords to install carbon monoxide detectors in all buildings containing bedrooms and sleeping facilities.

As a result of this new law, the Carroll County Housing Authority has included the following language in their Admissions and Continued Occupancy Policy as follows:

Admissions and Continued Occupancy Policy

17.3 Preventative maintenance inspections

This is generally conducted along with the annual inspection. This inspection is intended to keep items in good repair. It checks weatherization; checks the condition of the smoke detectors, carbon monoxide alarms, water heaters, furnaces, automatic thermostats and water temperatures; checks for leaks; and provides an opportunity to change furnace filters and provide other minor servicing that extends the life of the unit and its equipment.
