Annual PHA Plan for Fiscal Year 2007

HOUSING AUTHORITY OF ST. JOHN THE BAPTIST PARISH

The Housing Authority of St. John has prepared this Annual PHA for FY 2009, which is consistent to the requirements of Quality Housing and Work Responsibility Act (QHWRA). The FY 2009 Annual Plan addresses St. John's policies, programs, services, and capital initiatives and builds on the Agency's progress since QHWRA. The goal of this agency is to provide well-managed, well-maintained, high-quality housing for low-income families. Equally important, are the Authority's efforts to build safe communities that promote economic opportunity and self-sufficiency.

Housing Needs

The need for additional public and affordable housing in St. John the Baptist Parish community is at crisis proportions. The Housing Authority of St. John is, on-going, developing and implementing a diverse self-sufficiency program. It is realized that many public housing residents will not become self-sufficient in the foreseeable future due to obstacles to employment, education, training and transportation. The impediments must be addressed. In addition to motivate applicants, potential tenants, to began developing their "career" growth to financial independence, priority points are given to those on the waiting list, for both programs, who are employed. Priority points are also given to Elderly and Disabled head of households in that their probability of self-sufficiency is, obviously, somewhat limited.

St. John faces a substantial demand for housing units to accommodate families eligible for Section 8 Housing Choice Vouchers. Given the Parish's history of poverty, unemployment/underemployment, and the reliance and dependency on public and assisted housing, waiting lists of this magnitude may continue for many years to come. These factors create a sense of urgency for the Housing Authority and other providers of low-income housing in the Parish of St. John to confront the problem in a new innovative and aggressive way.

Our PHA 5-year and Annual Plans represent an important framework for addressing this challenge.

Accelerating and Expanding Capital Programs

Under the direction of the Executive Director, modernization work has been accelerated and ranked as a major objective. Continuing vacancy reduction efforts are authority-wide. St. John will evaluate alternatives and pursue avenues to increase low-income housing resources, through applications for additional HCV's and development units through LHFA's Tax Credit Program. St. John will renovate MOD units (not demolish) using its CFP Grant. It is the Authority's goal to expedite expenditure and obligation of capital fund allocations, accelerate implementation of all revitalization projects, and seek additional resources for replacement housing.

Building Public Housing Asset Management

St. John is working to provide opportunities for resident self-sufficiency and upward mobility. The continuum of services includes employment initiatives, educational services, youth services, and resident business development.

Improving Public Housing Asset Management

As a core objective, St. John is striving to increase the efficiency of its operations and programs. With respect to the public housing program this is a major thrust to improve the Authority's performance under PHAS. In addition to the vacancy reduction and modernization program several initiatives have been undertaken to address agency-wide deficiencies identified through UPCS inspections. Diligent management of the budget continues and efforts are ongoing to more efficiently address work orders, reduce the percentage of uncollected rents, improve unit turnaround, and implement energy conservation measures.

Promoting a Safe and Crime Free Environment in Public Housing

The authority is deeply concerned of criminal activity and resident security. The Executive Director is working closely with St. John Parish Sheriff's Department. We are in need of assistance through Operation Safe Home, the ATF, and the FBI to expand the coverage of police services on all public housing sites. The Authority's staff is vigorously enforcing the "One Strike" policy. The agency has adopted a "zero tolerance" position toward all illegal and criminal activity.

Improving Utilization and Performance of the Section 8 Program

The Section 8 Housing Choice Voucher Program lease up rate has improved. The Administrative Plan is consistent with QHWRA and St. John is working to improve all aspects of performance under the Section 8 Management Assessment Program (SEMAP)– HUD's assessment tool for measuring program compliance. The authority is now a Standard Performer. A marketing program to recruit more landlords into the program is on-going. Education of landlords, elected officials, and community leaders are an important component of the marketing program. Of equal importance is the education of program participants. A more aggressive approach to issuing vouchers from the waiting list resulted in 100% lease-up.

Collaborating with St. John Housing Authority Residents

We have benefited from a very positive and productive working relationship with our residents. Residents meetings are held once a month at each of the various sites. The residents discuss ongoing policies and planning items; examples: ACOP and Residential Lease revisions. The residents played an active role in formulating this FY 2007 PHA Plan engaging in policy discussions and articulating the housing needs and supportive needs of residents. The Executive Director will continue to draw upon their collaboration in addressing the issues ahead.
