5.0	5-Year Plan. Complete items 5.1 and 5.2 only at 5-Year Plan update.												
5.1	Mission. State the PHA's Mission for serving the needs of low-income, very low-income, and extremely low income families in the PHA's jurisdiction for the next five years: The mission of the Mansfield Housing Authority is to assist low-income families with safe, decent and affordable housing opportunities as they strive to achieve self sufficiency and improve the quality of their lives. The Housing Authority is committed to operating in an efficient, ethical and professional manner. The Housing Authority will create and maintain partnerships with its clients and appropriate community agencies in order to accomplish this mission.												

5.2	<p>Goals and Objectives. Identify the PHA’s quantifiable goals and objectives that will enable the PHA to serve the needs of low-income and very low-income, and extremely low-income families for the next five years. Include a report on the progress the PHA has made in meeting the goals and objectives described in the previous 5-Year Plan.</p> <p>GOALS AND OBJECTIVES FOR 5-YEAR PLAN 2010-2014</p> <p>1. Open the Section 8 Waiting List Annually. By selecting fewer people to be placed on the waiting list, the MHA is able to move through the list more quickly thereby providing more frequent opportunities for people to apply for the Section 8 Housing Choice Voucher Program. Opening the program for applications more frequently better meets the immediate needs of individuals and families. Success will be determined by the MHA’s ability to work through the existing waiting list and open the list annually in order to assist/serve as many families as possible.</p> <p>2. Provide full access to the rental housing market for all participants. By increasing the Payment Standard to 110%, this will allow those who are very low and extremely low income to find housing in the MHA jurisdiction. The higher payment standard more accurately reflects the market rate which expands the number of units available to the very low and extremely low income participants. This allows families full access, regardless of income, to the rental housing market in our jurisdiction. Success will be determined when families are able to lease up more easily because there is a larger selection of properties from which to choose, particularly for the three and four bedroom housing units.</p> <p>3. Streamline Administration of the Program. Streamline the process/paperwork/understanding of the program for our participants. The MHA will obtain feedback from participants regarding their understanding of program rules, required information to be reported, and annual paperwork to ensure participants have a full and accurate understanding of the program and their responsibilities. The briefing for new participants is comprehensive and the annual reevaluation is also used to review the salient parts of the program rules with each participant. Success will be determined when indicators such as: (1) the number of participants completing paperwork accurately and on time increases; (2) the number of repayment agreements required due to inaccurate income reporting decreases; and, (3) the number of terminations due to non compliance with program rules decreases.</p> <p>4. Manage the Section 8 Program to be recognized as a High Performer. Success will be determined by receiving a “High Performer” rating on SEMAP.</p> <p>5. Violence Against Women Act. The MHA Plan includes a policy to give the highest preference to anyone who is a victim of domestic violence to allow them the most immediate access to the program. For those participants already part of the program, the MHA would provide a reasonable accommodation to support the participant by allowing them to move or not terminating them due to the criminal activity relating directly to them by a member of the household or guest.</p> <p>STATUS OF GOALS AND OBJECTIVES FROM PREVIOUS 5-YEAR PLAN 2005-2009</p> <p>1. Increase the availability of decent, safe and affordable housing. We were not able to expand the supply of assisted housing by applying for additional vouchers because the high cost per voucher did not allowed us to use all the our assigned vouchers. Unless there was a change in funding, or a significant reduction in the cost per voucher, applying for additional vouchers was not feasible. Unable to access additional vouchers, the MHA sought other ways to expand the supply of assisted housing. It succeeded in increasing the supply of decent, safe and affordable housing units by increasing the payment standard which provided all participants full access to the rental housing market. This has increased the cost of each voucher, but has allowed participants increased availability of affordable housing.</p> <p>2. Ensure Equal Opportunity in Housing for all Americans. The MHA provided equal access to the Section 8 program by randomly selecting, via a lottery, applications to be placed on the MHA Waiting List. During Section 8 briefings the Section 8 Coordinator fully explains to all participants that landlords cannot discriminate based on race, color, religion, national origin, sex, familial status, disability or lawful source of income. We strongly encourage participants to report any landlord who they believe is discriminating against them to the MHA as well as filing a complaint with HUD. Each participant is provided with a Housing Discrimination Form to report claims of discrimination to HUD. The number of discrimination claims that have been brought to the MHA’s attention since the last 5-year plan was filed has been insignificant. The MHA jurisdiction does not have distinct areas of poverty/minority concentrations.</p> <p>3. Manage the MHA’s tenant-based housing assistance program in an efficient and effective manner thereby qualifying as at least a standard performer. The MHA continued to make changes in the program procedures to create efficiencies and was rated on the SEMAP as a high performer in 2008. The MHA has been a high performer in all years with the exception of 2006 in which the PHA was a standard performer. This exception was primarily due to a total turnover of personnel in 2006.</p>
