**Housing Needs.** Based on information provided by the applicable Consolidated Plan, information provided by HUD, and other generally available data, make a reasonable effort to identify the housing needs of the low-income, very low-income, and extremely low-income families who reside in the jurisdiction served by the PHA, including elderly families, families with disabilities, and households of various races and ethnic groups, and other families who are on the public housing and Section 8 tenant-based assistance waiting lists. The identification of housing needs must address issues of affordability, supply, quality, accessibility, size of units, and location.

In an effort to identify the housing needs of the Littleton Housing Authority clientele, the Arapahoe County Consolidated Plan for 2009-2013 was consulted, and the following observations were made:

9.0

- In terms of **affordability**, there is a shortage of 12,500 affordable rental units for renters earning less than \$20,000 per year (extremely low income) in Arapahoe County. In addition, approximately 12,500 renters who earn less than \$20,000 pay so much for their rental housing that they have difficulty affording other necessary household costs—such as transportation, childcare and health care. According to the Metro Denver Vacancy and Rent Survey, the median rent for Littleton in 2007 was \$806 per month.
- With regard to the **elderly** population, both with and without disabilities, rental needs are close to being met, as evidenced by an analysis of housing authority waiting lists. There is a greater need at this time for **families with children and families with disabilities**. However, more baby boomers will be classified as elderly in the coming years and the need for housing the elderly population is likely to increase as this population ages.
- The largest **racial** group to occupy rental units in the jurisdiction is Caucasian/white (72%). African Americans account for 16% of renter households, and household characterizing themselves as “some other race” account for 5% of renter households.
- In terms of **supply** of housing, the Littleton Housing Authority has a total of 1,077 subsidized rental housing units. At the time of the County’s housing needs assessment, the Littleton Housing Authority had 993 household for Section 8 voucher and public housing programs on their combined wait lists, indicating that there are almost as many households on the combined wait list as there are households being served.
- In a survey conducted by Arapahoe County of public housing waitlist families, respondents indicated that they did not have difficulty finding **accessible** units in the jurisdiction.
- In terms of **size**, rental units in Arapahoe County are most likely to be one-bedroom (35%) and two-bedroom (39%) units.
- While there is little data regarding the condition of the interior features of housing stock in the jurisdiction, the median year of housing structures built in the City of Littleton is 1979. The plan observed that as housing stock ages, the number and cost of required repairs will increase, and if repairs are not made, the **quality** of the area’s housing will decline. The Littleton Housing Authority’s housing stock is in relatively good condition.
- With regard to **location**, rental units in the jurisdiction are close to major transportation arterials and more dense and urban areas, including the City of Littleton.

**Strategy for Addressing Housing Needs.** Provide a brief description of the PHA’s strategy for addressing the housing needs of families in the jurisdiction and on the waiting list in the upcoming year. **Note: Small, Section 8 only, and High Performing PHAs complete only for Annual Plan submission with the 5-Year Plan.**

9.1

The Littleton Housing Authority has developed the following strategies for addressing housing needs in the City of Littleton.

- Continue to provide subsidized rental assistance through our Section 8 and Public Housing programs. At this time, waiting lists for both programs are open and applications are being taken on a daily basis.
- The Littleton Housing Authority purchased 69 units of market rental housing in three buildings in 2008 and is seeking to rehabilitate the buildings during the next year. The housing authority will explore the feasibility of purchasing additional multi-family buildings in an effort to continue to provide affordable market rental housing in the community.
- Proposed redevelopment of Powers Avenue site as an in-fill, multi-family rental development in the northeast neighborhood. The project is expected to increase density on the site from eight units to approximately 50 units of affordable housing, including workforce housing. Eight units in the new project are expected to be project-based Section 8.
- The Littleton Housing Authority receives over \$200,000 per year from HUD for capital improvements to its public housing stock. Modernization efforts will continue on Bradley House and family public housing units in accordance with the five-year action plan.

The Littleton Housing Authority is committed to providing affordable housing choices to all persons regardless of race, color, religion, sex, marital status, familial status, national origin, age, or handicap of the applicant. The Littleton Housing Authority will abide by all federal, state and local requirements and laws in this regard and will take the following steps to affirmatively market its housing programs:

- All brochures and public information relating to housing programs will display the “equal housing opportunity” slogan and logo.
- All applicants will be provided with a copy of the HUD brochure “Fair Housing, It’s Your Right.”
- The Littleton Housing Authority will inform the general public of its affordable housing opportunities via the housing authority website and various local and regional publications as needed.

<p><b>10.0</b></p>	<p><b>Additional Information.</b> Describe the following, as well as any additional information HUD has requested.</p> <p>(a) Progress in Meeting Mission and Goals. Provide a brief statement of the PHA’s progress in meeting the mission and goals described in the 5-Year Plan.</p> <p>Although the Littleton Housing Authority’s Board of Commissioners established new goals and objectives for the agency in early 2012, progress made in meeting the mission and goals has been detailed in an annual report provided to the agency’s Board of Commissioners at their annual meeting on May 3, 2012. The report is too lengthy to summarize in this section and is included in this five-year plan as an attachment (see Attachment #3).</p> <p>(b) Significant Amendment and Substantial Deviation/Modification. Provide the PHA’s definition of “significant amendment” and “substantial deviation/modification”</p> <p>The Littleton Housing Authority’s definition of “significant amendment” and “substantial deviation modification” are as follows:</p> <p>Substantial deviation from the five-year plan include:</p> <ul style="list-style-type: none"> <li>• Changes to rent or admissions policies or organization of the waiting lists</li> <li>• Additions of non-emergency work items (items not included in the current annual statement or five-year action plan)</li> <li>• Change of replacement reserve funds under the Capital Fund</li> <li>• Any change with regard to demolition or disposition</li> <li>• Any change with regard to designation</li> <li>• Any change with regard to homeownership programs funded with Section 8 or Public Housing funds</li> <li>• Any change with regard to conversion activities</li> </ul> <p>Significant Amendment or Modification to the Annual Plan: When the activity itemized as substantial deviation will take place in a particular year or years, that activity will be detailed and submitted for approval in that year’s Annual Plan.</p>
	<p>In the previous agency plan, details were included for a Redevelopment Project that included demolition/disposition of 26 public housing family units. In the past 12 months, the Littleton Housing Authority has determined that the proposed redevelopment project that earmarked these units for demolition/disposition is not financially or politically feasible. Therefore the project has been discontinued indefinitely.</p>
