The PHA will also encourage self-sufficiency of participant families and assist in the expansion of family opportunities which address educational, socio-economic, recreational, and other human service needs. We will create positive public awareness and expand the level of family, owner, and community support in accomplishing the mission of the PHA. We will attain and maintain a high level of standards and professionalism in our day-to-day management in all program components. We will administer an efficient, high-performing agency through continuous improvement of Housing Choice Voucher support systems and commitment to our employees and their development. We will try to ensure that all units meet Housing Quality Standards and families pay fair and reasonable rents. The PHA will promote fair housing and the opportunity for very-low income families of all ethnic backgrounds to experience freedom of housing choice. We will promote a housing program which maintains quality service and integrity while providing an incentive to private property owners to rent to very low income families, and will also promote a market-driven housing program that will help qualified low income families be successful in obtaining affordable housing and increase the supply of housing choices for such families.

8.3	Capital Fund Financing Program (CFFP). <input type="checkbox"/> Check if the PHA proposes to use any portion of its Capital Fund Program (CFP)/Replacement Housing Factor (RHF) to repay debt incurred to finance capital improvements.																																										
9.0	<p>Housing Needs. Based on information provided by the applicable Consolidated Plan, information provided by HUD, and other generally available data, make a reasonable effort to identify the housing needs of the low-income, very low-income, and extremely low-income families who reside in the jurisdiction served by the PHA, including elderly families, families with disabilities, and households of various races and ethnic groups, and other families who are on the public housing and Section 8 tenant-based assistance waiting lists. The identification of housing needs must address issues of affordability, supply, quality, accessibility, size of units, and location.</p> <p>The housing needs of the low-income, very low-income and extremely low-income families are constantly reviewed with regard to those current and potential participants of the Section 8 Housing Choice Voucher Program. Affordability is reviewed annually when determining whether to increase or decrease payment standards. In addition, the Authority ensures that a family pays no more than 40% of their monthly adjusted income towards rent and utilities at initial occupancy, thereby allowing families to have a more viable and stable economic and living environment.</p> <p>The Authority monitors the special needs categories of those utilizing the program as well as those families selected from the waiting list. Whenever a PHA issues a voucher to a family that includes a person with disabilities, the PHA provides a current listing of available accessible units known to the PHA and, if necessary, otherwise assist the family in locating an available accessible dwelling unit. Currently there are 681 families on the Authority's Section 8 Housing Choice Voucher Program waiting list. Approximately 644 are extremely low-income and about 5% represent very low-income and low-income families. The Authority will continue to target families whose income is at or below 30% of the area median income.</p> <p>The supply of safe, decent, affordable housing has consistently been a barrier within the housing industry. However, the Authority works closely with local landlords and educates them regarding the Housing Choice Voucher Program. The PHA also educates participants to enable families to make better informed housing decisions and be able to move out of the areas of high concentrations of poverty and minority populations.</p> <p>The staff of the Authority are continually improving customer service to both internal and external customers and are able to direct families to other agencies/organizations or websites in an effort to assist them with their housing needs.</p> <table border="1" data-bbox="240 772 1321 1276"> <thead> <tr> <th>Items</th> <th># of Families</th> <th>%of Total Families</th> </tr> </thead> <tbody> <tr> <td>W. 9.1	<p>Strategy for Addressing Housing Needs. Provide a brief description of the PHA's strategy for addressing the housing needs of families in the jurisdiction and on the waiting list in the upcoming year. Note: Small, Section 8 only, and High Performing PHAs complete only for Annual Plan submission with the 5-Year Plan.</p> <p>The Authority will continue to consult the Consolidated Plan in an effort to further address the needs of the low income, very low income and extremely low income populations. The Voucher Program will accomplish this by careful review of payment standards within our jurisdiction, maximizing the number of affordable units available within its current resources, and applying for additional funding, when available. We will maintain or increase Section 8 lease-up rates by continuing to market the program to landlords, particularly those outside areas of high concentrations of poverty and minority populations. It is important to continue effectively screening applicants to increase owner acceptance of the program and further develop mutually supportive relationships that expand our ability to provide affordable housing while enhancing the value of investment. We will continue to conduct public relations and outreach with affordable housing advocates, social service agencies and landlords concerning program availability, thereby enhancing program visibility.</p> <p>Educating the public about the importance of safe, decent, affordable housing will remain a priority. Communities will become more viable and strengthened through economic development and improved infrastructure and services. This creates a safe and suitable living environment through accessibility to various facilities and services and other critical community needs for the low-income, very low-income, and extremely low-income families.</p>
