Included a report on the progress the PHA has made in meeting the goals and objectives described in the previous 5-year Plan.

- 2) *To help preserve Lakewood housing stock and to reduce neighborhood blight*
- 3) *To provide support services that allows residents receiving rental subsidies to reach their full potential toward self-sufficiency and to become fully integrated into the Lakewood Community*
- 4) *To provide and encourage services and activities that strengthens families, neighborhoods and the community*

Section 5.2 and 10.0

Provide a brief statement of the PHA's progress in meeting the mission and the goals described in the 5-Year Plan.

Progress Report

"By implementing innovative financial tools and creating working partnerships among housing professionals and citizens the LHA was able to deliver its programs and services to hundreds of Lakewood residents and focus on the priorities of preserving existing affordable sites, in addition to adding new units to the housing stock that are within the reach of families and individuals from all income levels."

Steve Burkholder
Mayor of Lakewood
2005 LHA Annual Report

The following are highlights of the LHA's progress in meeting its mission goals and objectives:

Since FY2000, LHA has increased the number of affordable housing units in Lakewood by 1,168. In addition, since 2005, the Authority completed significant rehabilitation on 343 rental units in order to preserve Lakewood's Housing stock and to reduce neighborhood blight.

LHA operates a successful Family Self-Sufficiency for participants of the Public Housing and Section 8 Program with an average of 10 graduates a year. In 2005, LHA hired an additional Self-Sufficiency Coordinator to expand the concept of Self-Sufficiency to LHA's non-subsidized properties not receiving federal rental subsidies. The first of its kind this program is now being offered so that families who live or work in Lakewood and rent from the Authority have access to self-sufficiency services such as job readiness, job search, computer labs, child care, youth activities, nutrition classes, financial and credit counseling, ESL classes and First Time Homeownership Training.

In 2009, LHA combined and re-launched the Self-Sufficiency and Resident Initiatives Program to create a new program called PATH. The program offers Citizens of Lakewood who rent from the Authority (subsidized and non-subsidized) services to help them reach their goal of Self-Sufficiency. Services include:

- Individual Case Management
- Education and Training
- Employment Career Development
- Financial Fitness and Homeownership Tools

In 2007, LHA made a long term commitment to create and maintain sustainable affordable housing. The biggest example of that commitment is the Authority's latest development The Senior Residences at Creekside. Among its many award, Creekside was awarded the first ever Green Building Award by Colorado NAHRO, The Colorado Renewable Energy Society's Exemplary Building Award for outstanding contributions to the design of a high performing building through resources, efficiency and renewable energy and the 2008 National NAHRO Project of the Year.

In 2009, LHA moved to a new location at 575 Union Blvd Lakewood Colorado. The building is accessible to LHA's clientele with close proximity to light rail and eco-friendly bus transportation. At the same time, the Authority changed its name to Lakewood Housing Authority dba as Metrowest Housing Solutions. The "DBA" designation is an abbreviation for "doing business as" and is a common business practice that allows LHA to conduct business with their new name without having to re-launch the Authority altogether. LHA changed its name to further its mission to continue to find creative ways to create safe, decent affordable and beautiful housing for Lakewood residents.

In 2010, MWHS continued to incorporate eco-friendly or "green" practices in construction, renovation and administration to include:

Completion of the rehabilitation of its main office building at of 575 Union Blvd. MWHS implemented 575 Union Blvd Sustainability Initiative with the goal of making the entire building sustainable and LEED- certified. The renovations included:

- Implementing environmentally sensitive building and cleaning maintenance program
- Updated plantings and irrigation system to reduce water usage.
- Installation of water –efficient fixtures throughout the building with an estimated 33% water savings
- Roof insulation, white roof, new energy efficient HVAC, high efficiency lighting with motion sensors and solar panels.
- Implementation of building- wide recycling program

Also in 2010, Colorado Housing Finance Authority awarded MWHS, \$900,000 in Recovery Act funds to help build a new resident services facility at Maplewood Apartments. The 2600 square foot facility is part of a \$15 million-plus renovation to Maplewood Apartments, a 132 unit complex owned by MWHS. The resident services facility is designed to use solar and thermal energy, with the goal of net-zero energy usage.

“ The Recovery Act is all about creating jobs and investing in our communities. Construction of this facility will create jobs now that can’t be outsourced and will be a model of energy efficiency. In addition to saving money on utility costs, this facility will help provide new opportunities for residents and strengthen our community,” said U.S. Rep. Ed Perlmutter (CO-07)

Chris White, CHFA Executive Director stated, “ Metrowest Housing Solutions has shown great innovation in their design of the new resident services facility.”

Inside Real Estate News

Finally, MWHS broke ground on Creekside West. This is Phase II of the Residences at Creekside. This new 83 –unit affordable property will house 83 seniors 62 years and older with continued focus on energy efficiency and sustainability.

Section 6.0 (13)

Violence Against Women (VAWA)

In accordance with 42 U.S. C. 11437c-1 the following information is required in the PHA’s five-year and Annual Plan regarding any goals, activities, policies or programs of the PHA that are intended to support or assist victims of domestic violence, dating violence, sexual assault, or stalking.

It is the goal of LHA to assist victims of domestic, violence, dating violence, sexual assault or stalking. Program participants are notified of their rights under VAWA at their initial briefing. Clients seeking assistance under VAWA are referred to Family Tree Women in Crisis Center. Family Tree is the primary provider of comprehensive services for women in crisis in the Authority’s jurisdiction. Services provided by the Agency include: 24 hour crisis line in English

and Spanish; domestic violence shelter; emergency shelter and services for battered women and children; counseling and support services; on-site clinic; children's program and safety education; community education; legal advocacy and restraining order clinics; domestic violence support groups in the shelter and in mountain areas.

Section 10.0

Criteria for Substantial Deviations and Significant Amendments

Amendment and Deviation Definitions

PHAs are required to define and adopt their own standards of substantial deviation from the 5-year Plan and Significant Amendment to the Annual Plan. The definition of significant amendment is important because it defines when the PHA will subject a change to the policies or activities described in the Annual Plan to full public hearing and HUD review before implementation.

- A material change in the policies regarding the manner in which tenant rents are calculated.
- A material change in the admissions policies regarding the selection of applicants from or organization of the waiting list.
- A material change regarding demolition, disposition or designation, homeownership programs or conversion activities previously identified in the Agency Plan.

Section 11.0 (f) and (g)

Resident Advisory Board (RAB) Comments. Comments received from the RAB must be submitted by the PHA as an attachment to the PHA Plan. PHA must include a narrative describing their analysis of the recommendations and the decisions made on the recommendations. Include any element(s) of the PHA Plan that is challenged.

Lakewood Housing Authority plans to administer a Section 8 Homeownership program pursuant to Section 8(y) of the U.S.H.A. of 1937, as implemented by 24 CFR part 982. LHA will limit the number of families participating in the Section 8 homeownership option to 50 families a year. LHA has established eligibility criteria for participation in its Section 8 Homeownership Option in addition to HUD criteria that are contained Section 23 of the Section 8 Administrative Plan.

Attachment 3

Section 7 (e) Project-Based Voucher Program

Lakewood Housing Authority will continue to administer its Section 8 Projected Based Program within its jurisdiction. The amount of vouchers that are project based will not exceed 20% of the Section 8 HCV inventory or any additional number required by HUD. The use of project based vouchers can provide access to neighborhood outside of high poverty areas and may be used to support and maintain affordable rental housing including development and modernization and therefore consistent with the PHA Plan.

Attachment 4

Section 9.0 Statement of Housing Needs

A. Housing Needs of Families in the Jurisdiction

Based on information provided by the applicable Consolidated Plan, information provided by HUD, and other generally available data, make a reasonable effort to identify the housing needs of the low-income, very low-income, and extremely low-income families who reside in the jurisdiction served by the PHA, including elderly families, families with disabilities, and household of various races and ethnic groups and other families who are on the public housing and Section 8 tenant-based assistance waiting lists. The identification of housing needs must address issues of affordability, supply, quality, accessibility, size of units, and location.

Strategy for Addressing Needs

Lakewood Housing Authority will continue to employ the following strategies to address the housing needs of families in its jurisdiction and on the waiting list in the upcoming year.

Strategy 1. Maximize the number of affordable units available to the PHA within its current resources by:

- Seek replacement of public housing units lost to the inventory through section 8 replacement housing resources
- Maintain or increase section 8 lease-up rates by establishing payment standards that will enable families to rent throughout the jurisdiction
- Undertake measures to ensure access to affordable housing among families assisted by the PHA, regardless of unit size required
- Maintain or increase section 8 lease-up rates by marketing the program to owners, particularly those outside of areas of minority and poverty concentration
- Maintain or increase section 8 lease-up rates by effectively screening Section 8 applicants to increase owner acceptance of program
- Participate in the Consolidated Plan development process to ensure coordination with broader community strategies

Strategy 2: Increase the number of affordable housing units by:

- Apply for additional section 8 units should they become available
- Leverage affordable housing resources in the community through the creation of mixed - finance housing
- Pursue housing resources other than public housing or Section 8 tenant-based assistance.

Need: Specific Family Types: Families at or below 30% and 50% of median

Strategy 1: Target available assistance to the elderly:

- Apply for special-purpose vouchers targeted to the elderly, should they become available.

Need: Specific Family Types: Families with Disabilities

Strategy 1: Target available assistance to Families with Disabilities:

- Apply for special-purpose vouchers targeted to families with disabilities, should they become available
- Affirmatively market to local non-profit agencies that assist families with disabilities
- Other: Maintain 50 Section 8 Housing Choice Vouchers specifically for disabled.

Need: Specific Family Types: Races or ethnicities with disproportionate housing needs

Strategy 1: Increase awareness of PHA resources among families of races and ethnicities with disproportionate needs:

- Affirmatively market to races/ethnicities shown to have disproportionate housing need

Strategy 2: Conduct activities to affirmatively further fair housing

- Counsel section 8 tenants as to location of units outside of areas of poverty or minority concentration and assist them to locate those units
- Market the section 8 program to owners outside of areas of poverty /minority concentrations
