- The PHA has consulted with the Consolidated Plan agency during the development of this PHA Plan.
- Activities to be undertaken by the PHA in the coming year are consistent with the initiatives contained in the Consolidated Plan. (list below)

In the *Executive Summary* to its *Consolidated Plan*, the County of Monmouth, New Jersey, states its most obvious concerns and also lists its clear priorities for housing in the county.

Because of its small size, the Keansburg Housing Authority is not able to do as much as larger housing authorities in the county to further Montgomery County's housing goals; nevertheless, the Keansburg Housing Authority is able to make a substantial contribution supporting those goals in its community.

The *Monmouth County Consolidated Plan Executive Summary* indicates that a full twenty-percent of the county's housing stock was built before 1939. A further forty-four percent is 30 years old or older. Further very low income elderly families are the most severely cost burdened (paying more than 50% their income on housing costs. This group also has the most housing problems.

In order to address those needs, the Monmouth County Consolidated Plan sets out the following goals and objectives that are directly supported by programs at the Keansburg Housing Authority (KHA).

- *To upgrade and maintain the existing stock of rental housing that is affordable to low income persons.*

The KHA carries forward this goal through its ongoing Housing Quality Standards inspections in its Section 8 program and through its Capital Fund Program for modernization of its public housing rental stock.

- *To increase the inventory of permanent affordable rental housing.*

Through its newly developed nonprofit affiliate, the KHA has helped develop new rental property in its community by creating the Fallon Manor development.

- *To increase supportive housing that includes structural features and services to enable persons with special needs to live with dignity.*

The KHA is fully compliant with the requirements of the ADA, and has made available housing for persons with special needs.

- *To provide and advocate for ongoing financial assistance to renters.*

Through both its Section 8 *Housing Choice Voucher Program* and its Public Housing rental subsidy program, the KHA is a major source of financial assistance for low income renters in Keansburg.

- *To encourage nonprofit organizations in applying for additional resources to assist special needs populations.*

The KHA has developed its own nonprofit corporation exactly to increase the ability of Keansburg to further its housing goals.

Other: (list below)

4. The Consolidated Plan of the jurisdiction supports the PHA Plan with the following actions and commitments: (describe below)

D. Other Information Required by HUD

1. Criterion for identifying a “substantial deviation” from the PHA Plan

The Keansburg Housing Authority will consider the following to be changes in its *Agency Plan* necessary and sufficient to require a full review by the Resident Advisory Board before a corresponding change in the Agency Plan can be adopted.

1. Any alteration of the Authority’s *Mission Statement*;
2. Any change or amendment to a stated Strategic Goal;
3. Any change or amendment to a stated Strategic Objective except in a case where the change results from the objective having been met;
4. Any introduction of a new Strategic Goal or a new Strategic Objective;
5. Any alteration in the Capital Fund Program Annual Plan that affects an expenditure greater than twenty percent (20%) of the CFP Annual Budget for that year.

In setting the above criteria, the Keansburg Housing Authority intends by “Strategic Goal” and “Strategic Objective” specifically those items under those headings in its *5-Year Plan*.

Because the Annual Plan already requires annual review by the Resident Advisory Board and by Public Hearing, the Authority believes this annual process sufficient to meet the spirit of the *Quality Housing and Work Responsibility Act of 1998*. It expects that changes to the Annual Plan will be primarily administrative in nature. It believes, however, as shown in item #5 above, that significant changes in its planned modernization expenditures should be subject to a resident/public process.

The Keansburg Housing Authority has also reviewed the requirements set out in HUD Notice PIH 99-51. It here incorporates the several additional criteria established by HUD for “substantial deviation” and “significant amendment or modification” to its Agency Plan. The KHA will also consider the following events to require a public process before amending such changes to its Agency Plan.

- changes to rent or admissions policies or organization of the waiting list;
- additions of non-emergency work items (items not included in the current Annual Statement or 5-Year Plan) or change in use of replacement reserve funds under the Capital Fund;
- additions of new activities not included in the current PHDEP Plan and

- any change with regard to demolition or disposition, designation, homeownership programs or conversion activities.

The Keansburg Housing Authority acknowledges that an exception will be made by HUD to compliance with the above criteria for any of the above changes that are adopted to reflect changes in HUD regulatory requirements; such changes will not be considered significant amendments by HUD.

2. Community Service Compliance

(HUD Notice PIH 00-22 makes clear that as a “high performer” PHA, the KHA is not required to complete Component 12 or to provide the Community Service Summary as an Attachment to its Plans. We add the following voluntarily, and therefore do not add it to our Plans as an attachment.)

The Keansburg Housing Authority (KHA) here outlines its policy for compliance with the community service requirements for public housing, as laid out in Subpart F of 24 CFR Parts 5, 880, et al. *Changes to Admissions and Occupancy Requirements in the Public Housing and Section 8 Housing Assistance Programs; Final Rule*, issued March 29, 2000.

The Keansburg Housing Authority only administers public housing units for the elderly and disabled. It has no general occupancy family public housing units. It is therefore unlikely that any resident of public housing at this authority will fail to meet the exemption requirements set out at section 960.601 of the above rule. Because it is required, and because we can at least imagine a case where a spouse or other occupant of our units may not meet the exemption requirements, we have adopted the following approach to the community service requirement.

The likely case we can foresee is one in which a spouse of a lease holder has not reached age 62, is not disabled, is not a primary caretaker, is not engaged in work activities, and is not receiving state or local public assistance. We anticipate that in the rare case where we encounter such a resident, that resident is likely to be near elderly. Because of that, it is our policy to first seek community service work at our own housing authority for such an individual. That is especially the case because of possible transportation difficulties for such a resident as well.

It is the policy of the Keansburg Housing Authority to provide community service opportunities in-house to residents who are not exempt from the above requirements. This service shall first take the form of providing support to other residents in our developments who may be in need of it, and second to provide work service to the housing authority, provided such service will not adversely affect the employment status of any KHA regular employee.

The KHA will itself monitor and record such service by its non-exempt public housing residents.

Use this section to provide any additional information requested by HUD.

Policy for the Deconcentration of Poverty

The Keansburg Housing Authority will not concentrate very low-income families in any public housing development or in any single building within a development. For this purpose, very low-income families includes also includes other families with extremely low incomes.

This Authority will annually review its waiting lists and the census tracts in which it has public housing units in order to determine if they reveal an unacceptable concentration of impoverished families. If such a concentration is determined, the authority will take steps consistent with the policy stated below to remedy that inequity.

Where an inequity has been discovered in the distribution of impoverished families within its jurisdiction or on its waiting list, this PHA will take steps to remove that concentration of poverty by bringing higher income families into its lower income developments and lower income families into its higher income developments.

Among the strategies this authority may consider in attempting to remedy any inequity are the following:

- 1). It may skip certain income families on its waiting list to reach other families with a lower or higher income, as may be required to achieve better income distribution balance in its developments. This authority will apply such skipping uniformly and fairly.
- 2). It may make concerted efforts to aid lower-income families to increase their income through offering incentives. These incentives may include but are not required to be or limited to the following:
 - (a) Providing self sufficiency activities to improve resident employability;
 - (b) Providing permissive deductions from annual income and other permissive deductions to public housing resident as allowed by law. If offered, these options will be spelled out in detail as an amendment to this policy;
 - (c) Providing individual savings accounts to families who select income-based rents;
 - (d) Establishing a rent structure that encourages deconcentration of poverty;
 - (e) Providing certain admissions preferences, such as those for working families;
 - (f) Providing additional applicant consultation and information;
 - (g) And providing additional supportive services or amenities.

In pursuing this policy of deconcentration of poverty where a family receiving TANF assistance is concerned, this authority will pursue every reasonable recourse to coordinate its efforts to provide incentives to families that are consistent with programs administered by the office administering TANF responsibilities in its jurisdiction.

Optional Table for 5-Year Action Plan for Capital Fund (Component 7)

The following plan follows instructions in HUD Notice PIH 99-51, especially section III E., defining "large capital items" as those that account for ten percent (10%) of a PHA's annual grant or that are over \$1 million. That notice adds that PHA are not required to report items less than \$25,000 in their 5-Year Action Plans regardless of the amount of their annual grant.

The Keansburg Housing Authority has followed these guidelines. Its annual grant estimated amount is \$101,434. We here identify work items that are above \$25,000. In stating the total estimated cost over the next five years for each development, we give only the cost for the "large capital Items" total work planned at each development. Other planned items are not listed because they do not meet the PIH 99-51 clarified threshold. A more complete detailed plan showing all work items in our 5-Year Modernization Plan is available for public review at the Keansburg Housing Authority.
