DICKSON HOUSING AUTHORITY

DECONCENTRATION POLICY

<u>PUBLIC HOUSING</u>:

In an ongoing effort for the Housing Authority to meet or exceed the laws and regulations regarding its public housing programs, the following Deconcentration Policy has been developed in order to comply with the Quality Housing and Work Responsibility Act of 1998, Section 513.

INCOME MIX TARGETING: To meet the requirements of the Act and subsequent HUD regulations, at least 40 percent of families admitted to public housing by the Housing Authority must have incomes that do not exceed 30% of the area median. If 40% or more of the Housing Authority units are occupied by families whose incomes do not exceed 30% of the area median income, this requirement shall be considered as being met.

Additionally, to meet this goal, the Housing Authority may use the provisions of fungibility to the extent that the Housing Authority has provided more than seventy-five percent of newly available vouchers and certificates in its Section 8 program, including those resulting from turnover to very poor families. The number of fungible housing credits used to drop the annual requirement for housing very poor families below 40 percent of the newly available units in public housing is limited to the lowest of the following:

- 1. The number of units equivalent to ten (10) percent of the number of newly available vouchers and certificates in that fiscal year; or,
- 2. The number of public housing units that (i) are in public housing projects located in census tracts having a poverty rate of 30% or more, and (ii) are made available for occupancy by, and actually occupied in that year by, families other than very poor families, or
- 3. The number of units that cause the Housing Authority's overall requirement for housing very poor families to drop to 30% of its newly available units.

PROHIBITION OF CONCENTRATION OF LOW-INCOME FAMILIES: The Housing Authority will not, in meeting this income mix targeting, concentrate very low-income families, or other families with relatively low incomes, in public housing units in certain projects or certain buildings. The Housing Authority will review the income and occupancy characteristics of the housing projects and the buildings of each project to ensure that a low-income concentration does not occur.

DECONCENTRATION: The Housing Authority will make every effort to deconcentrate families of

certain income characteristics within the PHA complexes. To achieve this, the Housing Authority will offer incentives for eligible families having higher incomes to occupy dwelling units in projects predominantly occupied by eligible families having lower incomes, and provide for occupancy of eligible families having lower incomes. Incentives by the Housing Authority allow for the eligible family to have the sole discretion in determining whether to accept the incentive and the Housing Authority will not take any adverse action toward any eligible family for choosing not to accept these incentives. The skipping of a family on the waiting list to reach another family to implement this Deconcentration Policy shall not be considered an adverse action. As such, the Housing Authority will continue to accept applications and place the individuals on a waiting list. Selection will be made based on a combination of the local preferences and an income target mix. Any eligible family who qualifies as a higher income family may accept a dwelling unit assignment and be placed randomly into a vacant housing unit.

The Housing Authority will track the income mix within each project as an effort to avoid a concentration of higher or lower income families in any one building or development.

The HUD FY 2000 Income Limits and Fair Market Rent Data show the Median Income for Dickson (Nashville MSA) is \$58,800.

# Person	30% of	50 %	80%	
	Median	Very Low	Low Income	
		Income		
1	\$12,350	\$20,600	\$32,950	
2	\$14,100	\$23,500	\$37,650	
3	\$15,900	\$26,450	\$42,350	
4	\$17,650	\$29,400	\$47,050	
5	\$19,050	\$31,750	\$50,800	
6	\$20,450	\$34,100	\$54,550	
7	\$21,850	\$36,450	\$58,350	
8	\$23,300	\$38,800	\$62,100	

Thirty, fifty and eighty percents of the Median Income per number in a household are as follows:

On 1/1/2000, the Authority had all of its 125 public housing units filled as follows:

% of median	# families	%
30	102	81.6
50	19	15.2
80	4	3.2
	125	

Project	30% of median		50% of Median		80% of Median	
	#	%	#	%	#	%
TN079-01	65	89.04	7	9.59	1	1.37
TN79-04	37	71.15	12	23.08	3	5.77
Totals	102	81.6	19	15.2	4	3.2

As shown by the above chart, the Authority exceeds the QWHRA of 1998 requirements for the entire Authority as well as for each development.

On 1/1/2000, the Authority had 91 families on its waiting list. Of the total, 81 (or 89%) had incomes under 30% of the median, 10 (or 11%) had incomes above 30% but below 50% of the median, and none had incomes above 50% but less than 80% of the median income.

Each project has greater than forty (40) percent of the families with thirty (30) percent or less of the median income. The waiting list also has greater than forty percent of families with thirty percent or less of the median income.

Monitoring will be conducted to confirm that at least forty (40) percent of all leased units will be within thirty (30) percent of median income.

Efforts through marketing and outreach shall be made to increase the number of families with incomes greater than thirty (30) percent of median income in the projects noted above in order to avoid concentrations of very low-income families in the projects as per the requirements of the QHWRA of 1998.

SECTION 8 TENANT-BASED ASSISTANCE:

INCOME MIX TARGETING: In each fiscal year, not less than 75% of the new admissions will have incomes at or below 30% of the area median income.

On 1/1/2000, the Authority had 206 families on its Section 8 waiting list. Of the total, 176 (or 85.4%) had incomes at or below 30% of the median income, 30 (or 14.6%) above 30% but below 50% of the median income, and none above 50% but below 80% of the median income.

Of the total 575 Section 8 families with vouchers on 1/1/2000, 483 (or 84%) had incomes at or below 30% of the median income, 88 (or 15.3%) above 30% but below 50% of the median income, and 4 (or .7%) above 50% but below 80% of the median income.

Efforts through marketing and outreach shall be made so that at least 75% of all new vouchers will be issued to families with incomes at or below 30% of the median income.
