8.0	Capital Improvements. Please complete Parts 8.1 through 8.3, as applicable.
8.1	<b>Capital Fund Program Annual Statement/Performance and Evaluation Report.</b> As part of the PHA 5-Year and Annual Plan, annually complete and submit the <i>Capital Fund Program Annual Statement/Performance and Evaluation Report,</i> form HUD-50075.1, for each current and open CFP grant and CFFP financing.
	See Attachment B for the Annual Statement and Attachment C for the Performance and Evaluation Reports
8.2	<b>Capital Fund Program Five-Year Action Plan.</b> As part of the submission of the Annual Plan, PHAs must complete and submit the <i>Capital Fund Program Five-Year Action Plan,</i> form HUD-50075.2, and subsequent annual updates (on a rolling basis, e.g., drop current year, and add latest year for a five year period). Large capital items must be included in the Five-Year Action Plan.
	See Attachment D for copy of Five-Year Action Plan
8.3	Capital Fund Financing Program (CFFP). Check if the PHA proposes to use any portion of its Capital Fund Program (CFP)/ Replacement Housing Factor (RHF) to repay debt incurred to finance capital improvements.
9.0	<b>Housing Needs</b> . Based on information provided by the applicable Consolidated Plan, information provided by HUD, and other generally available data, make a reasonable effort to identify the housing needs of the low-income, very low-income, and extremely low-income families who reside in the jurisdiction served by the PHA, including elderly families, families with disabilities, and households of various races and ethnic groups, and other families who are on the public housing and Section 8 tenant-based assistance waiting lists. The identification of housing needs must address issues of affordability, supply, quality, accessibility, size of units, and location.
	For an integrated presentation of needs and strategies to address these needs; See Section 10.0 below.

-	
	<b>Strategy for Addressing Housing Needs</b> . Provide a brief description of the PHA's strategy for addressing the housing needs of families in the jurisdiction and on the waiting list in the upcoming year. Note: Small, Section 8 only, and High Performing PHAs complete only for Annual Plan submission with the 5-Year Plan.
	Need: Shortage of affordable housing for all eligible populations
	Strategy 1. Maximize the number of affordable units available to the PHA within its current resources by:
	<ul> <li>a. Reduce turnover time for vacated public housing units</li> <li>b. Seek replacement of public housing units lost to the inventory through mixed finance development</li> </ul>
	<ul> <li>Maintain or increase section 8 lease-up rates by establishing payment standards that will enable families to rent throughout the jurisdiction</li> <li>Undertake measures to ensure access to affordable housing among families</li> </ul>
	<ul> <li>assisted by the PHA, regardless of unit size required</li> <li>e. Maintain or increase section 8 lease-up rates by marketing the program to owners, particularly those outside of areas of minority and poverty concentration</li> <li>f. Participate in the Consolidated Plan development process to ensure coordination with broader community strategies</li> </ul>
	Strategy 2: Increase the number of affordable housing units by:
9.1	<ul> <li>a. Apply for additional section 8 units should they become available</li> <li>b. Leverage affordable housing resources in the community through the creation of mixed - finance housing</li> <li>c. Pursue housing resources other than public housing or Section 8 tenant-based</li> </ul>
	assistance. d. Implement Project-based Section 8 Voucher Program consistent with revised statutes.
	e. Amend Section 8 Admin Plan to allow and promote use of project-based vouchers in neighborhoods that are under a comprehensive revitalization and at other mixed- finance developments.
	Need: Specific Family Types: Families at or below 50% of median
	a. Adopt rent policies to support and encourage work
	Other Housing Needs & Strategies:
	The Authority will continue to implement a Project-based Section 8 Program (PBV) track designed to work in tandem with other sources of affordable housing finance.
	Given the historic under-funding of modernization, the Authority will be looking at ways to leverage resources to redevelop its public housing portfolio. Re-establishing a stable and viable federal housing portfolio is a major priority for the Authority over the development of incremental units but will not preclude supporting opportunities to assist other entities in the expansion of affordable housing in Stamford.

	Additional Information. Describe the following, as well as any additional information HUD has requested.

# Statement of Progress Meeting 5-Year Plan Mission & Goals

During the past year the Housing Authority of the City of Stamford continued to make progress in its targeted programs and activities.

#### **Accomplishments**

- The Authority has applied to the U.S. Department of Housing & Urban Development (HUD) for one of three slots available in the Moving to Work (MTW) Program. MTW provides for broad regulatory and statutory relief from the requirements of the 1937 Housing Act with the intent of promoting entrepreneurial activities and initiatives consistent with the mission of the Authority that help improve the quality of live for program participants through increased economic opportunity and safe and healthy residential communities for low income households.
- The Authority has continued the redevelopment process for Clinton Manor and Quintard Manor. This is an initiative to finance substantial rehabilitation of each property while retaining 100% of the units as affordable housing. Disposition Applications for both properties have been approved by the Special Application Center (SAC) and the Authority has identified financing resources each property. The Authority has applied for Relocation Section 8 Vouchers for these properties. A capital needs assessment has been completed identifying the improvements needed to upgrade the facilities.
- The Authority conducted a review and proposed an update of the policies in its Admissions and Continued Occupancy Policy (ACOP). This update is intended to clarify criteria for approving requests for a live-in aide so as to determine when a Request for a Reasonable Accomodation might be necessary.

- The Authority and its consultant completed a comprehensive review of the Section 8 Program to improve operational efficiencies and customer service. The recommendations of this study are being implemented on a phased-in basis.
- The Authority completed site improvements at Stamford Manor made possible because of land exchange with the City of Stamford. These physical improvements have enhanced site security, provide for additional parking for residents and facilitated access to the Mill River for the citizens of Stamford.
- Besides the site improvements at Stamford Manor, the development has received a new roof and will undergo significant masonry and concrete improvements through the use of federal ARRA stimulus funds starting in the Spring of .
- The Authority has accelerated implementation of HUD's Asset Management requirements that are tied to the new federal subsidy system. The Authority is in the process of defining and documenting a number of issues which the Authority anticipates will become the basis for approaching HUD on issues such as the fee structure under HUD's asset management system.
- The Authority has completed a draft Asset Based Management training manual and preliminary HUD Chart of Accounts in support of the ongoing transition and capacity building.
- The Authority completed the conversion of their Public Housing and Capital Fund financial statements in with compliance HUD Asset Based Management requirements. This included a transition to the indirect allocation method of Central Office Cost Center expenditures as well as converting the Public Housing and Capital Fund balance sheet accounts to the PHA's Asset Managed Properties (AMP's).

- The Authority has begun the process of implementing policy and procedures for the Finance Department along with restructuring the Finance Department to a property based accounting department enabling the PHA to maximize their resources both federal and non federal sources. This will enable the PHA to meet its longer term goals of becoming less reliant of subsidies and more reliant on a business model approach and asset manager of housing within the City of Stamford.
- The Authority continues to expand the ACH debit process for tenant rent payments. The Authority continues to examine other direct payment options to appeal to the broadest possible range of households.
- The Authority completed the construction and assisted-unit lease-up process for Fairgate, a 90 unit Low-Income Housing Tax Credit development and the third and final phase of the Fairfield Court HOPE VI revitalization.
- The Authority completed its HOPE VI homeownership assistance program (HOAP) placing 33 qualified households into their first homes by providing soft second mortgage-type assistance.
- In terms of the current HOPE VI funded redevelopment program, which involves the Fairfield Court Development, the Authority has completed the active development phase and is proceeding with project closeout activities.
- The Authority has implemented a series of post-installation evaluation upgrades for its HABCO IT system. These upgrades are intended to expand system utilization by current staff and facilitate future staff training and organizational capacity building.

- The Authority has launched several initiatives designed to improve customer service and community access to program information. It has launched its new website, designed to appeal to its traditional and emerging, more diverse client base. It has also prepared an Introduction to the Section 8 program booklet, in English, Spanish and Creole French, to facilitate access to program information by clients with limited web access and to address our obligation under Executive Order 13166, Improving Access to Services by Persons with Limited English Proficiency.
- The Authority has implemented a series of strategic partnerships with leading institutions and agencies in furtherance of its core mission and continues to nurture these relationships. Our partnership with Family Centers has strengthened delivery of resident services and access to the broader network of local provider partners. Our partnership with Stamford Hospital has begun to foster delivery of primary medical services in targeted neighborhoods and is facilitating redevelopment of the Vidal Court housing complex through community outreach and land exchanges.
- The Authority has designed and is producing a Resident Handbook that explains lease requirements, house rules & procedures, and community service requirements suitable for use in mixed-income developments.
- The Authority has commenced construction of Progress Drive Apartments, the first, off-site phase in the revitalization of Vidal Court, a state assisted moderate rent housing complex. This revitalization process is modeled on the HOPE VI mixed-finance, mixed-income approach that the Authority successfully implemented in the redevelopment of Southfield Village and Vidal Court. Funding will be provided by a number of sources including Project Based Section 8 Vouchers, Tax Credit Exchange (ARRA Section 1602) funds and HOME funds. Future phases will also utilize Replacement Housing Factor (RHF) funding.

- Authority staff undertook professional development training to improve its performance under the HUD PIC and REAC physical inspection programs. Its LIPH and Section 8 PIC scores have improved markedly, and its recent REAC inspection scores are significantly elevated from prior years.
- The Authority implemented a coordinated unit inspection program, modeled on REAC protocol, with the addition of a comprehensive housekeeping inspection. The purpose is to identify instances where tenant behaviors have resulted in substandard occupancy conditions and work with tenants to improve them. It has engaged its network of community and social service provider partners to provide the supports necessary to upgrade occupancy standards and avoid unnecessary lease enforcement.
- The Authority has upgraded is Human Resources capabilities and has developed an internal recruiting capacity intended to expand the labor pool for new staff. It has implemented a tuition reimbursement program to assist staff in pursuing further education. It is designing and preparing to implement a system of professional development initiatives.
- Modified the layout of the Main Office 1<sup>st</sup> floor to improve customer service and efficiency.
- Completed a comprehensive review of the organization's staffing pattern. As part of that process reviewed and modified the following: position functions, job description specifics, supervisory span of control, delegation of authority, assignment of responsibility, level of accountability and chain of command.
- Increased employee communications through the development of Town Hall style staff meetings as well as internal newsletters.

- Completed an audit of all Human Resources practices, policies, programs, files and contracts which will be used to update the COC's Personnel Policies.
- Organized a comprehensive on-boarding program and packet for new hires in order to attract new talent.
- The Executive Director and Deputy Executive Director continued an extensive series of resident association and community meetings across the entire state and federal portfolio. There is at least one meeting per month at all developments with active resident organization. A number of vexing property management issues have been addressed through the resident consultation process including: substantial improvements to parking administration, lease enforcement and development security.

And, as always, the Authority will continue to assess its administrative systems and practices in light of changing resource levels, federal policy priorities and changing local priorities.

## Statement on Compliance with the Requirements of the Violence against Women Act

The Housing Authority of the City of Stamford d/b/a Charter Oak Communities (COC) completed a review of its major policies and administrative systems for both its Public Housing and its Section 8 Programs against the requirements of the Violence Against Women and Department of Justice Reauthorization Act of 2005 (Pub. L. 109-162) and the recently issues Interim Rule on the Violence Against Women's Act, as amended. The Interim Rule was issued on November 29, 2008.

One of the key aspects of the review was to identify program requirements that might result in impediments for VAWA households in terms of their program participation.

This review confirmed that the COC already has administrative systems that allow for applicants and program participants to identify mitigating circumstances for both the public housing and Section 8 Program. Language has been developed to clarify that among the types of mitigating information documentation of the applicant or program participant being a victim of domestic violence, dating violence, or stalking, provided that such person is otherwise qualified. See attached example from the public housing program.

This expansion of the notion of mitigating information covers applicant screening, lease compliance and in the case of the Section 8 Program actions that might otherwise result in program termination. In situations in which the abuser is currently part of the household, the COC has developed policy changes that would facilitate bifurcation of assistance. The COC has also changed its Section 8 Program to give both a priority to a COC public housing resident who is qualified under VAWA definitions and at risk in their current unit as well as a general preference for victims of domestic abuse as defined under VAWA.

The PHA has adopted reasonable procedures for verification of status under VAWA using form HUD 50066, by police report or court record, or by other certifying documentation provided by an employee, agent, or volunteer of a victim service provider, an attorney, or a medical professional, from whom the victim has sought assistance

Program participants have been notified of rights under VAWA.

COC has not implemented any special supportive service programs for victims of domestic violence nor entered into any Memorandum of Agreement with local service providers. Information on referrals to local service providers that work with domestic abuse victims has been made available to staff.

### COC Public Housing Program Policy Language Re: Domestic Violence

(a) An incident or incidents of actual or threatened domestic violence, dating violence, or stalking shall not be construed as a serious or repeated violation of the lease by the victim or threatened victim of that violence and shall not be good cause for terminating the tenancy or occupancy rights of the victim of such violence. Additionally, criminal activity directly relating to domestic violence, dating violence, or stalking, engaged in by a member of a Tenant's household or any guest or other person under the Tenant's control, shall not be cause for termination of the tenancy or occupancy rights, <u>if</u> the Tenant or immediate member of the Tenant's family is a victim of that domestic violence, dating violence, or stalking.

(b) Notwithstanding subsection (a), or any Federal, State, or local law to the contrary, the Management may bifurcate a lease or remove a household member from a lease without regard to whether a household member is a signatory to a lease, in order to evict, remove, or terminate occupancy rights of any individual who is a tenant or lawful occupant and who engaged in criminal acts of physical violence against family members or others, without evicting, removing, or terminating occupancy rights, or otherwise penalizing the victim of such violence who is also a tenant or lawful occupant. Such eviction or removal of occupancy rights shall be effected in accordance with the procedures prescribed by Federal, State, and local law.

(c) Management may request a certification that an individual is a victim of domestic violence, dating violence or stalking, and that the incident(s) in question are bona fide incidents of actual or threatened abuse. Such certification must include the name of the perpetrator, and may be in the form of (i) HUD Form 50066, or other HUD approved certification form, (ii) a court record, or (iii) documentation signed by an employee, agent or volunteer of a victim service provider, an attorney, or medical professional from whom the individual has sought assistance which attests to the bona fide existence of such actual or threatened abuse.

(d) Nothing in this Section:

(1) limits Management from honoring court orders addressing rights of access to or control of the property, including civil protection orders issued to protect the victim or issued to address the distribution or possession of property among the household members in cases where a family breaks up;

(2) limits Management from evicting a Tenant for any violation of a lease not premised on the act or acts of violence in question against the Tenant or a member of the Tenant's household, provided that Management does not subject an individual who is or has been a victim of domestic violence, dating violence, or stalking to a more demanding standard than other Tenants in determining whether to evict;

(3) limits Management from terminating the tenancy of any Tenant if Management can demonstrate an actual and imminent threat to other Tenants or those employed at or providing service to the premises if that Tenant is not evicted; or

(4) supersedes any provision of any Federal, State, or local law that provides greater protection than this section for victims of domestic violence, dating violence, or stalking.

(e) All information Management may request to confirm domestic violence, dating violence or stalking victim status, pursuant to federal law, shall be retained in confidence by Management, and shall not be entered into any shared database, except to the extent that disclosure is:

- (1) requested or consented to by the individual in writing;
- (2) required for use in an eviction proceeding; or
- (3) otherwise required by applicable law.

#### Narrative Justification for Approval of DDA 4039 Disposition of Connecticut Commons (CT 7-17)

This application is for the disposition of eight (8) units of federal family public housing in support of the redevelopment of Vidal Court, a state-aided moderate income family development. The eight (8) units proposed for disposition will be replaced with nine (9) units of federal ACC units. Connecticut Commons (CT 7-17) is to be folded into the second of four phases of the Vidal Court revitalization program, in combination with a 6.5 acre site adjacent to Connecticut Commons that the Authority has acquired. The name of the new development is Palmer Square and it is the second of four phases of redevelopment for Vidal Court.

In the redevelopment plan, the Authority has created a truly neighborhood-wide opportunity for revitalization of the West Side of Stamford, especially in the area around Stamford Hospital. The four separately located mixed-income phases of the Vidal Court revitalization will produce 216 affordable housing units to replace those lost at Vidal Court as well as approximately 144 market rate rental units for a total of 360 units new to the marketplace.

The Palmer Square development plan which has received final City zoning approval, calls for a total of 76 units, including 37 affordable Vidal Court replacement units, eight ACC units to replace CT Commons plus one additional ACC unit for a total of nine (9), and 30 market rate units. Two of the four existing CT Commons structures, containing four dwelling units, will be demolished and replaced with new structures and two structures, also containing four dwelling units, will be comprehensively rehabilitated resulting in the full replacement of units proposed for removal under Section 18 of the 1937 Housing Act. The overall program will result in one-for-one replacement of all current units considered affordable under state statutes.

The basis of the action is found under Section 18 of the 1937 Housing Act is pursuant to 24 CFR 970.17(c) & (d)

(b) Disposition allows the acquisition, development, or rehabilitation of other properties that will be more efficiently or effectively operated as low-income housing developments;

(c) The PHA has otherwise determined the disposition to be appropriate for reasons that are consistent with the goals of the PHA and the PHA Plan and that are otherwise consistent with the Act;

Housing Authority of the City of Stamford, CT07000001 Connecticut Common (CT 7-17) Disposition Buildings: 4, Units: 8, Acres: .78

This disposition is being submitted as a "Disposition at less than Fair Market Value", and the Executive Summary from an appraisal prepared by Kerin & Fazio, LLC is included as an attachment to the application.

The Housing Authority of the City of Stamford (HACS) will execute a ground lease with a single purpose entity, the Palmer Square Housing Development LLC, of which HACS is the sole member.

A resident consultation process with the current tenants of these units has been ongoing, but the official meeting to notify and discuss the intent of the WHHA to submit a disposition application occurred on April 29, 2010. An sign-in sheet as well as a letter of support is provided. The intent to submit the application was discussed as part of the Resident Advisory Board (RAB) Process and is fully reflected in the most recent Agency Plan submission.

A letter of support was obtained from the Mayor and is dated May 19, 2010. The City has been part of an extensive and ongoing consultation process that has included zoning relief, environmental clearance activities as the "responsible entity" and support for funding applications.

The Board of Commissioners passed a resolution that authorized the disposition application on May 26, 2010.

The City of Stamford has completed a clearance process under 24 CFR 58 and has forwarded its finding to the HUD Hartford Office. We are awaiting their 'Release of Funds' notice to complete the review process pertinent to this application.
