5-YEAR PLAN
PHA FISCAL YEARS 2000 - 2004

[24 CFR Part 903.5]

A. Mission

State the PHA's mission for serving the needs of low-income, very low income, and extremely low-income families in the PHA's jurisdiction. (select one of the choices below)

- The mission of the PHA is the same as that of the Department of Housing and Urban Development: To promote adequate and affordable housing, economic opportunity and a suitable living environment free from discrimination.
- The City of Paris Housing Authority is the same as that of the Department of Housing and Urban Development: To promote adequate and affordable Housing, Economic opportunity and a suitable living environment free from Discrimination.**

B. Goals

The goals and objectives listed below are derived from HUD's strategic Goals and Objectives and those emphasized in recent legislation. PHAs may select any of these goals and objectives as their own, or identify other goals and/or objectives. Whether selecting the HUD-suggested objectives or their own, **PHAS ARE STRONGLY ENCOURAGED TO IDENTIFY QUANTIFIABLE MEASURES OF SUCCESS IN REACHING THEIR OBJECTIVES OVER THE COURSE OF THE 5 YEARS.** (Quantifiable measures would include targets such as: numbers of families served or PHAS scores achieved.) PHAs should identify these measures in the spaces to the right of or below the stated objectives.

HUD Strategic Goal: Increase the availability of decent, safe, and affordable housing.

- PHA Goal: Expand the supply of assisted housing
Objectives:
- Apply for additional rental vouchers:
- Reduce public housing vacancies and turnovers: Over the next 5 years in order to reduce the public housing vacancies and turnovers is to utilize all resources to attract families and persons with low incomes that would qualify for housing and have not in the past applied for the public housing. These are persons who do not know that they would qualify and or would not have lived in the units due to the past reputation. The authority continues to offer as soon as family applies and there is approximately only a waiting period long enough to screen the applicants. Many households continue to be evicted due to the households not paying their financial responsibilities. In our efforts to reduce public housing vacancies and turnovers we will work to expand our waiting list by 5% and by attracting families that would not have lived in housing due to past reputations this in hopes will reduce the turnovers 5% a year.**

- Leverage private or other public funds to create additional housing opportunities:
- Acquire or build units or developments
- Other (list below)

X PHA Goal: Improve the quality of assisted housing

Objectives:

X Improve public housing management: (PHAS score)

This is an on-going effort to continue to improve our scores. With all of the changes from PHMAP to PHAS in tracking the paperwork it is an on-going effort to improve our score. We are setting the goal of maintaining a standard performer over the next five years.

X Improve voucher management: (SEMAP score)

The housing authority has not had a scoring for SEMAP but we are striving to be a standard performer and hope to maintain this over the next 5 years.

X Increase customer satisfaction: *One of the main challenges the authority faces is to educate families of their responsibilities and what the authority responsibilities are. This will be a large factor in improving customer satisfaction. The goal will be high over the next five years in the category by getting families involved and educating at least 75% of our families.*

- Concentrate on efforts to improve specific management functions: (list; e.g., public housing finance; voucher unit inspections)
- Renovate or modernize public housing units:
- Demolish or dispose of obsolete public housing:
- Provide replacement public housing:
- Provide replacement vouchers:

- Implement measures to promote income mixing in public housing by assuring access for lower income families into higher income developments:

X Implement public housing security improvements: **The authority always strives to provide an improved living environment to improve the community quality of life and economic vitality.**

The main focus on this is to continue to implement security improvements. The authority has put fencing at the two project based housing sites, George W Wright Homes and Booker T Washington Homes to make only one entrance and exit. This has cut down the traffic substantially. In doing this the city has given the HA the right to tow and tag vehicles and in the next five years the authority is going to tag each vehicle to be identifiable. The PHDEP grant was secured for this year and the HA is working very closely to work the additional hours take advantage of the high traffic times. The authority has taken a unit offline to put the police just at the entrance of the gate at George W Wright Homes. All police on duty are going to use this as a office to do reports. This will give the authorities main high traffic site high visibility of police officers. In the next five years the goal to improve this is to get families in these sites to work on resident patrols and begin a community watch. We hope to encourage at least 50% of our residents over the next five years.

- Designate developments or buildings for particular resident groups (elderly, persons with disabilities)
- Other: (list below)

HUD Strategic Goal: Promote self-sufficiency and asset development of families and individuals

- X PHA Goal: Promote self-sufficiency and asset development of assisted households

In the next five years we will offer these services to all of our families and hope to have all families take advantage in it, but will set our goal to 25 %.*

HUD Strategic Goal: Ensure Equal Opportunity in Housing for all Americans

Objectives:
- Undertake affirmative measures to ensure access to assisted housing regardless of race, color, religion national origin, sex, familial status, and disability:

ii. Executive Summary of the Annual PHA Plan

The Housing Authority of the City of Paris currently manages and operates 258 units in the Low-Rent Public Housing Program. These units are located through out the city of Paris in five different locations. George W Wright Homes has 140 units of project based housing and Booker T. Washington has 68 units of project based housing built in 1950's. There are three scattered sites built in 1993, Jackson Court, Clovis Graves Homes and Price Circle. These new scattered site homes make up the remaining 50 units. It is a challenge to the public housing staff to service these families in the scattered locations in as efficient way as possible. There is no time to be wasted with the demands of the operation of this units.

The Housing Authority of the City of Paris currently administers 131 certificates, that are being transferred to vouchers, 95 vouchers and recently 25 additional vouchers have been added to the budget authority for the Fair Housing Service Center to assist families in making desegregated moves into the community. This is part of the efforts in the Young Litigation. The authority also is the contract administrator to a 120 unit moderate rehab contract.

The basic goal of the HACP is to provide low-income families affordable housing that is decent, safe and sanitary, and provide services and programs that improve the residents' quality of life and provide the opportunity to become self-sufficient. In this effort the HACP is committed to the efficient delivery of quality services to the residents of public housing.

We, the employees, fulfill the mission through personal and organizational commitment to the following values:

- **Accountability**, accepting responsibility as stewards of public resources and investing pride in our work;
- **Initiative**, taking positive action to accomplish our mission;
- **Respecting** our differences, treating each other with understanding and dignity;

- **Development**, enhancing our skills and increasing our knowledge to achieve our personal best;
- **Communication**, each employee openly sharing and receiving information;
- **Leadership** at all levels, challenging the process, inspiring the vision, and modeling the way;
- **Teamwork**, approaching decision-making and problem-solving by involving all employees, focusing on people first, then processes;
- **Continuous improvement** as a way of life.

We believe that our commitment is the foundation of all our endeavors to make public housing a better place now and for future generations.

The purpose of this 5 Year Comprehensive Plan is to continue to chart the course of action for the HACP to continue the efforts to improve the physical and management in the overall operation and management of the programs.

The Housing Authority plans to continue the effort of getting all families in the area we service aware of the affordable housing and working to educate the families of their responsibilities in order for them to continue to have this housing as long as needed, therefore reducing the turnovers.

In these efforts to educate the families the administration is working to give the families the resources to better their lives and become self sufficient. The authority has adopted the flat rent schedule and will work to encourage the families to keep the jobs that they have by allowing them to pay a flat rent. For Section 8 the program has had much success of bringing many new landlords on the program with a good housing stock. The efforts over the next 5 years is to work to keep the landlords and keeping the program at 100 %. If this goal is attainable the authority will be working to put a home ownership program in place.

The authority has worked to utilize any funds available to the authority in the best possible way. The Comprehensive Grant has allowed the agency to keep the public housing stock upgraded, the reserves have been invested for the last 2 years allowing the agency to expand these resources and the HA has once again received a PHDEP grant to further the security measures. Measures are being taken like putting up gates that will continue to provide security even if funds do not continue. In S8 program a large amount of housing has been added to the program allowing the agency to work to get program at 100% bringing the administrative fees up to the maximum.
