# **6.0** PHA Plan Elements

# 903.7(1) Eligibility, Selection and Admissions Policies, including Deconcentration and Wait List Procedures

# A. Public Housing

Public Housing policies that govern resident or tenant eligibility, selection and admission (including preferences), unit assignment, procedures to maintaining waiting list for admission to public housing and site-based waiting lists (if applicable).

# (1) Eligibility NO CHANGE

The Pahokee Housing Authority verifies eligibility for admission to public housing when families are within the first twenty (20) of being offered a unit.

The PHA uses the following non-income screening factors to establish eligibility for admission to public housing:

- Criminal or Drug-related activity
- Rental history
- Housekeeping
- The PHA will attempt to ascertain whether domestic violence was a factor in the poor rental and tenancy history and exercise discretion in determining suitability for tenancy, taking into consideration the circumstances that may have contributed to the negative reporting.

The Housing Authority requests criminal records from the following enforcement agencies for screening purposes:

- Local law enforcement agencies
- State law enforcement agencies

# (2) Selection and Assignment *NO CHANGE*

Selection for admission to public housing shall be made from the PHA's current waiting list in accordance with date and time of application and applicable preference(s) as follows.

# (3) Preferences NO CHANGE

The PHA does plan to exceed the federal targeting requirements by targeting more than 40% of all new admissions to public housing to families at or below 30% of the median area income.

6.0	It is the policy of the PHA that transfers will take precedence over new
0.0	admissions in the following circumstances:
	<ul> <li>Emergencies</li> <li>Under-housed</li> <li>Medical justification</li> <li>Administrative reasons determined by the PHA</li> <li>Domestic Violence</li> </ul>
	The PHA has established preferences for admission to public housing other than date and time of application. The PHA plans to employ the following admission preferences for admission to public housing:
	PriorityPreference1- Involuntary Displacement (Disaster, Government Action, Action of Housing Owner, Inaccessibility, Property Disposition)1- Victims of domestic violence1- Working families and those unable to work because of age or disability1- Veterans and veterans' families1- Residents who live and/or work in the jurisdiction
	There are points associated with each preference:
	Involuntary Displacement – 100 points  Victims of domestic violence – 50 points  Working families and those unable to work because of age or disability – 50 points  Veterans and veterans' families – 50 points  Resident who live and/or work in the jurisdiction – 50 points
	The more preference points that apply to an applicant, the higher their status on the waiting list. Where preferences are equal, as to unit size, date and time will determine the next applicant to be admitted.
	In relationship of preferences to income targeting requirements, the pool of applicant families ensures that the PHA will meet income targeting requirements.
	(4) <u>Unit Assignment</u> NO CHANGE
	Applicants are ordinarily given two (2) vacant unit choices before they fall to the bottom of, or are removed from the waiting list. This policy is consistent across all waiting list types.

The Pahokee Housing Authority maintains a community-wide waiting list.

(5) Maintaining Waiting List NO CHANGE

Interested persons may apply for admission to public housing at the main administrative office located at 465 Friend Terrace, Pahokee, FL 33476.

Applicants and residents may use the following reference materials to obtain information about the rules of occupancy of public housing.

- The PHA-resident lease
- The PHA's Admissions and Continued Occupancy Policy
- PHA briefing seminars or written materials

Residents must notify the PHA of changes in family composition:

- At an annual reexamination and lease renewal
- At any time family composition changes
- At family request for revision

# (6) <u>Deconcentration and Income Mixing</u>

The PHA has performed its annual deconcentration and income mixing analysis to determine if the PHA has any general occupancy public housing developments covered by the deconcentration rule. The analysis results follow:

The PHA does have general occupancy public housing developments covered by the deconcentration rule.

None of the covered developments have average incomes that fall above or below the Established Income Range.

The Pahokee Housing Authority does not plan to operate any site-based waiting lists.

## B. Section 8

Section 8 HCV policies that govern participant eligibility and selection for assistance (including preferences), and procedure for maintaining waiting list.

# (1) Eligibility NO CHANGE

The PHA conducts screening to the extent of:

- Criminal or Drug-related activity only to the extent required by law or regulation
- Domestic Violence Attempt to ascertain whether domestic violence was a factor in the poor rental and tenancy history or criminal activity and exercise discretion in determining suitability for tenancy about the circumstances that may have contributed to the negative reporting.

# The Housing Authority requests criminal records from the following enforcement agencies for screening purposes:

- Local law enforcement agencies
- State law enforcement agencies

The PHA shares the following information with prospective landlords:

Rental history and any other information the HA may have about the potential tenant which is not considered confidential.

# (2) Waiting List Organization NO CHANGE

The Pahokee Housing Authority's waiting list for the section 8 tenant-based assistance is not merged with any other program waiting list.

Participants may apply for admission to section 8 tenant-based assistance at:

■ PHA main administrative office

# (3) Search Time *NO CHANGE*

The PHA does give extensions on standard 60-day period to search for a unit.

• If the Authority believes there is a reasonable possibility that the applicant may find a suitable unit with additional advice and/or assistance.

# (4) <u>Preferences</u>

The PHA does plan to exceed the federal targeting requirements by targeting more than 75% of all new admissions to the section 8 program to families at or below 30% of the median area income.

The PHA has established preferences for admission to section 8 tenant-based assistance other than date and time of application. The PHA plans to employ the following admission preferences for admission to section 8 tenant-based assistance:

<b>Priority</b>	<u>Preference</u>
1	- Working families and those unable to work because of age or
	disability
1	- Veterans and veterans' families
1	- Residents who live and/or work in the jurisdiction
1	- Elderly and disabled applicants will be housed over other singles
	for the same size unit (one bedroom)

Among applicants on the waiting list with equal preference status are selected by date and time of application.

The preference "residents who live and/or work in the jurisdiction" has previously been reviewed and approved by HUD.

In relationship of preferences to income targeting requirements, the pool of applicant families ensures that the PHA will meet income targeting requirements.

# (5) Special Purpose Section 8 Assistance Programs NO CHANGE

The policies governing eligibility, selection and admissions to any specialpurpose section 8 program administered by the PHA are contained in the following documents or other reference materials:

- The Section 8 Administrative Plan
- Briefing sessions and written materials

# **6.0** 903.7 (3) Rent Determination Policies

# A. Public Housing

## (1) <u>Income Based Rent Policies</u> *NO CHANGE*

a. Use of discretionary policies

The PHA will employ discretionary rent-setting policies for income based rent in public housing.

## b. Minimum Rent

The PHA's minimum rent is \$50.00.

The PHA has adopted the following discretionary minimum rent hardship exemption policies.

# **Exemption for Hardship Circumstances**

The Housing Authority shall immediately grant an exemption from application of the minimum monthly rental account to any family unable to pay such amount because of financial hardship, which shall include situations in which:

- a. The Family has lost eligibility for or is awaiting an eligibility determination for a federal, state, or local assistance program, including a family that includes a member who is an alien lawfully admitted for permanent residence under the Immigration and Nationality Act who would be entitled to public benefits by for title IV of the Personal Responsibility and Work Opportunity Reconciliation Act of 1996;
- b. The family would be evicted as a result of the imposition of the minimum rent requirement;
- c. The income of the family has decreased because of changed circumstances, including loss of employment;
- d. A death in the immediate family has occurred.

If a resident requests a hardship exemption and the Housing Authority reasonably determines the hardship to be of a temporary nature, an exemption shall not be granted during the 90-day period beginning upon the making of a request for the exemption. A resident shall not be evicted during the 90-day period for non-payment of rent. In such a case, if the resident thereafter demonstrates that the financial hardship is of a long-term basis, the Housing Authority shall retroactively exempt the resident from applicability of the minimum rent requirement for such 90-day period.

c. Rents set at less than 30% than adjusted income

The PHA does not plan to charge rents at a fixed amount or percentage less than 30% of adjusted income. (if yes, list the amounts or percentages charged and the circumstances)

d. Discretionary deductions and/or exclusion policies

The PHA does not plan to employ any discretionary (optional) deductions and/or exclusions policies.

# e. Ceiling Rents

The PHA does not have ceiling rents.

#### f. Rent Re-determinations

Between annual income reexaminations, the tenant is required to report changes in income or family composition to the PHA such that the changes result in an adjustment to rent as follows:

- The loss or addition of an income source
- The loss or addition of a wage earner

# g. Individual Savings accounts (ISAs)

The PHA does not plan to implement individual savings accounts for residents as an alternative to the required 12 month disallowance of earned income and phasing in of the rent increase in the next year.

#### (2) Flat Rents *NO CHANGE*

The PHA used the following sources of information in setting the market-based flat rents to establish comparability.

- The section 8 rent reasonableness study of comparable housing
- Survey of rents listed in local newspaper
- Survey of similar unassisted units in the neighborhood

# B. Section 8 Tenant-based Assistance

## (1) Payment Standards NO CHANGE

The PHA's payment standard is:

At or above 90% but below 100% of FMR

The PHA selected this standard because it:

Reflects market or submarket.

The PHA reevaluates the payment standards for adequacy annually and considers the following factors in its assessment of the adequacy:

- Success rates of assisted families
- Rent burdens of assisted families

## (2) Minimum Rent NO CHANGE

The PHA's minimum rent is \$50.00.

The PHA has adopted the following discretionary minimum rent hardship exemption policies.

The assisted family may apply for a hardship when the family has:

- a. Lost eligibility while awaiting determination for Federal, State or Local assistance.
- b. Would be evicted as a result of the requirement.
- c. Family income decreases because of changes in circumstances (unemployed)
- d. Death in the immediate family.
- e. Other circumstances determined by the PHA and/or HUD.

If a family requests a Hardship Exception, the PHA will require reasonable documentation to determine if the hardship exists, and if it exists, whether the hardship is temporary (90 days) or long term.

If the PHA determines no hardship exists under the statute, minimum rent is imposed retroactively. If the PHA determines the hardship is temporary, no minimum rent will be collected for the 90 day suspension period. The PHA will then impose minimum rent retroactively with a reasonable repayment agreement offered.

If the hardship is of long term duration, minimum rent will be exempted retroactively to the date of the family's request for an exception, and will be reviewed on a monthly basis. The family has the right to an informal hearing if applicable.

#### C. Welfare Benefit Reductions

The PHA is complying with the statutory requirements of section 12(d) of the U.S. Housing Act of 1937 (relating to the treatment of income changes resulting from welfare program requirements) by:

- Adopting appropriate changes to the PHA's public housing rent determination policies and train staff to carry out those policies
- Informing residents of new policy on admission and reexamination

## D. Community Service Requirement

Pursuant to section 12(c) of the U. S. Housing Act of 1937, the PHA will comply with requirements of community service by identifying the number of tenants required to perform community service, the number of tenants granted exemptions, the number of tenants in non-compliance, and the number of tenants terminated/evicted due to non-compliance.

## **Description of the Community Service Plan**

Section 512 of the Quality Housing and Work Responsibility Act of 1998, requires non-exempt residents of public housing, to contribute eight (8) hours of community service each month, or to participate in self-sufficiency program for eight (8) hours each month.

**PHA Obligations:** Housing Authorities, to the greatest extent possible, should assist non-exempt residents with contact at agencies to fulfill their community service obligations.

PHAs should ensure that each household member (i.e. 18 years or older), understands their obligation under the Community Service rule, as well as provide appropriate forms for claiming *exempt* or *non-exempt* status and for tracking of community service hours. PHA must also assure that procedures are in place to assist residents in changing their community service status. It is a residents' responsibility to report a change from exempt to non-exempt. PHA must document compliance or non-compliance in each residents file.

**Exemptions:** All exemptions (identified in PHA Community Service Policy) must be appropriately verified and documented in the resident file. PHA's Community Service Policy is available for public review at any reasonable time (work hours).

**Family Obligations:** At time of annual recertification, each adult household member must present their completed monthly record/certification of prior twelve month community service activities.

Noncompliance: Should a resident fail to comply with the Community Service Requirement, PHA must give them written notification of the noncompliance and give them an opportunity to cure the noncompliance within a specified time frame (90 days), during the next twelve (12)-month period. Should resident *still* fail to comply, PHA must not renew their leases. However, if the noncompliant adult moves out of the unit, the lease may be renewed. Families must be given the opportunity to grieve PHA's adverse decisions, with respect to community service compliance.

# Administrative steps taken to implement the community service requirement.

PHA has taken the steps necessary to implement the Community Self-Sufficiency Requirement, as mandated by QWHRA.

**Housing Needs**. Based on information provided by the applicable Consolidated Plan, information provided by HUD, and other generally available data, make a reasonable effort to identify the housing needs of the low-income, very low-income, and extremely low-income families who reside in the jurisdiction served by the PHA, including elderly families, families with disabilities, and households of various races and ethnic groups, and other families who are on the public housing and Section 8 tenant-based assistance waiting lists. The identification of housing needs must address issues of affordability, supply, quality, accessibility, size of units, and location, rate the impact of that factor on the housing needs for each family type, from 1 to 5, with 1 being "no impact" and 5 being "severe impact".

9.1 Strategy for Addressing Housing Needs. Provide a brief description of the PHA's strategy for addressing the housing needs of families in the jurisdiction and on the waiting list in the upcoming year. Note: Small, Section 8 only, and High Performing PHAs complete only for Annual Plan submission with the 5-Year Plan.

# **Strategies**

Need: Shortage of affordable housing for all eligible populations

PHA shall maximize the number of affordable units available to the PHA within its current resources by:

- Employ effective maintenance and management policies to minimize the number of public housing units off-line
- Reduce turnover time for vacated public housing units
- Reduce time to renovate public housing units
- Undertake measures to ensure access to affordable housing among families assisted by the PHA, regardless of unit size required
- Maintain or increase section 8 lease-up rates by marketing the program to owners, particularly those outside of areas of minority and poverty concentration
- Maintain or increase section 8 lease-up rates by effectively screening Section 8 applicants to increase owner acceptance of program
- Participate in the Consolidated Plan development process to ensure coordination with broader community strategies

PHA shall increase the number of affordable housing units by:

- Apply for additional section 8 units should they become available
- Pursue housing resources other than public housing or Section 8 tenant-based assistance

Need: Specific Family Types: Families at or below 30% of median

PHA shall target available assistance to families at or below 30 % of AMI

- Exceed HUD federal targeting requirements for families at or below 30% of AMI in public housing
- Exceed HUD federal targeting requirements for families at or below 30% of AMI in tenant-based section 8 assistance
- Adopt rent policies to support and encourage work

Need: Specific Family Types: Families at or below 50% of median

PHA shall target available assistance to families at or below 50% of AMI

- Employ admissions preferences aimed at families who are working
- Adopt rent policies to support and encourage work

Need: Specific Family Types: The Elderly

PHA shall target available assistance to the elderly:

 Apply for special-purpose vouchers targeted to the elderly, should they become available

# **9.1** Need: Specific Family Types: Families with Disabilities

PHA shall target available assistance to Families with Disabilities:

- Carry out the modifications needed in public housing based on the section 504
   Needs Assessment for Public Housing
- Apply for special-purpose vouchers targeted to families with disabilities, should they become available

Need: Specific Family Types: Races or ethnicities with disproportionate housing needs

PHA shall increase awareness of PHA resources among families of races and ethnicities with disproportionate needs:

 Affirmatively market to races/ethnicities shown to have disproportionate housing needs

PHA shall conduct activities to affirmatively further fair housing

- Counsel section 8 tenants as to location of units outside of areas of poverty or minority concentration and assist them to locate those units
- Market the section 8 program to owners outside of areas of poverty /minority concentrations

Reason for Selecting Strategies

- Funding constraints
- Staffing constraints
- Evidence of housing needs as demonstrated in the Consolidated Plan and other information available to the PHA
- Results of consultation with residents and the Resident Advisory Board

- **10.0 Additional Information**. Describe the following, as well as any additional information HUD has requested.
  - (a) Progress in Meeting Mission and Goals

Goals identified by PHA for their 2008 Five Year/Annual PHA Plan and progress made on each goal and objective.

### **HUD Strategic Goal: Increase the availability of decent, safe, and affordable housing.**

- PHA Goal: Expand the supply of assisted housing Objectives:
  - Apply for additional rental vouchers: *The Housing Authority will continue to apply for additional vouchers as they become available.*
  - Acquire or build units or developments: The Housing Authority will look at purchasing older homes and renovating them. Once they are renovated, they may be rented or sold depending on what is the best course of action at that time. This process will be conducted through PADEVCO, Inc.
  - Other (list below)
    - The Housing Authority will take four and five bedroom units that are hard to rent and renovate into two units and/or smaller units.
    - Dispose of vacant property for development of more decent, safe and affordable housing.

#### **Progress Statement:**

- PHA's effort to apply for additional vouchers is on-going. PHA received 40 vouchers during the past fiscal year. With these vouchers PHA was able to house families into low poverty areas.
- The PHA sought and received proposals to hire a development consultant to begin development activities on one of its recently demolished properties L. L. Stuckey Homes. PHA will strive to meet the desires of former Stuckey Residents and the local community, which is in part, to create a mixed income community that would provide homeownership opportunities to low income families, as well as decent and safe housing for seniors. PHA is exploring partners to accomplish this important goal.
- PHA has begun renovation of hard to rent larger units by converting them into more marketable and more attractive smaller units.
- PHA Goal: Improve the quality of assisted housing Objectives:
  - Improve public housing management: (PHAS score) Even though the Housing Authority is a High Performer with a current PHAS score of 90, the Authority will focus on the Physical Assessment Sub-System as that area was the lowest. The Authority will develop an Improvement Plan based on the latest inspection reports.

#### $\boxtimes$ 10.0 Increase customer satisfaction: The Housing Authority will continue to focus on keeping residents satisfied. The Resident Survey Followup Plan will be used to help increase customer satisfaction. $\boxtimes$ Renovate or modernize public housing units: The Capital Fund Program will be used to renovate the housing stock as needed. The CFP Annual Statement and Five-Year Plan are included as attachments of this Agency Plan. $\boxtimes$ Demolish or dispose of obsolete public housing: *Demolish 40 units* at LL Stuckey Homes due to hurricane damage. Provide replacement public housing: Long term Provide replacement vouchers: Other: (list below) Reconfigure hard to rent efficiency units at Padgett Island to increase living space. Dispose of LL. Stuckey Homes for homeownership and housing for elderly and disabled families. Seek Replacement Housing Factor funds. Demolish 7 two story building at Fremd Village to decrease density. This will be completed in phases. Dispose of vacant property for affordable housing development. **Progress Statement:** Improve PHA Management: HA has established a new maintenance and

- improvement plan to address areas identified under PHA' Physical Assessment Sub-System. This plan enabled the PHA to identify needs and strengthen its practices with respect to physical conditions.
- Customer Satisfaction: Customer satisfaction is of utmost importance to the Housing Authority. The HA continues to provide periodic training to staff to enhance customer satisfaction. HA also uses Resident Surveys, personal contacts, resident meetings, and comment boxes, as means of obtaining and addressing residents concerns.
- Renovate/modernize PHA units: (Same)
- Demolish/Dispose of obsolete PH units: PHA completed the demolition of 40 units at LL Stuckey Homes that were damaged by the 2005 hurricane. PHA will continue its plan to demolish 8 buildings in Fremd Village. Seven of the buildings will be demolished to decrease density and one building was structurally comprised by the Hurricane.
- Other:
  - HA has received the funding under the Capital Fund program to reconfigure hard to rent efficiency units at Padgett Island to increase living space. This renovation project is expected to begin during the upcoming fiscal year.
  - Seek Replacement Funding: This initiative is on-going.
  - Demolish 7 two story buildings at Fremd Village to decrease density. PHA will also demolish 1, one story building that was structurally damaged by the 2005 Hurricane.

<u>Recommendation #1:</u> Residents would like for PHA to make training available to residents on Violence Against Women Act, so that the residents can understand their rights and protection under this act.

**PHA Response:** PHA has included training in its Capital Fund plan to address this recommendation.

**Recommendation #2:** PHA should work closely with the local college to promote self-sufficiency.

**PHA Response:** While PHA currently works with the local college; PHA will be hiring a Residents Services Coordinator to ensure that residents access programs to enhance self-sufficiency.

<u>Recommendation #3:</u> PHA needs to provide housing keeping training to residents.

**PHA Response:** PHA currently requires new move-ins to view videos on general housekeeping standards; however, PHA will extend this training to its residents. PHA believes this initiative can be handled absent additional funding request under its Capital Fund Program.

**Recommendation #4:** Residents needs to be more involved in Community Observer Policing program to promote safety and help combat crime.

**PHA Response:** PHA currently offers meeting space to the Palm Beach County Sheriff's Office to hold its Community Observer Policing (COP) meetings. PHA will continue to make residents aware of the program through newsletters and meetings with residents; however, COP is a strictly volunteer program, which means it is a resident's choice whether or not they want to participate in the program.

**Recommendation #5:** Residents would like PHA to consider constructing a gated community for seniors.

**PHA Response:** This recommendation is presently being explored by PHA and is included in Agency Plan.

**Recommendation #6:** Residents recommends that PHA build homes so that qualified residents can become homeowners in a city that they love, Pahokee.

**PHA Response:** This recommendation is presently being explored by PHA and is included in Agency Plan.
