# 9. Additional Information

[24 CFR Part 903.12 (b), 903.7 (r)]

### A. PHA Progress in Meeting the Mission and Goals Described in the 5-Year Plan

(*Provide a statement of the PHA's progress against the goals and objectives established in the previous 5-Year Plan for the period FY 2005 - 2006.* 

Klamath Housing Authority continues to make significant progress in providing housing for low-income residents. Voucher utilizationwas down at the beginning of last year, so through extensive outreach efforts by staff we were successful in raising the lease-up rate by the end of the year. Because of funding recalculation this year, KHA funds were reduced, and now we do not have enough HAP to cover our full lease-up. We continue to work with HUD on changing our allocation. The Public Housing vacancy rate continues to be less than 2%. Klamath Housing Authority is general partner and managing agent for a newly built tax credit project in Lake County, which has a severe rental housing shortage. We are in the final stages of acquiring an 8 unit Rural Development subsidized complex in a very rural portion of Klamath County. Purchase of a 36 unit project-based Section 8 complex in Klamath Housing Authority began administering HOME funded assistance programs though Oregon Housing & Community Services in July 2006. The program was successfully meshed with the other programs offered at KHA, and the state of Oregon renewed the contract for the following biennium. Design work is starting on 30 acres of land owned by Klamath Housing Authority, to build homes for both rentals and homeownership. Funding sources are being pursued.

# **B.** Criteria for Substantial Deviations and Significant Amendments

#### (1) Amendment and Deviation Definitions

24 CFR Part 903.7(r)

PHAs are required to define and adopt their own standards of substantial deviation from the 5-year Plan and Significant Amendment to the Annual Plan. The definition of significant amendment is important because it defines when the PHA will subject a change to the policies or activities described in the Annual Plan to full public hearing and HUD review before implementation.

a. Substantial Deviation from the 5-Year Plan

Any major change will have Board approval and be subject to comment from the public, unless an emergency with a cost of over \$25,000 arises and can not wait until the next annual/5-year plan is developed.

b. Significant Amendment or Modification to the Annual Plan

Modifications to the Annual Plan that are included within the 5-year plan will have board approval if over \$25,000. Emergency modifications/amendments that can not wait until the next planning process will have Board Approval. Any non-emergency work modifications not included in the 5-year annual plan will require a public hearing and HUD review
