# Homeownership:

Currently Albany Housing Authority has **30** Homeownership vouchers, **28** of which are active.

# Housing Needs: (Statistics updated)

Currently AHA has a total of 5921 families on the Public Housing and Section 8 waiting list. 61% of our waiting list consists of families with children, 3% are elderly applicants, and 25% are families with disabilities. The Section 8 waiting list has been closed since May 2010. We currently have 1,681 active section 8 applications and our list is closed. AHA plans to re-open the list and accept applications when that number falls below 1,200. We do not forsee opening the waiting list in the coming year. Combined Public Housing – Section 8 Waiting shows a majority of the persons on the waiting list (72%) are extremely low income (under 30% of the AMI).

Most of the public housing is located in impacted census tracts. The HOPE VI replacement housing and the Arbor Hill neighborhood, although impacted, can also be cited as an area in need of the additional stimulus of occupied apartments and homeowners. One of the largest needs that AHA can address on a limited basis is to provide apartments for the large family. AHA has 370 families on its waiting list who need a 4 bedroom or larger apartment. Affordable large units that meet minimum inspection standards are not readily available.

AHA wait list preferences persons who are employed in order to increase the average household income of its developments. HUD mandates that 40% of all vacant units must be assigned to extremely low income families and at the time encourages PHAs to establish a reasonable income mix in each of its developments (deconcentration).

# **Strategy for Addressing Housing Needs:**

AHA recognizes the shortage of affordable housing for all eligible populations and plans to maximize the number of affordable units available to AHA within our current resources by taking the following measures:

• Minimizing the number of public housing units off-line through effective maintenance and management policies.

- Reduce turnover time for vacated public housing units.
- Reduce time to renovate public housing units.
- Seek replacement of public housing units lost to the inventory through mixed finance development.
- Seek replacement of public housing units lost to the inventory through section 8 replacement housing resources.

AHA will continue to increase the number of affordable housing units by performing the following:

- Apply for additional section 8 units should they become available.
- Leverage affordable housing resources in the community through the creation of mixed-finance housing.
- Pursue housing resources other than public housing or Section 8 tenant-based assistance.

AHA will target available assistance to families at or below 50% of AMI by utilizing admissions preferences aimed at families who are working.

AHA will target available assistance to Families with Disabilities by carrying out the modification needed in public housing based on the section 504 Needs Assessment for Public Housing and affirmatively market to local non-profit agencies that assist families with disabilities.

AHA will conduct activities to affirmatively further fair housing by counseling section 8 tenants as to location of units outside of areas of poverty or minority concentration and assist them to locate those units. This will also be done by marketing the Section 8 program to owners with property outside of areas of poverty/minority concentration.

# **Progress in Meeting Mission and Goals:**

- AHA continues to work towards expanding the supply of assisted housing through various initiatives.
- Albany Housing Authority continues to make progress towards meeting its 5-Year plan goals and mission. AHA has completed the

conversion of state assisted housing to project-based voucher programs. AHA has completed Phase III of the development of corning Homes HOPE VI program Arbor Hill replacement housing which includes seven storefronts.

- AHA continues to stabilize and revitalize the Arbor Hill community by applying to NYS DHCR and other mixed-finance sources to fund the adaptive reuse renovation of St. Joseph's Academy as 25 loft style apartments and a 16,000 square foot commercial space for use as an arts center.
- AHA continues to improve the quality of assisted housing. AHA would subdivide the site and dispose of the low rise portion of the development at Amp 5, Ida Yarbrough to a wholly owned subsidiary of the Albany Housing Authority in order to make eligible for financing not otherwise available under current ownership structure and funding sources.
- As a stand alone project or as part of a larger mixed used project AHA is working with the Albany County Historical Association to rehabilitate the King's Way building on North Swan Street into two residential rental units and office space and gift store for the Ten Broeck Mansion.

## Substantial Deviation:

• A substantial change in a goal(s) identified in the Five-Year Plan. For example, checking or unchecking a PHA goal box. A substantial deviation does not include any changes in HUD rules and regulations which require or prohibit changes to activities listed herein.

## Significant Amendment/Modification:

• Significant modifications to major strategies to address housing needs and to major policies (e.g., policies governing eligibility, selection or admissions and rent determination) or programs (e.g., demolition or disposition, designation, homeownership programs or conversion activities) that are not mandated by the Department of Housing and Urban Development.

#### REVISIONS TO THE SECTION 8 ADMINISTRATIVE PLAN (2012 Annual Plan)

The entire Section 8 Administrative Plan has been rewritten, using the model plan published by Nan McKay, the leader in training and consulting in the housing field. Every section in the revised plan includes a reference to the Code of Federal Regulations, HUD Notice, or HUD handbook or guidebook that is the source of the policy. Where there is no mandatory guidance, the PHA policy is based on industry standards.

Many of the policies included have been our standard operating procedure, but were never actually included as part of the Administrative Plan. Below is a chapter by chapter summary of any policies that differ from those we have been acting under, whether they were part of the actual written plan or not.

Chapter 1 is an overview of the Housing Authority, the plan, and the HCV program. No specific policies are contained in this chapter.

Chapter 2 deals with Fair Housing & Equal Opportunity. It contains AHA policies on Reasonable Accommodation and providing services for persons with limited English proficiency that are more detailed than those found in our current plan, as required by HUD.

Chapter 3 deals with eligibility for the HCV program. Changes from our current plan include our definitions for spouse and minors. Although these definitions were not included in our current plan, in practice they have been used by us for quite some time. It includes our policy on guests (p. 3-7) which was not in our current plan, although it is the industry standard and closely following our public housing policy. This chapter includes the newest HUD guidelines for Social Security number disclosure as published in Notice PIH 2010-3 (p. 3-15). It includes the restrictions on the eligibility of students in accordance with Section 327 of Public Law 109-115 and the implementing regulation (p. 3-17 to 3-20). It

21

includes the board-approved policy stating <u>all</u> registered sex-offenders will be denied admission, as opposed to those subject to lifetime registration as required by HUD. It further defines our policies/definitions of criminal activity (p. 3-23). It includes the updated VAWA requirements (p. 3-30).

Chapter 4 is Applications, Waiting List & Tenant Selection. It explains our application process in more depth than our current plan. It includes our board-approved policy to close the waiting list when there are more than 1,200 families on the list. It includes a more detailed explanation as to how the waiting list is purged. It updates the contents of our briefing packet.

Chapter 5, Briefing and Voucher Issuance, has no significant differences from our current plan.

Chapter 6, Income and Subsidy Determinations, differs from our current plan by including mandatory rules regarding the use of EIV, the Enterprise Income Verification System. It fully explains the Minimum Rent Exemption. It gives full definitions of all income types and how they are calculated. None of these policies represent different operating procedures for us.

Chapter 7 is Verification and contains the updated verification requirements established by HUD, making the use of Upfront Income Verification and the EIV system mandatory. It allows acceptance of tenant-provided documents as thirdparty. It contains a full description of the requirement to provide and document Social Security numbers as contained in Notice PIH 2010-3 (p. 7-10 to 7-11).

Chapter 8, Housing Quality Standards and Rent Reasonableness Determinations, adds our requirement for all units leased under the HCV program to have a valid ROP from the City of Albany before any HAP is released.

22

Chapter 9 covers General Leasing Policies. There are no changes to our current policy.

Chapter 11 covers Reexaminations. It changes the dollar amount of income increase triggering an interim re-exam from \$2,400 to \$2,500, and clarifies that income decreased must be reported five days before the end of the month in order for the change in HAP to be effective on the first of the next month.

Chapter 12, Termination of Assistance and Tenancy, is changed to incorporate the protections provided under VAWA (p. 12-12 to 12-14).

Chapter 13 covers Owners. There are no changes to our current policy in this chapter.

Chapter 14 covers Program Integrity and there are no changes to our current policy in this chapter.

Chapter 15 covers Special Housing Types and there are no changes to our current policy in this chapter.

Chapter 16, Program Administration, includes changes to our hearing process to allow a formal hearing if a participant is not satisfied with the results of the informal hearing. It adds the allowable terms of any repayment agreements (p. 16-28), and the policy that the AHA will not enter into a repayment agreement if there is already one in effect.

Chapter 17 covers Project-Based Vouchers, and there are no changes to our current policy in this chapter.

#### ALBANY HOUSING AUTHORITY GRIEVANCE PROCEDURE IN ACCORDANCE WITH 24 CFR 966.50

#### I. Definitions applicable to the grievance procedure:

- A. **Grievance:** Any dispute which a tenant may have with respect to AHA action or failure to act in accordance with the individual tenant's lease or AHA regulations which adversely affects the individual tenant's rights, duties, welfare or status.
- B. **Complaint:** Any tenant (as defined below) whose grievance is presented to AHA (at the Central Office or at the Development Office) in accordance with the requirements presented in this procedure.
- C. **Elements of due process:** An eviction action or a termination of tenancy in a State of local court in which the following procedural safeguards are required:
  - **1.** Adequate notice to the tenant of the grounds for terminating tenancy and for eviction;
  - 2. Right of the tenant to be represented by counsel;
  - **3.** Opportunity for the tenant to refute the evidence presented by AHA, including the right to confront and cross examine witnesses and to present any affirmative legal or equitable defense which the tenant may have;
  - **4.** A decision on the merits
- D. **Hearing Officer:** A person selected in accordance with 24 CFR § 966.55 and this procedure to hear grievances and render a decision with respect thereto.
- E. Tenant: The adult person or persons (other than a live-in Aide) who:
  (1) resides in the unit and who executed the lease with AHA as lessee of the dwelling unit, or, if no such person currently resides in the unit
  (2) resides in the unit and is the remaining head of household of the tenant family residing in the unit.
- F. **Resident Organization:** An organization of residents, which also includes a resident management corporation.

## **II.** Applicability of this grievance procedure

In accordance with the applicable Federal regulations (24 CFR 966.50) this grievance procedure shall be applicable to all individual grievances between a tenant and AHA with the following two exceptions:

A Because HUD has issued a due process determination that the law of New York State that requires that a tenant be given the opportunity for a hearing in court which provides the basic elements of due process before eviction from the dwelling unit, this grievance procedure shall not be applicable to any termination of tenancy or eviction that involves:

- 1. Any criminal activity that threatens the health, safety, or right to peaceful enjoyment of the premises of other residents or employees of AHA; or
- 2. Any drug-related criminal activity; or
- 3. Any criminal activity that resulted in a felony conviction of a household member.
- B. This grievance procedure shall not be applicable to disputes between tenants not involving AHA or to class grievances. This grievance procedure is not intended as a forum for negotiating policy changes between a group or groups of tenants and AHA's Board of Commissioners.

### **III.** Informal settlement of a grievance

Any grievance must be personally presented, either orally or in writing, to AHA's Central Office at 200 South Pearl Street or to the Management Office of the development in which the Complainant resides within ten days after the grievable event occurs.

Grievances related to complaints concerning operational matters that are received by AHA's Central Office will be referred to the person responsible for the management of the development in which the complainant resides. Grievances involving complaints related to discrimination, harassment, or disability rights will be referred to the Deputy Director.

When a grievance is received it will be initially reviewed and if it is subject to any of the exclusions described, the Complainant will be notified in writing that the matter raised is not subject to this grievance process and the reason for the determination will be provided. If the matter is subject to this grievance process the complainant will be contacted to arrange a mutually convenient time within ten working days to meet to provide an opportunity for the complainant and AHA to discuss the matter informally and settle it without a hearing.

Within five working days following the informal meeting, AHA will prepare and either hand-deliver or mail to the complainant a summary of the discussion. The summary will include the names of the individuals who participated in the meeting; the date(s) of the meeting; the nature of the proposed disposition and the reasons therefore. The summary will also specify the procedures by which a formal hearing under this procedure may be obtained if the complainant is not satisfied. AHA will place a copy of the summary in the tenant's file. A receipt signed by the complainant or a return receipt for delivery of certified mail, whether signed or unsigned, will also be placed in the tenant's file as proof of delivery.

### **IV.** Formal Grievance Hearing

If the Complainant is not satisfied with the disposition proposed in the summary of the informal meeting, the complainant may request a Formal Hearing. This request must be in writing and either delivered personally or mailed to AHA at the Central Office, 200 South Pearl Street, Albany, New York 12202 or to the management office of the development where the tenant resides no later than five working days after the summary of the informal meeting is received.

The written request must specify:

The reason for the grievance;

The action or relief sought; and

Several dates and times within the following ten working days when the complainant can attend a formal hearing.

If the complainant submits such a request in a timely manner, AHA will schedule a hearing on the grievance at the earliest time possible for the complainant, AHA, & the Hearing Officer, but in no case later than ten working days after AHA receives the request.

If the complainant fails to so request a formal hearing within five days after receiving the summary of the informal meeting, the disposition of the grievance proposed in the summary becomes final and AHA is not obligated to offer the complainant a formal hearing unless the complainant can show good cause why they failed to file the request as required by this procedure.

Failure to request a formal hearing does not affect the complainant's right to contest AHA's decision in a court hearing.

#### V. Selecting the Hearing Officer

A grievance hearing shall be conducted by an impartial person appointed by AHA after consultation with resident organizations, as described below:

A. AHA shall nominate a slate of impartial persons to sit as hearing officers. Such persons may include AHA Board members, AHA staff members, residents, professional arbitrators, or others. The initial slate of nominees will be at least nine persons.

AHA will check with each nominee to determine whether there is an interest in serving as a hearing officer or panel member, whether the nominee feels fully capable of impartiality, whether the nominee can serve without compensation, and what limitations on the nominee's time would affect such service.

Nominees will be informed that they will be expected to disqualify themselves from hearing grievances that involve personal friends, other residents of developments in which they work or reside, or grievances in which they have some personal interest.

Nominees who are not interested in serving as hearing officers or whose time is too limited to make service practical will be withdrawn and other names will be substituted.

- B. A slate of potential hearing officers nominated by AHA shall be submitted to AHA's Resident Organizations. Written comments from the organizations will be considered by AHA before the nominees are appointed as hearing officers.
- C. When the comments from Resident Organization have been received and considered, the nominees will be informed that they are AHA's official grievance hearing committee. AHA will subsequently contact committee members in random order to request their participation as hearing officers.

### VI. Escrow deposit required for a hearing involving rent

Before a hearing is scheduled in any grievance involving the amount of rent which AHA claims is due under the lease, the complainant shall pay to AHA an amount equal to the rent due and payable as of the first of the month preceding the month in which the act or failure to act took place. The complainant shall, thereafter, deposit the same amount of the monthly rent in an escrow account monthly until the complaint is resolved by decision of the hearing officer.

This requirement will not be waived by AHA unless the complainant is paying minimum rent and the grievance is based on a request for a hardship exemption or the tenant's welfare benefits have been reduced for welfare fraud or failure to comply with economic self sufficiency requirements. In these cases only, rent need not be escrowed.

## VII. Scheduling hearings

When a complainant submits a timely request for a grievance hearing, AHA will immediately contact a member of the hearing committee to schedule the hearing within the following ten working days on one of the dates and times indicated by the complainant. If a member can agree on a date and time for the hearing, the complainant will be so notified.

Once the hearing officer have agreed upon the hearing date and time, AHA will so notify the complainant, the manager of the development in which the complainant resides, and hearing officer in writing. Notice to the complainant shall be in writing, either personally delivered to complainant or sent by certified mail.

The written notice will specify the time, place and procedures governing the hearing.

- VIII. **Procedures governing the hearing** The hearing shall be held before a hearing officer as described above in Section VII. The complainant shall be afforded a fair hearing, which shall include:
  - A. The opportunity to examine before the hearing any AHA documents, including records and regulations, that are directly relevant to the hearing.
    The Tenant shall be allowed to copy any such document at the Tenant's expense. If AHA does not make the document available for examination upon request by the complainant, AHA may not rely on such document at the grievance hearing.
  - B. The right to be represented by counsel or other person chosen as the Tenant's representative and to have such person make statements on the Tenant's behalf.
  - C. The right to a private hearing unless the complainant requests a public hearing. The right to present evidence and arguments in support of the Tenant's complaint to controvert evidence relied on by AHA or project management, and to confront and cross examine all witnesses upon whose testimony or information AHA or project management relies; and

D. A decision based solely and exclusively upon the facts presented at the hearing unless HUD Regulations permit consideration of information presented outside the hearing.

The hearing officer may render a decision without proceeding with the hearing if they determine that the issue has been previously decided in another proceeding.

At the hearing, the complainant must first make a showing of an entitlement to the relief sought and, thereafter, AHA must sustain the burden of justifying its action or failure to act against which the complaint is directed.

The hearing shall be conducted informally by the hearing officer. Oral or documentary evidence pertinent to the facts and issues raised by the complaint may be received without regard to admissibility under the rules of evidence applicable to judicial proceedings.

The hearing officer shall require AHA, the complainant, counsel and other participants or spectators to conduct themselves in an orderly fashion. Failure to comply with the directions of the hearing officer to obtain order may result in exclusion from the proceedings or in a decision adverse to the interests of the disorderly party and granting or denial of the relief sought, as appropriate.

The complainant or AHA may arrange in advance, at the expense of the party making the arrangement, for a transcript of the hearing. Any interested party may purchase a copy of such transcript.

AHA will provide reasonable accommodation for persons with disabilities to participate in the hearing. Reasonable accommodation may include qualified sign language interpreters, readers, accessible locations, or attendants. If the Tenant is visually impaired, any notice to the Tenant which is required under this procedure must be in an accessible format.

If a hearing officer fails to disqualify himself/herself as required in Section V.A., AHA will remove the panel member or officer from the hearing committee, invalidate the results of the hearing and schedule a new hearing with a new hearing panel or officer.

### IX. Failure to appear at the hearing

If the complainant or AHA fails to appear at the scheduled hearing, the hearing officer may make a determination to postpone the hearing **for not to exceed five business days**, or may make a determination that the party has waived the right to a hearing. The hearing officer shall notify in writing both the complainant and AHA of any such determination. A determination that the complainant has waived his right to a hearing shall not constitute a waiver of

any right the complainant may have to contest AHA's disposition of the grievenace in court.

## X. Decision of the hearing officer

The hearing officer shall prepare a written decision, together with the reasons for the decision **within ten working days** after the hearing. A copy of the decision shall be sent to the complainant and AHA.

AHA will retain a copy of the decision in the Tenant's folder. Unless otherwise provided by HUD, AHA will maintain on file a copy of the decision with all names and identifying references deleted, which copy will be made available upon request for inspection by a prospective complainant, his representative, or the hearing officer.

The decision of the hearing panel or officer will be binding on AHA, which will take all actions, or refrain from any actions, necessary to carry out the decision unless AHA's Board of Commissioners determines within ten working days, and promptly notifies the complainant of its determination that:

- A. The grievance does not concern AHA action or failure to act in accordance with or involving the complainant's lease or AHA regulations, which adversely affect the complainant's rights, duties, welfare or status.
- B. The decision of the hearing officer is contrary to applicable Federal, State or local law, HUD regulations, or requirements of the annual contributions contract between HUD and AHA.
- **C.** A decision by the hearing officer or Board of Commissioners in favor of AHA or which denies the relief requested by the complainant in whole or in a part will not constitute a waiver of, nor affect in any way, the rights of the complainant to a trial or judicial review in any court proceedings which may be brought in the matter later.

#### A. ADMISSIONS

#### 1. Non Discrimination

The Housing Authority will not, on account of race, religion, national origin, age, sex, disability and familial status, deny or hinder any applicant family the opportunity to make application or lease a dwelling unit suitable to its needs in any of its developments. Neither will the Housing Authority discriminate because of disability, pregnancy, parenthood, nor marital or veteran status.

The selection of residents for occupancy of available units will be in conformance with all HUD guidelines and regulation and applicable Fair Housing and Equal Opportunity Requirements.

#### 2. <u>Deconcentration Policy</u>

The Albany Housing Authority's Board approved policy states that AHA shall regularly monitor (a minimum of once annually each June) the percentages of families presently occupying each AHA owned development that is predominantly occupied by families with children and falling into the following categories:

- Families with income less than 30% of the median area income;
- Families with income falling between 30% and 50% of median area income;
- Families with income falling between 50% and 80% of median area income; and
- Families with income exceeding 80% of median area income.

If these income profiles of AHA family developments shows a deviation of more than 15 in any category (in terms of present occupants), applicants of the income category needed to balance the development's profile relative to other developments shall be offered a housing unit in that development first. This practice shall continue until sufficient numbers of families housed in the development in question to rectify the imbalance such that category deviation is less than 15% in any category.

AHA will require applicants for public housing to list their family incomes and these will be tracked in the above categories.

If these efforts are insufficient to rectify imbalances in a 3-month period of time, special marketing efforts shall be undertaken to promote living is some, one or more particular developments.

#### 3. <u>Income Targeting</u>

Albany Housing Authority shall insure that as new applicants are "pulled" from the waiting list each month, at least 40% of such new applicants shall have family incomes of less than 30% of the area median income.

If selecting applicants in time/date/preference order should result in this percentage of very poor families being 40% or greater, then no special action shall be taken. If selecting applicants in time/date/preference order should result in fewer than 40% of that month's "call-in" batch being from the extremely low income family category, then selected applicants shall be skipped over (they shall remain on the top of the waiting list) until a family from the extremely low family income category shall be reached. This process shall continue until at least 40% of that month's "pull" shall be composed of extremely low income families.

If more than twenty names have to be skipped over to reach extremely low income family applicants, we will undertake special marketing efforts to attract extremely low income applicants to the waiting list. The waiting list for Low Income Public Housing will remain continuously open until further notice.
