Your summary should briefly identify: the broad goals and objectives, the role of plan partners, and your system or process for monitoring and evaluating PHDEP-funded activities. A contract will be entered into with the City of Lincolnton Police Department to provide on-site car, foot and bicycle patrols over and above the base-line services outlined in the Cooperation Agreement. Additionally, funding will provide summer camps and activities for the youth to enhance education and provide healthy activities that are alternatives to crime and drugs. This will be done through contractual agreements in partnership with Lincoln County Schools. Finally, funds will be used to provide salary for a Resident Coordinator to conduct drug prevention strategies such as on site monitoring, counseling with problem residents, liaison with schools, law enforcement, etc., and activities such as National Night Out Against Crime. The progress will be evaluated and monitored by measuring levels of participation in activities, grade achievement progress by students, behavioral referral levels in schools, and rates of criminal arrests and activity. This has been a successful strategy that serves all 250 of our apartments.

Section 4: Certifications

A comprehensive certification of compliance with respect to the PHDEP Plan submission is included in the “PHA Certifications of Compliance with the PHA Plan and Related Regulations.”

Lincolnton Housing Authority

Deconcentration Policy

The PHA's admission policy is designed to provide for deconcentration of poverty and income-mixing by bringing higher income tenants into lower income projects and lower income tenants into higher income projects.

Gross annual income is used for income limits at admission and for income-mixing purposes.

Skipping of a family on the waiting list specifically to reach another family with a lower or higher income is not to be considered an adverse action to the family. Such skipping will be uniformly applied until the target threshold is met.

The PHA will gather data and analyze, at least annually, the tenant characteristics of its public housing stock, including information regarding tenant incomes, to assist in the PHA's deconcentration efforts.

The PHA will use the gathered tenant incomes information in its assessment of its public housing developments to determine the appropriate designation to be assigned to the project for the purpose of assisting the PHA in its deconcentration goals.

Deconcentration and Income-Mixing Goals

Admission policies related to the deconcentration efforts of the PHA do not impose specific quotas. Therefore, the PHA will not set specific quotas, but will strive to achieve deconcentration and income-mixing in its developments.
