Housing Needs. Based on information provided by the applicable Consolidated Plan, information provided by HUD, and other generally available data, make a reasonable effort to identify the housing needs of the low-income, very low-income, and extremely low-income families who reside in the jurisdiction served by the PHA, including elderly families, families with disabilities, and households of various races and ethnic groups, and other families who are on the public housing and Section 8 tenant-based assistance waiting lists. The identification of housing needs must address issues of affordability, supply, quality, accessibility, size of units, and location.

On a scale of 1 to 5 with five being the highest, the needs of the low-income, very low-income and extremely low-income families residing in the Selma Housing Authority’s jurisdiction are depicted in the table below.

Provide a brief description of the PHA’s strategy for addressing the housing needs of families in the jurisdiction and on the waiting list in the upcoming year. **Note: Small, Section 8 only, and High Performing PHAs complete only for Annual Plan submission with the 5-Year Plan.**

Below is The Selma Housing Authority’s strategy for addressing the housing needs of the families in its Jurisdiction.

9.1

Maximize the number of affordable units available to the PHA within its current resources by:

1. Employing effective maintenance and management policies to minimize the number of public housing units off-line
2. Reducing turnover time for vacated public housing units
3. Reducing time to renovate public housing units
4. Maintaining or increasing Section 8 lease-up rates by establishing payment standards that will enable families to rent throughout the jurisdiction.
5. Undertaking measures to ensure access to affordable housing among families assisted by the PHA, regardless of unit size required.
6. Maintaining or increasing Section 8 lease-up rates by marketing the program to owners, particularly those outside of areas of minority and poverty concentration.

Increase the number of affordable housing units by:

1. Pursue housing resources other than public housing or Section 8 tenant-based assistance.
2. Continue Home Ownership Conversion Program for Wilkinson Homes.
