**HOUSING AUTHORITY
OF THE CITY OF OIL CITY**

DECONCENTRATION POLICY

The Housing Authority of the City of Oil City will implement the following procedure in the selection and assignment of applicants to its housing programs in order to insure that no concentration of poverty exists in any of its housing developments.

- 1) Annually determine the average income of all residents in all housing developments
- 2) Annually determine the average income of all families residing in each development
- 3) Determine which developments have an average income higher than the OCHA average for all developments – “higher income buildings” – vice-versa for “lower income buildings”
- 4) From the waiting lists, determine which families are “higher income” families (those with incomes higher than the OCHA-wide average income and “lower income” families (those with incomes lower than the OCAH-wide average incomes
- 5) When a unit becomes available for occupancy in a higher income building, the OCHA will skip families on the waiting list, if necessary, to reach a lower income family. The opposite holds true for lower income building.

METHODOLOGY

The OCHA will, each month, run occupancy reports for all developments and review said reports to insure that a minimum of 40% of the residents incomes are below 30% of the median family income for Venango County. Should the Project Manager determine that more than 70% of the residents fall within the income limits of the extremely low income families, administrative procedures will be implemented to lease to applicants currently on the waiting list who fall within the income limits of very low to low income to insure that a particular development does not have a large concentration of poverty. The families selected form the waiting list will be chosen without regard to race, creed, national origin, familial status, or sexual orientation. The goal of this procedure is to find qualified applicants with income significant enough to raise the median Project income back within the allowable limits stated in the Quality Housing and Work Responsibility Act of 1998

**SUBSTANTIAL DEVIATION FROM
THE FIVE-YEAR PLAN**

The Housing Authority of the City of Oil City hereby submits the following definition of substantial deviation from the agency's Five-Year Plan, as required by the U.S. Department of Housing and Urban Development and referenced in 24CFR Section 903.7 ® of the Final Rule:

"A substantial deviation of the Five-Year Plan is any deviation from the mission statement or the overall goals or objectives as stated in the submitted Plan."

**SIGNIFICANT AMENDMENT OR MODIFICATION
FROM THE FIVE-YEAR PLAN**

" A change in rent, admissions, or waiting list policies that result in an adverse effect on no less than 25% of the total tenant or applicant families".

"Any non-emergency work-related item funded from the Capital Fund that would result or could be reasonably determined to result in usage of 10% or more of the Capital Fund amount for any given year, and such items were not included in the annual Plan or Five Year Plan".

"Any change with regard to demolition or disposition, designation, conversion, or homeownership programs of a particular site and/or location, where such change or alteration is determined by the Housing Authority Board and administration to cause a lack of housing units as a whole or for a particular group of people. This determination shall be based on the size and particular status of the waiting list at the time of consideration.
