OAK RIDGE HOUSING AUTHORITY DECONCENTRATION POLICY

The Oak Ridge Housing Authority's policy to provide for deconcentration of poverty will consist of the following:

- A. Targeting: The income levels of families on the waiting list will be analyzed so that not less than 40% of admissions in any fiscal year will be families whose income does not exceed 30% of median income for the area.
- B. Income Mixing: Prior to the beginning of each fiscal year the ORHA will analyze the income levels of families residing in each development to bring higher income families into lower income developments and lower income families into higher income developments.

The ORHA will strive to insure that no individual development has a concentration of higher or lower income families. The ORHA may skip families on the waiting list to reach other families with a lower or higher income. This will be accomplished in a uniform and non-discriminatory manner.

The ORHA will affirmatively market public housing to all eligible income groups. If necessary, the ORHA will determine the level of additional marketing strategies and deconcentration incentives to implement the objective of this policy.
