The Housing Authority of the City of Loveland received HUD authorization and began the process of Public Housing Disposition. Presently, HACOL is in the process of closing the Public Housing program and working with HUD Regional staff on the development of new affordable housing with the Public Housing Disposition Proceeds. Through this effort, the Housing Authority intends to use the PBA or Project Based Assistance guidelines to ensure ongoing assistance to residents of Loveland at the very low income levels. The Housing Authority will project base assist a minimum of 25 Vouchers during this period. Public Housing Disposition changes significantly our annual and five year plans into a Section 8 only program. The HACOL plans may be reviewed at the administrative offices – 375 West 37th Street, Loveland, CO 80538 Monday through Friday between the hours of 1:00 p.m. and 5:00 p.m. Requests must be made at the front desk inside the main door of the building.</p>

At this time, there is no further public housing program at the Housing Authority of the City of Loveland.</p>

9.0	<p>Housing Needs. Based on information provided by the applicable Consolidated Plan, information provided by HUD, and other generally available data, make a reasonable effort to identify the housing needs of the low-income, very low-income, and extremely low-income families who reside in the jurisdiction served by the PHA, including elderly families, families with disabilities, and households of various races and ethnic groups, and other families who are on the public housing and Section 8 tenant-based assistance waiting lists. The identification of housing needs must address issues of affordability, supply, quality, accessibility, size of units, and location. Based upon the present Housing Authority of the City of Loveland master waiting list there is a severe and obvious need for very-low income housing to address applicants at 30% AMI and below. Our list shows 76% of all applications on file are completed by individuals and families at 30% and below AMI (2574 applications). The next greatest need is seen by applicants at 30%-50% AMI with an application base of 709 applications. Low income to not low 50% - 80% applications are limited (113 applications) for a percentage of total waiting list of 3.1%. Our waiting list continues to support applications from families with 49.64% (1686) of all applications being from families with children. The next highest level of applications is from elderly applicants (771 applications or 23%). Finally, we host 504 (15%) of applications from applicants who claim a disability. Bedroom size requests from low income applicants indicate a strong need for 2 bedroom units (1552), next is the one bedroom unit request (1147) and finally 623 applications indicate a need for 3 bedroom units. Of note, the 1686 applications from families with children indicate a total number of 3167 children in need of affordable housing at this time. Another important source of data being used on this section is the “Larimer County Housing Needs Assessment” which was prepared in September, 2009 by the Community Strategies Institute. This study indicates “Affordability of housing still remains a significant program for many.” “Developers wishing to increase the inventory of affordable rental units are also facing challenges in programming rental units to meet demand segmented by income. The HUD Regional Economist, in the most recent Market Watch report, supports the need for rental housing units affordable to households earning less than 50% of the AMI.” (Page 55 – Larimer County Housing Needs Assessment).</p>

9.1	<p>Strategy for Addressing Housing Needs. Provide a brief description of the PHA’s strategy for addressing the housing needs of families in the jurisdiction and on the waiting list in the upcoming year. Note: Small, Section 8 only, and High Performing PHAs complete only for Annual Plan submission with the 5-Year Plan. Present plans for the Housing Authority of the City of Loveland (HACOL) include developing and working with the United States Veterans Administration for development of housing for homeless American Veterans along with services to ensure and improve their “self-determination”. The HACOL will partner with the Larimer County Mental Health organization for service delivery. In addition, we are exploring the “Green House” senior housing concept which is being addressed nationwide and supported through the Robert F. Woods Foundation. We are planning to develop and/or manage a green house type unit which will aide senior residents with independent and “assisted” living needs. Both of these concepts will assist in meeting the need of the very-low and extremely low (VA) applicants whom have indicated a need as stated above. In addition, the Housing Authority will continue to serve the needs of Family Self-Sufficiency clients, residents on the Housing Choice Voucher program whom qualify for homeownership opportunities. We continue to work with HUD Regional staff on use of Public Housing Disposition funds and project basing the Section 8 Vouchers received through that program. The HACOL would like to offer HUD VASH assistance during the next five years and anticipates applying for those important Vouchers as possible along with any increase in Vouchers that is administered through HQ.</p>
