Strategy for Addressing Housing Needs. Provide a brief description of the PHA’s strategy for addressing the housing needs of families in the jurisdiction and on the waiting list in the upcoming year. **Note: Small, Section 8 only, and High Performing PHAs complete only for Annual Plan submission with the 5-Year Plan.**

Additional Information. Describe the following, as well as any additional information HUD has requested.

(a) Progress in Meeting Mission and Goals. Provide a brief statement of the PHA's progress in meeting the mission and goals described in the 5- Year Plan.

1) The Housing Authority is proud of its accomplishments in the past. Utilizing HOME and CDBG grants the Housing Authority developed 19 apartments for elderly families.

2) The Housing Authority continues to work with the Wyoming State Hospital, the City of Evanston, and numerous public and private entities' to address obstacles that patients are having in finding suitable housing when they have been released from the State Hospital. The fundamental goal of the committee and its partners is to support people with psychiatric disabilities in living their lives at the highest level of functioning possible for them. The effort to support the successful integration into the community continues to be significantly hampered by the lack of safe, affordable housing throughout the community.

3) The Evanston Housing Authority remains a key member in developing a Wyoming Housing Trust Fund. The purpose of the Wyoming Housing Trust Fund is to provide funding to address the affordable housing needs in the State of Wyoming. Every community in Wyoming, through the community needs assessment process, has identified affordable housing a priority need. Wyoming has traditionally relied on federal funds, which are now decreasing, to address affordable housing needs. These needs are not isolated to homeownership, but include a myriad of needs that vary by community. The State of Wyoming does not provide any funding for low and moderate income housing initiatives. Therefore, providers of affordable housing, through the Wyoming Association of Housing and Redevelopment (WAHR), are seeking an investment by the State in these activities.

10.0 *Affordable housing for low and moderate income families, not only addresses a basic need of Wyoming residents, but is also vital to the continued economic and social vitality of the State. WCDA, the state housing finance agency, has done a great job of addressing housing finance issues. However, the affordable housing needs of Wyoming are more broad and varied than the programs administered by WCDA. In fact, WCDA has indicated that the types of housing needs that precipitated this proposal do not fall within WCDA's mission. Therefore, without WCDA funding, and with declining federal funding, these needs are going unmet. Wyoming is faced with an opportunity to make an investment in the future of the State by creating a fund that will help to address affordable housing needs and reduce Wyoming's reliance upon federal programs to meet our needs.*

Wyoming is blessed with a network of affordable housing providers. These providers are passionately trying to meet the needs within their specific aspect of the affordable housing spectrum. These providers are not surprised that communities continually identify affordable housing as a priority. However, the communities are limited in what they can do to support affordable housing. These providers are frustrated by having to rely on federal programs that often have an urban bias, to address Wyoming's needs, while the State of Wyoming does not provide any funding to address these identified needs.

(b) Significant Amendment and Substantial Deviation/Modification. Provide the PHA's definition of "significant amendment" and "substantial deviation/modification"

In accordance with 24 CFR 903.7(r)(2) which requires public housing authorities to identify the basic criteria the agency will use to determine a substantial deviation for it Five year and Annual Plan and significant amendments or modification to the Plan, we offer the following definition:

Substantial deviations or significant amendments or modifications are defined as discretionary changes in the plans or policies of the housing authority that change the mission, goals, objectives, or plans of the agency and which require formal approval of the Board of Commissioners.
