B. Strategy for Addressing Needs

Provide a brief description of the PHA's strategy for addressing the housing needs of families on the PHA's public housing and Section 8 waiting lists **IN THE UPCOMING YEAR**, and the Agency's reasons for choosing this strategy.

We will seek to acquire land for future development of affordable housing and will seek to acquire or develop additional housing units based on needs or opportunities that may arise. We will apply for any additional Section 8 assistance that becomes available. These strategies have been adopted for the following reasons. Affordable building sites are difficult to find in the Rapid City area. Prices continue to rise. We feel that it is vital that acquire property now in order to allow for future development. Acquiring existing rental properties is an alternative to developing new units. Applying for Section 8 assistance is not dependent on locating or financing additional property and provides flexibility in addressing the housing needs of our community.

(1) Strategies

Need: Shortage of affordable housing for all eligible populations

Strategy 1. Maximize the number of affordable units available to the PHA within its current resources by:

Select all that apply

- Employ effective maintenance and management policies to minimize the number of public housing units off-line
- Reduce turnover time for vacated public housing units
- Reduce time to renovate public housing units
- Seek replacement of public housing units lost to the inventory through mixed finance development
- Seek replacement of public housing units lost to the inventory through section 8 replacement housing resources
- Maintain or increase section 8 lease-up rates by establishing payment standards that will enable families to rent throughout the jurisdiction
- Undertake measures to ensure access to affordable housing among families assisted by the PHA, regardless of unit size required
- Maintain or increase section 8 lease-up rates by marketing the program to owners, particularly those outside of areas of minority and poverty concentration
- Maintain or increase section 8 lease-up rates by effectively screening Section 8 applicants to increase owner acceptance of program
- Participate in the Consolidated Plan development process to ensure coordination with broader community strategies
- Other (list below)

Strategy 2: Increase the number of affordable housing units by:

Select all that apply

- Apply for additional section 8 units should they become available
- Leverage affordable housing resources in the community through the creation of mixed -

- finance housing
- Pursue housing resources other than public housing or Section 8 tenant-based assistance.
- Other: (list below)
 1. Submit applications for special purpose vouchers.

Need: Specific Family Types: Families at or below 30% of median

Goal: Work with local law enforcement agencies to provide for the exchange of information to aid in applicant screening, lease enforcement, and local law enforcement efforts.

Progress: The PCHRC and Rapid City police department work together very closely in this area. The PCHRC electronically submits names and Social Security numbers of all applicants and participants in its housing programs and arrest records are received. In addition, weekly reports of police activity in public housing developments are provided to the PCHRC by the police department. Follow-up reports are obtained as needed.

Goal: Develop an agreement with local law enforcement agencies to allow for occupancy of public housing units by police officers.

Progress: We allow for occupancy of Public Housing units by law enforcement officers. We currently have an officer residing in one of our Public Housing Developments. At various times law enforcement officers have resided in four PCHRC developments. Results have been mixed.

Goal: Develop a policy banning smoking in PCHRC units.

Summary of Comments from Residents, the Resident Advisory Panel and the Public

Comment: Automatic door openers are needed at Prairie Village.

Response: Automatic door openers, along with other accessibility upgrades are included in the 2007 Capital Fund plan, and will be completed in the coming year.

Comment: Window blinds in the units at Prairie Village need to be replaced.

Response: This will be included in the Operating Budget for the coming year.

Comment: High-rise toilets are needed at Prairie Village.

Response: Bathroom upgrades at Prairie Village are included in the five-year plan. Requests for high-rise toilets to accommodate disabilities will be addressed as received.

Comment: Additional handicapped parking spots are needed at Prairie Village.

Response: Prairie Village is required to have two handicapped parking spots under 504 regulations. Currently there are five spots designated as handicapped. No additional handicapped spots are planned at this time.

Comment: Additional change machines are needed in laundry rooms.

Response: Additional, or larger, change machines will be considered. If they are not added, the existing machines will be monitored more closely to ensure that they are operational.

Comment: Transportation to shopping, medical facilities, etc. is needed for residents who do not drive and do not have family or friends available to provide transportation. There was considerable support for this among the Resident Advisory Panel.

Response: The PHA Plan includes a goal of increasing services to residents in developments for the elderly and disabled. While the Plan does not specifically contemplate providing transportation, PCHRC staff will evaluate the need for this service against the availability of bus service in the community.

Comment: Residents would like to see a patio installed in the open space to the east of River Ridge.

Response: The PCHRC has considered this in the past, but ruled it out because of accessibility issues and related costs. A patio is being considered on the other side of the building adjoining the dining room, but it is not currently included in the five-year plan.

Comment: A Rapid City Police officer commented that the Police Department has a good working relationship with the PCHRC. He stated that as an officer, he supported PCHRC plans for a lawn irrigation system and exterior upgrades and fencing at PCHRC properties in North Rapid.

Response: The PCHRC will continue to work with the Police Department to provide a secure environment for our residents. The improvements noted by the officer have been retained in the five-year plan.

Comment: Kitchen flooring should be considered at Valley View, Jackson Heights and River Ridge.

Response: Kitchen flooring has been included in the needs assessment for these projects, but it is has not been included in the five-year plan at this time.

Comment: Some minor cracks have appeared in the sheetrock and building exterior, which could be a sign of settling. Has the PCHRC considered having a structural evaluation of the building performed by an engineer?

Response: Staff is aware of this issue and will continue to monitor it. At this time no full scale engineering evaluation of the issue is planned, however if deemed appropriate, professional expertise will be utilized.

Comment: What is the status of the electronic access system, and what will be the policy for issuance of key fobs?

Response: Installation of electronic access systems at Jackson Heights, Valley View and River Ridge is almost complete. Each resident will be issued a key fob, and residents may authorize one additional key fob per unit to be issued. These additional key fobs must be signed out by the authorized recipient. Additional key fobs may be issued to accommodate individuals with disabilities. These Reasonable Accommodation requests will be considered on a case by case basis.

Comment: The exterior of the hallway windows need to be washed at Valley View.

Response: These are non-opening windows and therefore can only be washed by professionals. Due to the cost involved, this is not planned in the coming year.

Comment: Closet doors need to be replaced at Valley View.

Response: This item has been identified in the needs assessment for Valley View however it has not been assigned a high enough priority to be included in the five-year plan. Individual units that need to have doors replaced will be addressed through routine maintenance procedures.

Comment: Are kitchen ranges going to be replaced at Valley View?

Response: The PCHRC has no plans to replace appliances through a project. Ranges will be replaced on an as-needed basis.

Comment: A resident of Valley View stressed the need for adequate applicant screening.

Response: The PCHRC will continue to screen applicants in accordance with its current policies and procedures.

Comment: A resident of Valley View asked if the police department makes patrols of the building at night.

Response: The PCHRC maintains a contract with the Rapid City Police department, which among other things, calls for daily vehicle patrols and weekly foot patrols of PCHRC developments.

Comment: A resident of Valley View asked if the PCHRC has considered having live-in managers.

Response: This has been considered however there are currently no plans to employ live-in managers.

Comment: Detergent vending machines are needed in the laundry rooms at Valley View.

Response: In the absence of more interest from residents in this type of amenity, staff does not feel that the cost of the machines and required maintenance are warranted.

Comment: A resident of Valley View asked if the PCHRC has considered hiring private security to patrol its facilities.

Response: Private security has been considered. The PCHRC elected instead to maintain a contract with the Rapid City Police Department.

Comment: A resident asked why the PCHRC no longer posted a list of residents at each building. Several residents requested that these lists be posted.

Response: The PCHRC discontinued posting resident rosters at its properties after receiving complaints from residents. Concerns over the posting were also raised by the Pennington County Sheriff's office. It was decided that privacy and security issues raised in these complaints should take precedence over the desire to have resident rosters posted.

Comment: Exhaust vents at Jackson Heights need to be cleaned.

Response: This will be included in the operating budget for the coming year.

Comment: The public restroom on fourth floor at Jackson Heights needs to be updated.

Response: This will be evaluated and considered for inclusion in a future budget.

Comment: The PCHRC should seek to obtain additional vouchers for people with disabilities.

Response: This is a listed goal in the PHA Plan.

Comment: The PCHRC should allow individuals with disabilities to live as roommates under the Voucher program.

Response: Individuals with disabilities may request this as a reasonable accommodation in accordance with PCHRC policy. Such request will be considered on a case by case basis.

Comment: The PCHRC should consider adding accessible single family units to its inventory.

Response: The PCHRC recently underwent a complete 504 evaluation of all of its properties. This evaluation identified single family homes that may potentially be feasible to convert to fully accessible units. The PCHRC will further evaluate the feasibility of converting some units, and the need for such conversions.

Comment: Security issues should be examined in family projects, especially the Adams Street Apartments.

Response: Fencing to increase security at the Adams Street Apartments is included in the five-year plan. Additional lighting is also being considered.

Comment: Flooring improvements should be made at the rear entrance of Jackson Heights.

Response: This will be completed using operating funds in the coming year.
