## **CENTRAL OREGON REGIONAL HOUSING AUTHORITY PUBLIC HOUSING DECONCENTRATION ANALYSIS**

February 1, 2000

*The Central Oregon Regional Housing Authority's Public Housing family development units are located on scattered sites in Deschutes and Jefferson Counties. The sites are small, consisting of an average of three (3) units per site.*

All sites are occupied by primarily Very Low Income and Extremely Low Income families.

All developments are located in higher income (low poverty rate) census tracts, with poverty rates ranging from 5.6% to 17.5%.

At this time it appears that there is no concentration of poverty in CORHA's Public Housing Developments, although it would continue to be beneficial to mix higher income families into it's sites. CORHA will continue to monitor the incomes of all Public Housing families, and will strive to house higher income families as appropriate.
