D. Other Information Required by HUD

Use this section to provide any additional information requested by HUD.

1. Progress meeting 5 year plan goals

Goal: Leverage private or other public funds to create additional housing opportunities

Progress: The Authority continues to explore opportunities for additional public and private resources.

Goal: Acquire or build units or developments

Progress: The Authority through its non profit affiliate submitted an application in December 2007 for tax credits to develop twenty single family townhomes on an old factory site in Lebanon City.

Goal: Improve public housing management (PHAS) score

Progress: The Authority's latest PHAS score was 84%. We will continue to work to improve our score to at least 90%.

Goal: Renovate or modernize public housing units

Improvements to the electrical distribution system at our Webster Manor townhouse development are in progress. We are currently planning Authority wide renovations to improve access to persons with disabilities. We anticipate that this work will occur over several years, beginning in 2010.

Goal: Demolish or dispose of obsolete public housing

Progress: We will continue to study the long term viability of all our developments as we implement HUD's requirement for asset based management.

Goal: Designate developments or building for particular resident groups

Progress: Approval to designate Stevens Towers as an elderly only facility was received from HUD on November 9, 2005.

Goal: Increase the number and percentage of employed persons in assisted families

For fiscal year 2007 90% of income received by public housing families came from earned income. In fiscal year 2006 84% of income was earned income. In addition, only 2% of income came from TANF. This data clearly demonstrates the Authority's success in assisting its residents to obtain employment.

Goal: Provide or attract supportive services to improve assistance recipient's employability

The Authority's social services department provides a variety of services to assist resident's in obtaining employment. Unfortunately, because of funding reductions by the Federal Government staffing for social service programs has been reduced.

Goal: Undertake affirmative measures to ensure access to assisted housing regardless of race, color, religion, national origin, sex, familial status and disability.

The Authority is proactive in ensuring that housing assistance is available to all qualified applicants. To facilitate access to housing for the disabled, the Authority has formed a partnership with several local agencies which provide services to individuals with disability. To ensure access to the minority Hispanic community the Authority operates the Hispanic Outreach Program for Lebanon County.

2. Criteria for Substantial Deviations and Significant Amendments.

A substantial deviation or significant amendment or modification, which requires public notice and comment, will be required if a change is made to the Plan, or any component thereof, related to the following:

- Demolition or conversion of units;
- Implementation of a homeownership program;
- Additions of Non-Emergency work items with an estimated cost greater than 50% of the Authority's annual Comprehensive Grant (items not included in the current Annual Statement or 5-Year Action Plan).

Changes made to the Plan, or any component thereof, that do not relate to the above-mentioned issues will not be considered substantial or significant and will not require public notice and comment.
