8.3	Capital Fund Financing Program (CFFP). <input type="checkbox"/> Check if the PHA proposes to use any portion of its Capital Fund Program (CFP)/Replacement Housing Factor (RHF) to repay debt incurred to finance capital improvements.
9.0	Housing Needs. Based on information provided by the applicable Consolidated Plan, information provided by HUD, and other generally available data, make a reasonable effort to identify the housing needs of the low-income, very low-income, and extremely low-income families who reside in the jurisdiction served by the PHA, including elderly families, families with disabilities, and households of various races and ethnic groups, and other families who are on the public housing and Section 8 tenant-based assistance waiting lists. The identification of housing needs must address issues of affordability, supply, quality, accessibility, size of units, and location. There is a continued need for housing units for the HCV program. We are only subsidizing app. 240 units with an availability of 311 units. Given finding constraints there is a possible 60 – 70 units program space that are not available in the community. We continue to encourage owners in both counties to develop properties, however the current financial climate has been detrimental in having additional units made available.
9.1	Strategy for Addressing Housing Needs. Provide a brief description of the PHA’s strategy for addressing the housing needs of families in the jurisdiction and on the waiting list in the upcoming year. Note: Small, Section 8 only, and High Performing PHAs complete only for Annual Plan submission with the 5-Year Plan.
