To accomplish this effort, we will skip families on the waiting list to reach other families with a lower or higher income. We will carry out this matter in a uniform and non-discriminating manner. The Housing Authority will affirmatively market our housing to all eligible income housing groups. Lower income

residents will not be steered toward lower income developments and higher income people will not be steered toward higher income developments.

S. Department of Housing and Urban Development regulations governing Fair Housing and Equal Opportunity.

- Undertake affirmative measures to provide a suitable living environment for families living in assisted housing, regardless of race, color, religion national origin, sex, familial status, and disability: No person shall, on the grounds of race, color, sex, religion, national or ethnic origin, familial status, or disability be excluded from participation in, be denied the benefits of, or otherwise subjected to discrimination under the Housing Authority's programs.
- Undertake affirmative measures to ensure accessible housing to persons with all varieties of disabilities regardless of unit size required: Sometimes people with disabilities may need a reasonable accommodation in order to take full advantage of the Housing Authority programs and related services. When such accommodations are granted they do not confer special treatment or advantage for the person with a disability; rather they make the program accessible to them in a way that would otherwise not be possible due to their disability.

C. Strategy for Addressing Needs

Provide a brief description of the PHA's strategy for addressing the housing needs of families in the jurisdiction and on the waiting list **IN THE UPCOMING YEAR**, and the Agency's reasons for choosing this strategy.

The Housing Authority's waiting lists remain open. The Section 8 Voucher program continues to issue vouchers to eligible families until the lease-up under the program is maximized. The Public Housing continues to assist families under the Conventional program. Information from the Consolidated Plan and the Housing Authority's waiting indicates there is a demand for more housing, therefore, the Housing Authority is always looking for ways to increase the number of affordable housing units.

(1) Strategies

Need: Shortage of affordable housing for all eligible populations

Strategy 1. Maximize the number of affordable units available to the PHA within its current resources by:

Select all that apply

- Employ effective maintenance and management policies to minimize the number of public housing units off-line
- Reduce turnover time for vacated public housing units
- Reduce time to renovate public housing units
- Seek replacement of public housing units lost to the inventory through mixed finance development
- Seek replacement of public housing units lost to the inventory through section 8 replacement housing resources
- Maintain or increase section 8 lease-up rates by establishing payment standards that will enable families to rent throughout the jurisdiction

- Maintain or increase section 8 lease-up rates by marketing the program to owners, particularly those outside of areas of minority and poverty concentration
- Maintain or increase section 8 lease-up rates by effectively screening Section 8 applicants to increase owner acceptance of program

- Other: (list below)

Need: Specific Family Types: Families at or below 30% of median

- Exceed HUD federal targeting requirements for families at or below 30% of AMI in tenant-based section 8 assistance
- Employ admissions preferences aimed at families with economic hardships
- Adopt rent policies to support and encourage work
- Other: (list below)

- Market the section 8 program to owners outside of areas of poverty /minority concentrations
- Other: (list below)

Other Housing Needs & Strategies: (list needs and strategies below)
