The Dover Housing Authority has reviewed the requirements set out by HUD in its Public Housing Agency Plans Final Rule published on October 21, 1999. The Dover Housing Authority found this resident board and its membership to adequately reflect and represent the residents assisted by this PHA. In compliance of 24 CFR 903.13 (A1), the following is a list of comments and recommendations that were made by the Housing Authority Town of Dover's Resident Advisory Board as an attachment to Component #18 of the PHA Plans.

- The roof replacement project should be started as soon as possible.
- The AC/Heating units should be replaced and be accounted for.

- Replacement of refrigerators and stoves is needed.
- The Housing Choice Voucher Home Ownership Program needs to start being addressed.
- The Resident Board needs to be aware of when the regulations are published governing this home ownership program.
- We have to make sure that Public Housing residents are given the option of paying flat rents or income based rents.
- The Housing Authority needs to look into developing landlord outreach as well as landlord education seminars for its Housing Choice Voucher Program.
- We need to start addressing the legalities involved in a landlord refusing to rent to a family that is involved in a rental assistance program.

Our administrative staff is currently addressing the majority of these comments and recommendations. We considered every topic that was introduced and determined that no changes to the PHA Plans were necessary.

3. In what manner did the PHA address those comments? (select all that apply)

- Considered comments, but determined that no changes to the PHA Plan were necessary.
- The PHA changed portions of the PHA Plan in response to comments

**C. Statement of Consistency with the Consolidated Plan**

For each applicable Consolidated Plan, make the following statement (copy questions as many times as necessary).

1. Consolidated Plan jurisdiction: County of Morris, New Jersey
2. The PHA has taken the following steps to ensure consistency of this PHA Plan with the Consolidated Plan for the jurisdiction: (select all that apply)
  - The PHA has based its statement of needs of families in the jurisdiction on the needs expressed in the Consolidated Plan/s.
  - The PHA has participated in any consultation process organized and offered by the Consolidated Plan agency in the development of the Consolidated Plan.
  - The PHA has consulted with the Consolidated Plan agency during the development of this PHA Plan.
  - Activities to be undertaken by the PHA in the coming year are consistent with the initiatives contained in the Consolidated Plan. (list below)

The County of Morris has completed a *Housing and Homeless Needs Assessment* which the Dover Housing Authority reviewed in preparing its Agency Plan.

The *Housing and Homeless Needs Assessment* identifies specific needs and goals for housing in the county, including in the Town of Dover. In its general section, the study points out the acute affordability issues confronting elderly families in securing housing in the County and in Dover, and for families with incomes below 50% of the area median. The study also observes that for families with incomes between 51 and 80% of area median, housing problems are not generally acute.

Further, the report states “Physically disabled renters with income less than 50% of the median income have more accessible units available than other income groups.” For these families, however, transportation to housing is a real issue.

The report concludes its *General* section, “It is not surprising that the population with the most cost burden are the extremely low income households, both renters and owners. The elderly constitute the largest number in this income bracket as their fixed incomes have not increased proportionately to the increase in overall housing costs.” The report concludes further,

There will continue to be a need for rental assistance for all household sizes.... And overcrowding may be a housing problem over the next 5 years as new immigrants, both legal and illegal, look for cheap lodging and are willing to live in substandard, undersized housing units.

The report’s final observation is that there are no statistics which show a 10% or higher need for any minority group when compared to that of the general white population.

The *Housing Market Analysis* section of the report indicates “Overall the housing stock is comparatively new, large, and relatively affordable to the residents.” It reports that rental housing units also seem to be readily available. “The problem is not with supply, but with the cost of rent particularly for those with marginal incomes.” Further, “Overcrowding is not a problem; if anything, small families such as empty nesters and the elderly are over housed.”

The *Strategic Plan* section of the Assessment indicates housing goals for the county. Some of these goals are to provide 100 new Section 8 Vouchers for rental assistance to extremely low and very low income families; to seek federally assisted production of an additional 100 family and 100 elderly rental units in the County; to rehab rental units in the county; and to rehabilitate public housing units in the county.

The Housing Authority of the Town of Dover shares its proportion of the county’s housing needs. Unfortunately, because it is a small housing authority, it lacks the resources to directly address several of the stated needs in its jurisdiction;

nevertheless, its ongoing programs directly support the initiatives in the County Consolidated Plan.

The Dover Housing Authority's Section 8 program directly supports the stated need to provide financial assistance to up to 248 lower income families who could not otherwise afford suitable housing in the Town of Dover. The strong Housing Quality Standards rental property inspection system the DHA administers as part of its Section 8 program directly supports the County effort to maintain its rental housing in a good state of repair.

The Dover Housing Authority's Public Housing Program also supports the County and town effort to provide affordable housing to elderly families. Through its 59 elderly rental units and its public housing maintenance efforts, the DHA helps assure the availability of safe, sanitary, housing in a good state of repair for elderly citizens of Dover.

Other: (list below)

3. The Consolidated Plan of the jurisdiction supports the PHA Plan with the following actions and commitments: (describe below)

#### **D. Other Information Required by HUD**

##### **Criterion for identifying a "substantial deviation" from the PHA Plan**

The Dover Housing Authority will consider the following to be changes in its *Agency Plan* necessary and sufficient to require a full review by the Resident Advisory Board before a corresponding change in the Agency Plan can be adopted.

1. Any alteration of the Authority's *Mission Statement*;
2. Any change or amendment to a stated Strategic Goal;
3. Any change or amendment to a stated Strategic Objective except in a case where the change results from the objective having been met;
4. Any introduction of a new Strategic Goal or a new Strategic Objective;
5. Any alteration in the Capital Fund Program Annual Plan that affects an expenditure greater than twenty percent (20%) of the CFP Annual Budget for that year.

In setting the above criteria, the Dover Housing Authority intends by "Strategic Goal" and "Strategic Objective" specifically those items under those headings in its *5-Year Plan*.

Because the Annual Plan already requires annual review by the Resident Advisory Board and by Public Hearing, the Authority believes this annual process sufficient to meet the spirit of the *Quality Housing and Work Responsibility Act of 1998*. It expects that changes to the Annual Plan will be primarily administrative in nature. It believes, however, as shown in item #5 above, that significant changes in its planned modernization expenditures should be subject to a resident/public process.

The Dover Housing Authority has also reviewed the requirements set out in HUD Notice PIH 99-51. It here incorporates the several additional criteria established by HUD for “substantial deviation” and “significant amendment or modification” to its Agency Plan. The DHA will also consider the following events to require a public process before amending such changes to its Agency Plan.

- changes to rent or admissions policies or organization of the waiting list;
- additions of non-emergency work items (items not included in the current Annual Statement or 5-Year Plan) or change in use of replacement reserve funds under the Capital Fund;
- additions of new activities not included in the current PHDEP Plan and
- any change with regard to demolition or disposition, designation, homeownership programs or conversion activities.

The Dover Housing Authority acknowledges that an exception will be made by HUD to compliance with the above criteria for any of the above changes that are adopted to reflect changes in HUD regulatory requirements; such changes will not be considered significant amendments by HUD.

Use this section to provide any additional information requested by HUD.

***NJ068a01. POLICY for the DECONCENTRATION of POVERTY***

The Housing Authority of the Town of Dover will not concentrate very low-income families in its public housing development. For this purpose, very low-income families also include other families with extremely low incomes.

This Authority will annually review its public housing waiting list in order to determine if they reveal an unacceptable concentration of impoverished families. If such a concentration is determined, the authority will take steps consistent with the policy stated below to remedy that inequity.

Should its future circumstances change such that it has general occupancy family developments, where an inequity has been discovered in the distribution of impoverished families within those developments or on its waiting list, this PHA will take steps to remove that concentration of poverty by bringing higher income families into its lower income developments and lower income families into its higher income developments.

Among the strategies this authority may consider in attempting to remedy any discovered inequity are the following:

- 1). It may skip certain income families on its waiting list to reach other families with a lower or higher income, as may be required to achieve better income distribution balance in its developments. This authority will apply such skipping uniformly and fairly.
- 2). It may make concerted efforts to aid lower-income families to increase their income through offering incentives. These incentives may include but are not required to be or limited to the following:
  - a) Providing self sufficiency activities to improve resident employability;
  - b) Providing permissive deductions from annual income and other permissive deductions to public housing resident as allowed by law. If offered, these options will be spelled out in detail as an amendment to this policy;
  - c) Providing individual savings accounts to families who select income-based rents;
  - d) Establishing a rent structure that encourages deconcentration of poverty;
  - e) Providing certain admissions preferences, such as those for working families;
  - f) Providing additional applicant consultation and information;
  - g) And providing additional supportive services or amenities.

.In pursuing this policy of deconcentration of poverty where a family receiving TANF assistance is concerned, this authority will pursue every reasonable recourse to coordinate its efforts to provide incentives to families that are consistent with programs administered by the office administering TANF responsibilities in its jurisdiction.

This PHA will pursue this policy of deconcentration of poverty in a way that affirmatively furthers fair housing, and that ensures for both our applicants and our residents an equitable treatment devoid of discrimination.

**NOTE:**

The Housing Authority of the Town of Dover has adopted this policy to comply with the requirements of the *Quality Housing and Work Responsibility Act of 1998* and with the specific requirements of the HUD Final Rule for preparing Agency Plans. The Dover Housing Authority has only a single public housing elderly development. It cannot implement a deconcentration of poverty plan because it has no second development and no general occupancy families.

**NJ068c01. Table for 5-Year Action Plan for Capital Fund (Component 7)**

The following plan follows instructions in HUD Notice PIH 99-51, especially section III E., defining "large capital items" as those that account for ten percent (10%) of a PHA's annual grant or that are over \$1 million. That notice adds that PHA are not required to report items less than \$25,000 in their 5-Year Action Plans regardless of the amount of their annual grant.

The Dover Housing Authority has followed these guidelines. Its annual grant estimated amount is \$74,807. We here identify work items that are above \$25,000. In stating the total estimated cost over the next five years for our development, we give only the cost for the "large capital Items" total work planned. Other planned items are not listed because they do not meet the PIH 99-51 clarified threshold. A more complete detailed plan showing all work items in our 5-Year Modernization Plan is available for public review at the Dover Housing Authority.
