We have revised many of our forms and added new ones that streamline the various procedures while promoting integrity to our agency and the administration of the Section 8 Voucher Program. We recently updated all tenant files into a new system that provides quick recovery of specific data; each file is separated into eight divided sections with an index sheet on top. This was a significant undertaking but has proven to be a valuable upgrade. We have added a procedure of issuing receipts for all documents submitted by tenants to the PHA; this ensures that both the tenant supplied the appropriate document and as a result the PHA took the correct action. Again, we have exceeded our goal in adding new units, specifically three (3) and four (4) bedrooms, along with new property owners to the program. We continue to provide on-going training to staff including off-site and in-house training. This year we accessed the HUD webcasts as a training resource tool. We have maintained an occupancy rate of at least 95% of our 2008 HAP annual renewal funding.</i></p> <p>(b) Significant Amendment and Substantial Deviation/Modification. Provide the PHA's definition of "significant amendment" and "substantial deviation/modification"</p>

**CRESCENT CITY HOUSING AUTHORITY
GOALS AND OBJECTIVES
STATEMENT OF PROGRESS
5-YEAR PLAN F/Y 2000 – 2005**

Goal One: Manage the Crescent City Housing Authority's existing Section 8 program in an efficient and effective manner that results in full compliance with applicable statutes and regulations.

Objective 1: Work to comply with all applicable statutes and regulations.

Response: At the inception of our 5-year agency plan, we identified three "areas of concern" with our Housing Choice Voucher Program that needed improvement.

a) HQS Quality Control Inspections:

Response: The Housing Director inspects 5% of all HQS inspections on a monthly basis. These sample inspections are drawn from recently completed inspections (within one month of initial inspection or re-inspections). Both inspections are reviewed for discrepancies and discussed by the Inspector and the Director for accuracy: if needed a re-inspection is scheduled. A separate file is maintained for all HQS quality control inspections and re-inspections.

b) New Lead Base Paint Regulations:

Response: We collaborated with the County Tax Collector's Office and contracted their services to obtain construction dates on units within our jurisdiction subsidized by the Housing Choice Voucher Program. The County could not identify approximately 100 units as to the dates of construction. We sent letters to the property owners of these units requesting the construction dates. We identified 117 units with pre-1978 construction dates that house children age 6 and under. We scheduled visual assessment inspections for all identified units. There were twenty-six units that failed the visual assessment inspection, twenty-one that had minor fail conditions and five units that were over-limit fail conditions for exterior peeling paint. All of the over-limit fail units were prepared and re-painted; soil samples were taken and forwarded to a testing lab. Results indicated that there was no lead hazard in the soil around any of the homes.

c) On-going maintenance of the Administrative Plan:

Response: We reviewed one chapter each month of our Administrative Plan with staff and the Advisory Commission. We implemented changes, added new policy on new regulations, and deleted obsolete policy. This process has become an on-going function of the staff and Advisory Commission collaboratively.

Goal Two: Improve the range of housing choices available to participants in the Section 8 Program and expand the supply of quality housing units for individuals and families with special needs.

Objective: Collaborate with other agencies and organizations to solicit funds to upgrade rental units so they will be special-needs accessible.

Response: Our jurisdiction is both the City of Crescent City and County of Del Norte. I contacted both government agencies and received information on their respective housing rehabilitations programs. Both agencies have funds from the CDBG (Community Development Block Grant Program) to assist with low-income, owner-occupied and tenant-occupied units. Both agencies have agreed to receive referrals from the Crescent City Housing Authority to assist disabled families on the Section 8 program with the upgrades of their units required to accommodate their special needs.

Objective: Work with the City and County, and solicit current and new property owners to add five (5) 3 or 4 bedroom units to the Section 8 program.

Response: As a component of our Rent Reasonableness Program, we contact owners about available rental units that are listed in the local paper for rent. We ask questions such as “have you ever leased this unit under our program and are you interested in leasing any of your units to tenants currently searching for units under our program, etc.“. We also take the time to answer any questions they may have about our program and we mail them a landlord’s packet of information. As a follow-up, we later contact them by phone to check on the status of the unit.

Goal Three: Maintain availability of decent, safe, affordable Section 8 rental units for eligible individuals and families.

Objective: Conduct briefings for Landlords currently in the Section 8 Program on tenant relations and proper eviction procedures and rehabilitations funds.

Response: Our Landlord workshop was an overwhelming success. Over 30 percent, approximately 95-100 Landlords attended the workshop along with board members and staff. We gave several PowerPoint presentations along with question and answer periods. The HA provided a catered dinner and awarded several door prizes within the theme of housing repairs, i.e., tools, smoke detectors, etc.

Objective: Attract at least two (2) new Landlords who want to participate in the program each year of the five-year plan.

Response: Every year of the 5-year Plan, we exceeded the goal and added well over 100 new property owners to participate in the Section 8 Program.

Goal Four: Improve access for low-income families to information and services that support economic opportunity and improve quality of life:

Objective: Work with local agencies and organizations to establish and implement a referral protocol for Section 8 participants with drug and alcohol problems.

Response: In a meeting with Del Norte County Drug and Alcohol Services, I was informed that they provide (free or charge) individual assessments, in-house services, i.e. NAA meeting, A/A meetings and drug screening. They also provide funds to cover drug and alcohol in-patient rehabilitation services at various facilities. They have agreed to accept our client referrals for individual assessment and provide the care or cost, whichever is applicable, for recovery/rehabilitation.

Objective: Work with local agencies and organizations to develop a resource directory listing a variety of employment, health, adult education, English language proficiency, and other social services available, and make it available to program participants.

Response: The Crescent City Housing Authority created a Local Resource Guide; this is a 10-page publication of all the public services within our local area. It lists addresses, telephone/TDY numbers, and a brief description of the service provided.
