5.0	5-Year Plan. Complete items 5.1 and 5.2 only at 5-Year Plan update.				
5.1	Mission. State the PHA's Mission for serving the needs of low-income, very low-income, and extremely low income families in the PHA's jurisdiction for the next five years: The Phenix City Housing Authority, a public housing provider, is committed to delivering affordable housing and customer satisfaction for low-income clients. Through a combination of strong work ethic, innovation and experience, our staff will provide quality services and comprehensive solutions that are reliable, diverse and cost effective. We pledge to promote economic opportunities and safe, decent living environments for all residents free from discrimination.				
5.2	Goals and Objectives. Identify the PHA's quantifiable goals and objectives that will enable the PHA to serve the needs of low-income and very low-income, and extremely low-income families for the next five years. Include a report on the progress the PHA has made in meeting the goals and objectives described in the previous 5-Year Plan. During the next five years we plan: to continue finding ways to decrease turnaround time and address challenges due to decreased staffing with asset management – decrease from 47 days to 10 days. The average turnaround time as of fiscal year end 9-30-09 decreased to 30 days. We will continue to address ways to decrease this time. Continue modernization efforts to update apartments interior, exterior and site – complete 200 apartments, 108 apartments have been renovated as of fiscal year end 9-30-09. Address infrastructure issues in the older developments to replace old terra cotta and cast iron pipes. Using the energy audit and other published means, continue to address ways in which we can become more energy efficient to assist residents in decreasing energy costs with a goal to decrease cost by 5% within the next two years. Plan to build two or three new units at H.L. Blake with replacement funds. This elderly designated complex is always 100% occupied. Research possibility of purchasing adjacent property for additional parking for residents. Explore funding and partnership opportunities to assist residents who wish to move toward self-sufficiency through job training, educational and budgeting classes. Continue full utilization of voucher funding and seeking of property in non-poverty areas for Section 8 participants. Thirty-seven new landlords have been added to the program in the past fiscal year. Seven properties are in non-poverty areas. Initiate a Section 8 Homeownership Program within the next five years. Training opportunities for managers in asset management and maintenance staff. Continue cooperation with the City in its efforts to revitalize downtown area as it relates and enhances the quality of life for our residents. Continue to explore possibilities for location of public housing units in demographic areas to accomplish deconcentration. Become more proactive in community agencies that can work with the Authority to address specific needs of the low and very low income families. Continue reconfiguration of units through modernization to provide for more availability of one and two bedroom units – reconfigure at least 80 apartments The PCHA continues to partner with the Russell County Crisis Center to assist victims of domestic violence through provision of documentation and utility deposit assistance. Representatives of the Crisis Center provide programs for PCHA staff and residents as well as posters and brochures. Owners of Section 8 subsidized properties are encouraged to waive the 30 day move out notice in the case of domestic violence.

7.0	<p>Hope VI, Mixed Finance Modernization or Development, Demolition and/or Disposition, Conversion of Public Housing, Homeownership Programs, and Project-based Vouchers The Phenix City Housing Authority does not anticipate it will apply for HOPE VI or Mixed Finance Modernization this year. The Authority currently has an application for demolition of a building (six units – 2 bedroom, 405 A thru F) at Frederick Douglass AL002000002 pending. The application was submitted January 27, 2009.</p>
8.0	<p>Capital Improvements. Please complete Parts 8.1 through 8.3, as applicable.</p>
8.1	<p>Capital Fund Program Annual Statement/Performance and Evaluation Report. As part of the PHA 5-Year and Annual Plan, annually complete and submit the <i>Capital Fund Program Annual Statement/Performance and Evaluation Report</i>, form HUD-50075.1, for each current and open CFP grant and CFFP financing.</p>
8.2	<p>Capital Fund Program Five-Year Action Plan. As part of the submission of the Annual Plan, PHAs must complete and submit the <i>Capital Fund Program Five-Year Action Plan</i>, form HUD-50075.2, and subsequent annual updates (on a rolling basis, e.g., drop current year, and add latest year for a five year period). Large capital items must be included in the Five-Year Action Plan.</p>
8.3	<p>Capital Fund Financing Program (CFFP). <input type="checkbox"/> Check if the PHA proposes to use any portion of its Capital Fund Program (CFP)/Replacement Housing Factor (RHF) to repay debt incurred to finance capital improvements.</p>
9.0	<p>Housing Needs. Based on information provided by the applicable Consolidated Plan, information provided by HUD, and other generally available data, make a reasonable effort to identify the housing needs of the low-income, very low-income, and extremely low-income families who reside in the jurisdiction served by the PHA, including elderly families, families with disabilities, and households of various races and ethnic groups, and other families who are on the public housing and Section 8 tenant-based assistance waiting lists. The identification of housing needs must address issues of affordability, supply, quality, accessibility, size of units, and location. Based on information provided by the Alabama Consolidated Plan, HUD data, National Low Income Housing Coalition and Harvard University Joint Center for Housing Studies, the need for affordable housing is growing. Not only the elderly and disabled, but families with low or no income due to massive job losses in the current economy have a need for affordable housing. The supply of affordable, decent housing is decreasing. According to Alabama statistics, non-family households (primarily persons living alone) comprises about 1/3 of all households. Only 19% of Alabama households now contain families with children under 18. The average household size is 2.4 which seems to be very evident here. The need for one and two bedroom apartments in Phenix City is 100% greater than three and four bedroom apartments as evidenced by our waiting lists. The PCHA has no available one and two bedroom public housing units with twenty-nine applicants for one bedroom and one hundred forty-eight applicants for two bedroom on the waiting lists. Section 8 opened its waiting list in November and have housed over 100 families but the waiting list has closed with over 400 on the list and anticipates it will not be open for at least six to nine months. All current funding is being utilized as well as the restricted reserves. Funding constraints prevent issuance of additional vouchers. When funding is available through budget increase or HAP decrease, vouchers will be issued through lottery system.</p>
9.1	<p>Strategy for Addressing Housing Needs. Provide a brief description of the PHA’s strategy for addressing the housing needs of families in the jurisdiction and on the waiting list in the upcoming year. Note: Small, Section 8 only, and High Performing PHAs complete only for Annual Plan submission with the 5-Year Plan. PCHA will continue to perform modernization through reconfiguration of apartments to provide the one and two bedroom units for the needs of the community. By gutting the existing walls and re-configuring some of the three bedroom buildings, we are able to complete much needed electrical, plumbing and HVAC work adding washer/dryer connections and changing light fixtures to more efficient lighting. Section 8 program will continue to analyze comparables on an annual basis. Property owner meetings will continue on a quarterly basis to inform and explain the benefits of the voucher program and discuss payment standards and fair market rents. Financial reports are analyzed with bi-weekly meetings with Section 8 Director and Finance to discuss utilization of HAP funding to the greatest extend possible.</p>

10.0	<p>Additional Information. Describe the following, as well as any additional information HUD has requested.</p> <p>(a) Progress in Meeting Mission and Goals. Provide a brief statement of the PHA's progress in meeting the mission and goals described in the 5-Year Plan. The PCHA is working diligently to be able to maintain its mission to promote adequate and affordable housing through utilization of Capital Funds, participation in the housing authority bond issue and proper application of housing policies. Some goals over the past 5 years were to: increase occupancy, acquire units through replacement housing, adequately utilize Section 8 housing choice vouchers increasing the number of voucher participants, improve turnaround time in public housing and bring 60+ year old apartments into more market standards including better parking, interior renovations and curb appeal. Progress toward these goals are; overall vacancy rate of the Authority has consistently improved to an average of less than 3% vacancy authority-wide. We have now completed 119 totally renovated apartments and added air conditioning to 180 apartments that previously did not have air conditioning. Turnaround time in public housing decreased again this year from 47 days to 30 days.</p> <p>(b) Significant Amendment and Substantial Deviation/Modification. Provide the PHA's definition of "significant amendment" and "substantial deviation/modification" Changes in rent or admissions policies, addition of non-emergency work items (items not intended on the CFP Five Year plan, and any change with regard to demolition or disposition, designation, homeownership programs or conversion activities.</p>
