**ii. Executive Summary of the Annual PHA Plan**

The Wilkes-Barre Housing Authority has prepared this Comprehensive Plan in accordance with Section 511 of the Quality Housing and Work Responsibility Act of 1998 and the ensuing HUD requirements.

At the present time, the Authority administers 895 conventional public housing units and 471 certificates and vouchers.

Of the 895 conventional housing units under management, 608 (68%) are for the elderly. In addition, 100 of the Section 8 tenants are elderly. None of our tenant families have incomes over 50% of median. Furthermore, only 49 percent of families and 5 percent of individuals in elderly high-rises report income from employment. The overwhelming majority of our tenants rely on a fixed source of income, such as social security, welfare, pensions, etc., for subsistence. Therefore, we recognize that our tenant population consists of families that have significant needs and a review of our waiting lists indicates that this profile will likely remain the same in the immediate future.

With this constituency in mind, the Wilkes-Barre Housing Authority has developed this plan and set its goals accordingly. The Authority has convened a resident advisory board to review current programs and practices and to provide recommendations on the general administration of the Authority's programs. The Authority met with the advisory board to review the requirements of the QHWRA of 1998 and the components of the Five-Year Comprehensive Plan. A summary of the meeting with the advisory board and a listing of the board's recommendations is included herein.

The Wilkes-Barre Housing Authority is committed to its mission of providing affordable housing to the City's low-income families and to insuring the proper maintenance of such housing. The Authority will also work to improve the quality of life of its tenant population by maintaining a close relationship with community agencies that provide support to the low-income community.

The Wilkes-Barre Housing Authority has also established a goal to increase our applicant base by cooperating with other social service agencies in order to assist the greatest number of needy families.

An additional goal of the Authority is to increase homeownership among its existing and potential clientele by exploring available incentives offered through HUD and by working closely with the City and other agencies in establishing and implementing homeownership programs.
