#### ii. Executive Summary of the Annual PHA Plan

[24 CFR Part 903.7 9 (r)]

Annual Plan Tyne.

Provide a brief overview of the information in the Annual Plan, including highlights of major initiatives and discretionary policies the PHA has included in the Annual Plan.

The Portsmouth Housing Authority prepared this Agency Plan in compliance with Section 511 of the Quality Housing and Work Responsibility Act of 1998 and the HUD requirements that put that legislation into effect. Our Annual Plan is based on the premise that if we accomplish our goals and objectives, we will be working toward the achievement of our mission, as stated in our Five-Year Plan..

The plans, statements, budget summary, policies and other information set forth in the Plan all contribute to the accomplishment of our Five-Year Plan goals and objectives. Taken as a whole, they constitute a comprehensive approach to the provision of affordable housing that is consistent with the Consolidated Plan of the City of Portsmouth. A number of highlights of the Annual Plan are:

We have adopted a local preference. Applicants who live or work in Portsmouth will be given preference for housing, as will elderly applicants with children in Portsmouth or children of elderly residents of Portsmouth. This was done in recognition of the spirit of cooperation and support we have long enjoyed with the City and residents of Portsmouth.

We have applied for a Public Housing Drug Elimination Program grant that, together with an aggressive screening policy and strict enforcement of leases will ensure that children will grow in a healthy, safe neighborhood. We have established flat rents for all of our developments and provided for incentives to employment and education.

In summary, we remain within the Portsmouth tradition of providing quality assisted housing.

For the remaining characteristics, rate the impact of that factor on the housing needs for each family type, from 1 to 5, with 1 being "no impact" and 5 being "severe impact." Use N/A to indicate that no information is available upon which the PHA can make this assessment.

If yes, the comments are: (if comments were received, the PHA MUST select one) Attached at Attachment (File name) Provided below: 3. In what manner did the PHA address those comments? (select all that apply) Considered comments, but determined that no changes to the PHA Plan were necessary. The PHA changed portions of the PHA Plan in response to comments List changes below:

and public comments on our Agency Plan. In the course of compiling the Plan, we engaged in the following process:

A public hearing was advertised in Foster's Daily Democrat, a newspaper of wide

Portsmouth Housing Authority engaged in an extensive process of seeking resident

and general circulation in the area served by the Authority. The hearing was scheduled for September 16, 1999. No one appeared for the hearing.

Letters were mailed or hand-delivered to all public housing residents and Section Eight participants. The letter explained the need for a Resident Advisory Board and scheduled a slate of meetings for the formation and input from that Board. Meetings were held on September 13, 20 and 27, 1999 and were well attended. The Agency Plans were addressed page by page and item by item. PHA received solid advice and helpful comments. All comments were carefully considered. A sampling of the most frequently and intently voiced comments follows:

<u>Comment</u>: People need transportation. With available transportation, you can get around but you must be patient.

Response: PHA, through its affiliation with the Senior Center, provides approximately 100,000 rides to seniors and people with disabilities. These rides are on a residence to destination and back basis and only a twenty-five cent donation is requested. Yes, an ideal system would not require riders to make appointments twenty-four hours in advance. However, the Senior Center simply does not have the resources to do that. City transportation officials have expressed admiration that so many rides can be provided at such a low cost.

<u>Comment:</u> Rental rates need to be increased for the Section 8 Program.

<u>Response</u>: This Section 8 Participant was absolutely correct. Funding from HUD does not go up but rents are rising at a rapid rate. HUD must reconsider the methods used to determine Fair Market Rent and make the process to obtain reconsideration less expensive. The merger to an all voucher program provides a small gain in participants' ability to obtain housing.

<u>Comment</u>: Parking is a problem at Feaster Apartments because people park in residents' spaces. At all senior developments, parking is a problem.

<u>Response</u>: In response to these comments, PHA installed new "Resident Parking Only" signs at Feaster Apartments. The warning that offenders will be towed is now very prominent. Offenders will be towed without warning. PHA is re-configuring the parking lot at one senior development to add additional space. Overall, however, space is hard to find in Portsmouth, especially near the downtown area. Residents are encouraged to contact PHA with any complaints and ideas.

<u>Comment</u>: Hallways should be carpeted to dampen noise.

<u>Response:</u> Maintenance of carpets is difficult. PHA will explore the feasibility of undertaking such an improvement. Residents are encouraged to lend their voice to such issues through Resident Organizations and Modernization meetings.

<u>Comment</u>: Senior residents need frost-free refrigerators because it is difficult for them to defrost them.

Response: This is a costly item. PHA will explore the feasibility of so doing, however.

Comment: New kitchen cabinets are needed.

<u>Response</u>: PHA is in the process of procurement for new kitchen cabinets at some senior developlments.

<u>Comment</u>: Without question, the overwhelming concern of resident advisory board members was with the opt-out possibilities at privately-owned, PHA managed developments.

<u>Response</u>: PHA explained the less than satisfactory process HUD requires private owners to use when renegotiating subsidies and tried to reassure people that some present owners have expressed a desire to continue in the program if HUD makes a reasonable offer and that PHA is in regular communication with the owner of the development that is presently up for sale. That owner has provided PHA access to prospective buyers and should therefore be thanked. PHA agrees with the commentators that expressed their opinion that HUD must change this process.
