Attachment A Deconcentration Policy

It is the Trenton Housing Authority's policy to provide for deconcentration of poverty and encourage income mixing by bringing higher income families into lower income developments and lower income families into higher income developments. Toward this end, we will skip families on the waiting list to reach other families with a lower or higher income. We will accomplish this in a uniform and non-discriminating manner.

The Trenton Housing Authority will affirmatively market our housing to all eligible income groups. Lower income residents will not be steered toward lower income developments and higher income people will not be steered toward higher income developments.

Prior to the beginning of each fiscal year, we will analyze the income levels of families residing in each of our developments and the income levels of the families on the waiting list. Based on this analysis, we will determine the level of marketing strategies and deconcentration incentives to implement.

Attachment D
Resident Assessment Follow-Up Plan

Deficiencies were noted in the Survey Safety Section and the Survey Neighborhood Appearance Section. The Housing Authority will meet with the Resident Advisory Board to develop an Implementation Plan to address these deficiencies. We plan to utilize our Agency Plan Capital Funds to include window replacement at several developments, as well as security window screens and security screen doors.

The Authority also applied for a Drug Elimination Grant in fiscal year 1999 and did not receive approval. Extensive background screenings are being performed on all applicants in cooperation with local police department and in connection with FBI background screenings. In addition, the Trenton Police Department has begun a bicycle patrol, which is in the high crime developments. A security system complete with a security camera has been installed and is monitored by the local police department to ensure safety within one of the highest crime and drug related areas. Fencing has been installed in another of our high drug and crime area developments to secure residents from the surrounding drug and crime environment. Plans are to receive funding through the Drug Elimination grant to add additional security features such as more lighting, more patrolling, neighborhood watches and community involvement.

Neighborhood Appearances: The Trenton Housing Authority has plans to plant grass in areas where grass will not grow due to lack of sunlight. Tree trimming will be needed in order to provide the sunlight for growth. Community involvement has been sought through Housing Authority Neighborhood clean up days, fines for unclean yards and lease enforcement of housekeeping standards inside and outside the units. Funding has been sought to replace fascia boards and other items maintenance needed. We also plan to utilize our Agency Plan Capital Funds to re-roof buildings in two developments and to provide landscaping as well.

With the cooperation of the residents in maintaining their own yards, the above referenced improvements in our Agency Plan will enhance the neighborhood appearance in each of our developments.
