United Community Services of Johnson County reported in Dec. 2008, there were 116,476 owner occupied units with a mortgage. Of the 116,476 units 26% of them are cost burdened homeowners (30,235). Additionally there are 54,731 renter occupied units, 18,120 of them are cost burdened renters or 35.5%. American Community Survey data released September 29, 2009 shows that nearly 1,200 more people had incomes below the federal poverty level in Johnson County in 2008. The poverty level for a family othree in 2008 was \$17,600 annual income. In March of 2009 JCHA opened our waiting list for approximately two weeks. Provide a brief description of the PHA's strategy for addressing the housing needs of families in the jurisdiction and on the waiting list in the upcoming year. **Note: Small, Section 8 only, and High Performing PHAs complete only for Annual** Plan submission with the 5-Year Plan.

Additional Information. Describe the following, as well as any additional information HUD has requested.

(a) Progress in Meeting Mission and Goals. Provide a brief statement of the PHA's progress in meeting the mission and goals described in the 5-Year Plan.

JCHA is meeting the goal of serving 75% of the extremely low income (ELI) families by ensuring that when we pull from our waiting list we pull 75% of the people from the extremely low income category. For example if we pull 100 people to be activated from the waiting list, 75 of them would be ELI families and 25 Very Low Income families. This ensures at the end of the FY that we have met this goal.

JCHA has exposed and will continue to expose to participants of the HCV and FSS programs the opportunities for homeownership that exist for them in the First-Time Homebuyers Down Payment Assistance Program. They will be offered opportunities to purchase homes that are acquired through the JOCO NSP purchase/rehab/resale program.

In an effort to reduce unemployment amongst our participants who have the ability to work we will hold our annual Job Fair in October of 2010 at a larger facility accommodating more employers. Last year's job fair met with over 600 job seekers with approximately 10% of them securing employment.

By the end of the grant period JCHA will have committed NSP grant dollars towards the purchase and rehab of 11 homes throughout the Johnson County area. These homes were purchased in the Cities of Overland Park, Lenexa, Shawnee, Merriam and Gardner. Twenty-five percent (25%) or 3 homes will be targeted for sale to people with incomes that are at 50% of AMI below, and the rest will be sold to those whose incomes do not exceed 120% of AMI, according to NSP regulations. These properties will be sold on a sliding scale discount according to the buyer's income.

JCHA continues to have a good partnership with the PCC committee for the FSS program to include JOCO transit, STEP (A GED program agency), JOCO Public Health, Valley View Bank, Workforce Partnership (Employment Agency and Job Skill Development) Head Start, Catholic Charities, and SRS. These agencies offer a lot of different options to break down various barriers that face participants of this program. They are a good pool of resources and they have already been instrumental in assisting many of our clients in working towards completing education goals, job skill preparation, gaining employment, etc.

10.0

JCHA received from the State of Kansas \$75,000 through the Homeless Prevention and Rapid Re-housing Program grant to provide additional rental assistance to our target population of low income, Elderly/Disabled and Victims of Domestic Violence, in a timely manner while they are awaiting HCV assistance.

The U.S. Department of Housing and Urban Development requested and JCHA accepted 80 Conversion Vouchers to administer, adding to our allocation portfolio increasing it to 1,447 vouchers.

JCHA has received a High Performance SEMAP score for the last 8 years, 6 of which we received a 100% rating.

A landlord workshop is held each year. One is generally planned the Spring of each year and we invite any interested landlords to come and learn about how the HCV program works.

JCHA attends many fairs and events throughout the County providing information on all the various services that the Department of Human Services provides. Because we are under the same umbrella as Accessibility, the Area Agency on Aging, Multi-Service Centers and the Information group, we have many resources that we are able to utilize in assisting participants of our programs.

(b) Significant Amendment and Substantial Deviation/Modification. Provide the PHA's definition of "significant amendment" and "substantial deviation/modification"

For purposes of this plan, JCHA's definition of "Significant Amendment/Substantial Deviation" means significant changes to rent or admissions policies or organization of waiting list. Additionally, changes to the administration of HCV funding designated for tenant based assistance, which could be designated for other HUD allowable activities such as Section 8 Homeownership Program, or Site Based Vouchers. A significant amendment <u>would not</u> be necessary for an emergency opening of the waiting list for a specific target market, i.e., victims of a disaster.
