Program Description

HUD provides flexibility to PHAs in the development of local homeownership options. Baltimore County has developed two homeownership program models. In both models, families receive benefit of homeownership education, the County’s enhanced Settlement Expense Loan Program (SELP), as well as State and FHA financial packages.

FSS Homeownership Program Model

In this model, the Housing Office links the homeownership initiative to our highly successful Family Self-Sufficiency (FSS) Program. FSS participants enter into 5-year performance-based contracts to improve their earned incomes and to become economically self-sufficient. The County matches increases in earned income, and makes monthly deposits into escrow accounts established in FSS families' names.

Families receive case management to increase employment skills, and to engage in substantial gainful employment. At the same time, they receive training in budgeting and credit repair. As families progress, they receive homebuyer education and linkage to housing counseling agencies to make the home buying process less complicated and less expensive.

When families fulfill their goals, they graduate from the program, relinquish their rent subsidies, and receive the funds in their escrow accounts. Since 1998, 265 families have chosen to use their escrow account funds to purchase homes. These families are free of government subsidies, and are contributing members of their communities.

Voucher Homeownership (VHO) Program Model

In this model, the Office of Community Conservation coordinates with the Housing Office and six HUD certified housing counseling agencies to provide homeownership opportunities to Housing Choice Voucher (HCV) Program participants. Qualifying families use their vouchers' monthly housing assistance payments (HAPs) to help pay for the dwelling unit they purchase.

VHO Program components include:

Mandatory participation in homeownership counseling

- A time limit of 10 to 15 years of assistance for non-elderly and non-disabled families
- Successful completion of housing quality standard inspections and independent inspections
- Post-purchase counseling

(2) Program Description

X Yes No:

Will the PHA limit the number of families participating in the Section 8 homeownership option?

While there is no limit to the number of families who may participate in the FSS Homeownership Program model, there will be a limit on the number who may participate in the Voucher Homeownership Program model.

If the answer to the question above was yes, what is the maximum number

of participants this fiscal year? 6

b. PHA-established eligibility criteria

X Yes No:

Will the PHA's program have eligibility criteria for participation in its Section 8 Homeownership Option program in addition to HUD criteria?

- Be a Housing Choice Voucher Program participant in good standing

They play a critical role in the long-term success of our programs.

Based on their experiences living in subsidized housing, RAB members bring to the table unique and important ideas about how the programs could be improved. Too, they have played a key role in the development and linkage of resources to our programs.

Our RAB meets quarterly, and their goals drive our ongoing program of education and resource development. Board members have selected the following initiatives for 2009:

Baltimore County, Maryland PHA Plan

10(a). Progress in Meeting 5-Year Goals

Baltimore County continues to make progress in meeting our 5-Year Plan mission and goals. Notable achievements during the PHA Fiscal Year 2009 include the following.

Expanding the supply of assisted housing

Baltimore County applied for and received 105 Housing Choice Vouchers to implement the HUD-VA Supportive Housing (VASH) Program in coordination with the VA Medical Center at Perry Point. These vouchers target homeless veterans.

The County also applied for 50 Housing Choice Vouchers to expand our Family Unification Program (FUP). FUP calls upon the collaboration of the Department of Social Services and the Housing Office, to assist children in foster care to reunite with their families in safe, stable and affordable housing. FUP also addresses the unmet housing needs of youth who are aging out of the foster care system and transitioning into independent living in our communities. We currently await notice of funding from HUD.

Improving the quality of assisted housing

The Housing Office maintained high performer status in HUD's Section 8 Management Assessment Program (SEMAP), which measures compliance in HUD's 14 key areas of performance. This is the 9th year for achieving this status.

Increasing assisted housing choices

Baltimore County maintained a strong outreach program to encourage landlords throughout the County to participate in our Housing Choice Voucher Program. Consequently, during this year our landlord pool expanded to 1347 voluntarily participating owners – a 16% increase.

The Housing Office set payment standards at 110% of HUD's fair market rent levels to encourage families' successful leasing, and we maintained 100% utilization of all allocated subsidies.

Improve community quality of life

By its nature, our Housing Choice Voucher Program promotes de-concentration of poverty and promotes income mixing within the community. Our Family Self-Sufficiency (FSS) Program families made significant strides in increasing their earned incomes and, thereby, increasing their participation in the local economy.

We maintained strong outreach to families with special needs, enabling families with disabilities and the elderly to enjoy an improved living environment within our communities. Of note, we collaborated with the Department of Health and Mental Hygiene to help disabled families relocate from a State facility.

Promote self-sufficiency and asset development

The Housing Office administers a robust and highly successful Family Self-Sufficiency (FSS) Program. FSS is proven to be effective in moving families from dependency to economic self-sufficiency.

During the past year...

- 117 families completed employment counseling
- 121 families gained full-time employment
- 63 families increased their earned income
- 19 families eliminated receipt of cash welfare assistance
- 48 families started escrow accounts
- 71 families completed credit repair education
- 69 families added homeownership as a goal in their contracts
- 82 families completed homeownership education/counseling
- 56 families completed pre-purchase homeownership counseling
- 12 families purchased homes
- 27 families graduated from the program and are free of all government assistance.
