ARMSTRONG COUNTY HOUSING AUTHORITY
PUBLIC HOUSING DECONCENTRATION POLICY
NOVEMBER, 1999

STATUTORY BASIS

Section 513 of the Quality Housing and Work Responsibility Act of 1998 (QHWRA) imposes income targeting requirements in public housing. Forty percent of all new admissions must be families with incomes at the time of their admission that does not exceed 30% of the area median income.

In complying with this income targeting requirement, a PHA may not concentrate very low income families in public housing dwelling units in certain public housing communities or certain buildings within communities. Each PHA is required to adopt an admissions policy designed to provide for deconcentration of poverty and income mixing by bringing higher income tenants into lower income developments and lower income tenants into higher income developments.

In implementing this requirement, a PHA may offer incentives for eligible families having higher incomes to occupy a dwelling unit in properties predominantly occupied by eligible families having lower incomes. The PHA may also offer incentives for eligible families having lower incomes to occupy a dwelling unit in properties predominantly occupied by eligible families having higher incomes.

These incentives may be made available by a PHA only in a manner that allows for the eligible family to have the sole discretion in determining whether to accept the incentive. A PHA may not take any adverse action toward any eligible family for choosing not to accept an incentive and occupancy of a development. However, the skipping of a family on a waiting list to reach another family to implement a deconcentration policy shall not be considered an adverse action. The PHA must implement this policy in a manner that does not prevent or interfere with the use of site based waiting lists.

FACTFINDING

In order for the Armstrong County Housing Authority to implement Section 513 of QHWRA, an analysis of household income will be undertaken and updated at least annually. The analysis will include an evaluation of the average family income in each public housing community..

**ARMSTRONG COUNTY HOUSING AUTHORITY
INCOME EVALUATION OF PUBLIC HOUSING STOCK
DECONCENTRATION POLICY**

The Armstrong County Housing Authority's Deconcentration Policy shall be incorporated into the Agency's Admissions and Continued Occupancy Policy (ACOP).

It is the Armstrong County Housing Authority's policy to provide for deconcentration of poverty and encourage income mixing by bringing higher income families into lower income developments and lower income families into higher income developments. Toward this end, we will skip families on the waiting list to reach other families with a lower or higher income. We will accomplish this in a uniform and non-discriminating manner.

The Armstrong County Housing Authority will affirmatively market our housing to all eligible income groups. Lower income residents will not be steered toward lower income developments and higher income people will not be steered toward higher income developments.

Prior to the beginning of each fiscal year, we will analyze the income levels of families residing in each of our developments, the income levels of census tracts in which our developments are located, and the income levels of the families on the waiting list. Based on this analysis, we will determine the level of marketing strategies and deconcentration incentives to implement.

DECONCENTRATION INCENTIVES

The Armstrong County Housing Authority may offer one or more incentives to encourage applicant families whose income classification would help to meet the deconcentration goals of a particular development. Various incentives may be used at different times, or under different conditions, but will always be provided in a consistent and nondiscriminatory manner.

OFFER OF A UNIT

When the Armstrong County Housing Authority discovers that a unit will become available, we will contact the first family on the waiting list who has the highest priority for this type of unit or development and whose income category would help to meet the deconcentration goal and/or the income targeting goal.

The Armstrong County Housing Authority will attempt to contact the family first by telephone. If the family cannot be reached by telephone, the family will be notified via first class mail. The family will be given ten (10) business days from the date the letter was mailed to contact the Armstrong County Housing Authority.

The family will be offered the opportunity to view the unit. After the opportunity to view the unit, the family will have two (2) business days to accept or reject the unit. This verbal offer and the family's decision must be documented in the applicant file. If the family rejects the offer of the unit, the Armstrong County Housing Authority will send the family a letter documenting the offer and the rejection.

REJECTION OF UNIT²REJECTION OF UNIT

If in making the offer to the family the Armstrong County Housing Authority skipped over other families on the waiting list in order to meet their deconcentration goal or offered the family any other deconcentration incentive and the family rejects the unit, the family will not lose their place on the waiting list and will not be otherwise penalized.

If the Armstrong County Housing Authority did not skip over other families on the waiting list to reach this family, did not offer any other deconcentration incentive, and the family rejects the unit without good cause, the family will forfeit their application's date and time. The family will keep their preferences, but the date and time will be changed to the date and time the unit was rejected.

If the family rejects with good cause any unit offered, they will not lose their place on the waiting list. Good cause includes reasons related to health, proximity to work, school, and childcare (for those working or going to school). The family will be offered the right to an informal review of the decision to alter their application status.

**RESIDENT ADVISORY BOARD MEETING
QHWRA AGENCY PLAN
THURSDAY, SEPTEMBER 2, 1999**

In Attendance: Marty Cassesse, Occupancy Director
Residents as listed on sign-in sheet

Communities not represented: Armstrong Court, Allegheny Manor, South Apartments, Luxemburg Manor, and Lee Haven Towers

Representatives were welcomed and thanked for their time and interest in attending. It was stated that discussion would be kept to Agency Plan and QHWRA-related issues.

I stated that the first several sections of the Plan contained the statistics compiled needed to project housing needs and establish goals and objectives. I pointed out that some sections of the Agency Plan were not complete as final regulations have not yet been disseminated. Discussion and questions pursued as follows:

Joe Scharff asked how the HA planned to improve marketability. I commented that marketability would be improved through continuing physical improvements, flat rents, and offering more amenities are a few that are at the top of the list.

Jean Mangus inquired about the flat rent, commenting that the rents seemed high and that only those with a higher income would benefit. I replied by stating that the flat rents were established using Section 8 FMRs, as well as the rent reasonableness comparisons of private market units compiled by Section 8. I also commented that flat rents were not intended to be so low that the majority of families would choose them. The flat rents should be considered an incentive to those higher income residents/applicants to remain in place/to choose public housing.

Jaimie Cariss commented that several fellow residents had commented about the difference in the flat rents for efficiency units in the southern end of the county vs. the northern end. I commented that the flat rents for efficiency units were established at two different rates for a number of reasons: 1) the efficiency units in the southern end, especially Warren Manor, are smaller than those in the northern end, 2) the waiting list for units in the southern end is very minimal, 3) marketability issues, such as amenities, location, transportation, etc.

Jean Mangus commented that combining efficiencies into 1BR units would be a good way to provide more marketability. I commented that the HA has already been considering converting efficiency units into 1BR units were feasible; however, the first thing to consider is whether or not this could be done without affecting the structural integrity of the buildings.

Hilda Harley brought up the pet issue. I commented that they will note that the pet policy section in the Agency Plan has been reserved pending final regulations from HUD. I commented that communities specifically designed for elderly/disabled, which are the highrises, have always been permitted pets in accordance with the current HA Pet Policy. What QHWRA proposes is that persons residing in family communities also be permitted to have pets. I assured them that this is one issue that HAs are strongly against, for obvious reasons, it will be a management nightmare. Those present tended to agree.

Cynde Montgomery inquired about the 12-month lease. Would residents wishing to move before the term expired be permitted to do so, and would they be responsible for paying rent for the remainder of the lease term? I commented that that was an excellent question, which I was trying to get an answer to myself. I stated that it was my opinion that the 12-month term would be binding in that anyone who vacates prior to the expiration of that term would be financially responsible for the rent for the remaining months of the term, and obviously forfeit the security deposit to be applied to that rental balance. I further commented that there would be extenuating circumstances, such as a resident needs placement in a nursing home, where the lease term may be broken with no financial responsibility to pay rent for the remaining months, but probably would still require the security deposit to be forfeited.

We reviewed my memo of 8/31/99 that recapped some of the new QHWRA provisions of interest to residents/applicants:

Discussed the requirement to designate certain communities as high or low-income communities and encourage lower-income person to move into higher-income communities and vice versa (even offering incentives and skipping persons on the waiting list to accomplish that) There were jeers about this issue, many commenting that is was discrimination.

Review the additional guidelines regarding permanent eviction/denial of assistance to persons convicted of manufacturing speed, the ability to now check sex offenders list, and ability to confirm current use of a controlled substance/alcohol with rehab agencies. Joe Scharff questioned how we could randomly do this. I clarified that there would be a policy regarding this issue, but would not be done randomly, only as part of our screening procedure or for lease enforcement.

Discussed that all reductions of welfare benefits no longer require a reduction in rent. Also commented that HUD will be computer matching certain types of income in an attempt to reduce income reporting fraud. All present seemed to think this was a good idea.

Commented that the current minimum rent of \$25 would be reduced to \$0 effective 10/1/99.

Flat rents had been previously discussed, I only added that the rental choice would take place in conjunction with the annual recertification. The only comment was from Hilda Harley as Warren Manor residents wanted to know why new admissions could choose at move-in and existing residents had to wait until recertification. I commented that many HAs recertify based on individual move-in anniversary dates, but we do not, we only have two (2) recertification dates. The regulation is effective for new admissions on or after 10/1, and for annual recertification on or after 10/1.

Discussed the Community Service requirement and the persons who will be exempt. All thought that this was also a good idea as eight (8) hours/month was not a big deal. I did comment that the catch is in the fact that this is a LEASE requirement, and the lease will non-renew if the family has not complied with the Community Service requirement! That's the reason the lease term has to now be for 12 months. Prior to annual recertification, we have to verify compliance with this requirement. Joe Scharff commented that he didn't realize the current lease was only month-to-month – he thought it already was for a year.

Also mentioned that the we will have to phase-in over a 2-year period the earned income of persons becoming employed after a certain period of unemployment. Also talked about the inclusion of earned

income of minors and the affect it may have families applying for assistance as it might make them over-income. Most present did not think this was fair.

Jean Mangus inquired about Section 8's policy for requiring residents to report a change of income only if the source changes. I commented that Public Housing would be adopting that also, but would include a change in the source or type, would have to be reported within the required ten (10) days.

Joe Scharff asked if there were any plans to make the HC units more "user friendly"? I didn't quite understand his question as the accessible units are to code. He clarified that a resident at Garden who is in a HC unit is unable to get under the cabinets. I commented that the kitchen cabinets under the sink are removable, and are usually removed before a person with a wheelchair is moved in. If this was not done, and she wants it done, all she has to do is contact Barb or call the main office to request a Work Order.

Joe also commented that the front entry door is hard for some people to open, and inquired if we had any plans to change the doors. I commented that to my knowledge, we had no plans to change the doors. Shirley Tomko stated that their front sliding door still doesn't work properly – stands open – someone may be tampering with the switches. Hilda Harley also stated that Warren Manor's door stands open, but no one wants to call, they want her to do it. I stressed that residents have to call when the doors are not working properly. She said that twice in August (maybe the 15th & 22nd) she called about the doors. One time someone came, but the other time no one came. I told them that I would pass this information on and check into it.

Jean Mangus complained about a black/white cat at Garden Towers that is chasing and/or killing all the birds! I told her that unless we could confirm that is belonged to a resident, there wasn't anything the HA could. She should call the Orphan's of the Storm, the animal enforcement officer, or police if the cat is a stray or belongs somewhere else and is bothering her.

Joe Scharff was inquiring about the Section 8 income limits – I told him he should contact that department, that I did not know the income limits without looking. Also asked about transferring to Luxemburg – told him that transfers within programs are not permitted except in extenuating circumstances.

Jaimie Cariss inquired about the requirement to put a resident on the Board. I commented that it is mandatory for Authorities to have either a Public Housing resident or Section 8 participant on the Board of Directors. They asked how a resident applied!? I commented that the Board members are appointed by the County Commissioners. It was asked who would be replaced. I explained that if a Board member's term was up on or before October 1, that Board member would be replaced. If there were no Board vacancies, then the member's term that would expire next would be required to be replaced. It was commented that virtually one of the existing members would be "thrown" off the Board. I replied that was what would happen, as there are no expiring terms. Those present felt strongly against this practice and even commented that a resident/participant would not be able to function past the needs/wants of their own community.

This meeting went rather well, except for having to redirect a couple of the representatives back to the Agency Plan.
