# Annual PHA Plan PHA Fiscal Year 2000

[24 CFR Part 903.7]

## **i. Annual Plan Type:**

Select which type of Annual Plan the PHA will submit.

## **ii. Executive Summary of the Annual PHA Plan**

[24 CFR Part 903.7 9 (r)]

Provide a brief overview of the information in the Annual Plan, including highlights of major initiatives and discretionary policies the PHA has included in the Annual Plan.

The Plano Housing Authority has prepared this Annual PHA Plan in compliance with Section 511 of the Quality Housing and Work Responsibility Act of 1998 and the ensuing HUD requirements.

The purpose of the Annual Plan is to provide a framework for local accountability and an easily identifiable source by which public housing residents, participants in the tenant-based assistance program and other members of the public may locate basic PHA policies, rules and requirements related to the operations, programs and services of the agency.

The Mission Statement and the Goals and Objectives were based on information contained in our jurisdiction's Consolidated Plan and will assure that our residents will receive the best customer service.

Excellent customer service and fulfillment of the Mission Statement and Goals and Objectives is ensured by implementation of a series of policies that are on display with this Plan. The Admissions and Occupancy Policy and Section 8 Administrative Plan are the two primary policies on display. These important documents cover the public housing tenant selection and assignment plan, outreach services, PHA's responsibility to Section 8 owners/landlords, grievance procedures, etc.

The most important challenges to be met by the Plano Housing Authority during FY 2000 include:

- Reduce drug and alcohol abuse through the Public Housing Drug Elimination Program;
- Preserve and improve the public housing stock through the Capital Funds activities.
- Involve the public housing residents and the Section 8 participants through the Annual Plan Resident Advisory Board.
- Train staff and commissioners to fully understand and take advantage of opportunities in the new law and regulations to better serve our residents and the community; and
- Identify, develop and leverage services to enable low-income families to become self-sufficient.

In closing, this Annual PHA Plan exemplifies the commitment of the Plano Housing Authority to meet the housing needs of the full range of low-income residents. The Plano Housing Authority, in partnership with agencies from all levels of government, the business community, non-profit community groups, and residents will use this plan as a road map to reach the “higher quality of life” destination for the City of Plano and Collin County.

**DECONCENTRATION AND INCOME TARGETING POLICY  
FOR THE  
PLANO HOUSING AUTHORITY  
PLANO, TEXAS**

**DECONCENTRATION AND INCOME TARGETING POLICY**  
*(of the Public Housing Admissions and Occupancy Policy)*

Sub-Title A, Section 513 of the Quality Housing and Work Responsibility Act of 1998 (QHWRA), establishes two interrelated requirements for implementation by Public Housing Authorities: (1) Economic Deconcentration of public housing developments and (2) Income Targeting to assure that families in the “extremely low” income category are proportionately represented in public housing and that pockets of poverty are reduced or eliminated. Under the deconcentration requirement, PHAs are to implement a program which provides that families with lowest incomes will be offered units in housing developments where family incomes are the highest and high-income families will be offered units in developments where family incomes are the lowest. In order to implement these new requirements the PHA must promote these provisions as policies and revise their Admission and Occupancy policies and procedures to comply.

Therefore, the Plano Housing Authority (PHA) hereby affirms its commitment to implementation of the two requirements by adopting the following policies:

A. Economic Deconcentration:

Admission and Occupancy policies are revised to include the PHA’s policy of promoting economic deconcentration of its housing developments by offering low-income families, selected in accordance with applicable preferences and priorities, units in developments where family incomes are highest. Conversely, families with higher incomes will be offered units in developments with the lowest average family incomes.

Implementation of this program will require the PHA to: (1) determine and compare the relative tenant incomes of each development and the incomes of families in the census tracts in which the developments are located, and (2) consider what policies, measures or incentives are necessary to bring high-income families into low-income developments (or into developments in low-income census tracts) and low-income families into high-income developments (or into developments in high-income census tracts).

In addition, an assessment of the average family income for each development is necessary. Families will be provided with an explanation of the policy during the application/screening process and/or the occupancy orientation sessions and given opportunities to discuss the options available to them. The families will also be informed that should they choose not to accept the first unit offered under this system, their refusal will not be cause to drop their name to the bottom of the list.

Implementation may include one or more of the following options:

- Skipping families on the waiting list based on income;
- Establishing preferences for working families;
- Establish preferences for families in job training programs;
- Establish preferences for families in education or training programs;
- Marketing campaign geared toward targeting income groups for specific developments;
- Additional supportive services;
- Additional amenities for all units;
- Ceiling rents;
- Flat rents for developments and unit sizes;
- Different tenant rent percentages per development;
- Different tenant rent percentages per bedroom size;
- Saturday and evening office hours;
- Security Deposit waivers;
- Revised transfer policies;
- Site-based waiting lists;
- Mass Media advertising/Public service announcements; and
- Giveaways.

B. Income Targeting

As public housing dwelling units become available for occupancy, responsible PHA employees will offer units to applicants on the waiting list. In accordance with the Quality Housing and Work Responsibility Act of 1998, the PHA encourages occupancy of its developments by a broad range of families with incomes up to eighty percent (80%) of the median income for the jurisdiction in which the PHA operates. At a minimum, 40% of all new admissions to public housing **on an annual basis** will be families with incomes at or below thirty percent (30%) (extremely low-income) of the area median income. The offer of assistance will be made without discrimination because of race, color, religion, sex, national origin, age, handicap or familial status.

The PHA may employ a system of income ranges in order to maintain a public housing resident body composed of families with a range of incomes and rent paying abilities representative of the range of incomes among low-income families in the PHA's area of operation, and will take into account the average rent that should be received to maintain financial solvency. The selection procedures are designed so that selection of new public housing residents will bring the actual distribution of rents closer to the projected distribution of rents.

In order to implement the income targeting program, the following policy is adopted:

- The PHA may select, based on date and time of application and preferences, two (2) families in the extremely low-income category and two (2) families from the lower/very low-income category alternately until the forty percent (40%) admission requirement of extremely low-income families is achieved (2 plus 2 policy).
- After the minimum level is reached, all selections may be made based solely on date, time and preferences. Any applicants passed over as a result of implementing this 2 plus 2 policy will retain their place on the waiting list and will be offered a unit in order of their placement on the waiting list.
- To the maximum extent possible, the offers will also be made to effect the PHA's policy of economic deconcentration.
- For the initial year of implementation, a pro-rated percentage of the new admissions will be calculated from April 1, 1999 through the end of the fiscal year. Following the initial implementation period, the forty percent (40%) requirement will be calculated based on new admissions for the fiscal year.
- The PHA reserves the option, at any time, to reduce the targeting requirement for public housing by no more than ten percent (10%), if it increases the target figure for its Section 8 program from the required level of seventy-five percent (75%) of annual new admissions to no more than eighty-five percent (85%) of its annual new admissions. (Optional for PHAs with both Section 8 and Public Housing programs)

## **NOTICE**

**Although we have made our best effort to comply with regulations, laws, and Federal/local policies, the Nelrod Company does not offer advice on legal matters or render legal opinions. We recommend that the Admission and Occupancy Policy is reviewed by the Housing Authority's general council and/or attorney prior to approval by the Board of Commissioners.**

**Section 4: Certifications**

A comprehensive certification of compliance with respect to the PHDEP Plan submission is included in the “PHA Certifications of Compliance with the PHA Plan and Related Regulations.”

**Section 1-D**

The most urgent area of concern is our “at risk” youth. There is a total of 112 resident youths. 33 are living in the Douglass community with the remaining 79 in our scattered site units. At this time, less than 5% are active with the Boys & Girl Club programs. The largest percentage of youth (average age 9), are “latch key kids”. The Boys & Girls after school program and partnership with PHA will hopefully decrease this percentage.

**Section 2-A**

To maintain the partnership with Plan Police Department and Boys & Girls Club of Collin County to promote and encourage positive choices for resident families through education and self-sufficiency. Goals and achievements will be identified periodically with review of programs and activities, resident’s surveys and personal contact of residents.

## DESCRIPTION OF URGENT AND/OR SERIOUS CRIME PROBLEMS

### Sites A & B – Douglass Community

Sites A & B of Plano Housing Authority consist of 25 multi-family units, ranging in size of one, two and three bedrooms. The units are located in the Douglass Community on the East Side of Plano. This is a multi-zoned area with a heavy influence of commercial & retail. The residential unit area consists of generations of families with a small mixture of “low-rent units”. With the partnership of the Plano Police Department & Plano Housing Authority (PRIDE), Part I and Part II crimes have been kept at a minimum in the past three years.

Sites A & B consists of 15 families and 10 elderly/handicapped residents. There is a concern for the comfort and safety of families, especially for the elderly. With the increased security, community policing, and block watch program, we hope to increase the comfort zone of all residents.

PHA also has 25 single family dwelling, 3 & 4 bedroom, (scattered sites) which are located throughout Plano. The partnership with Plano Police and Plano Code Compliance keeps the PHA aware of any and all significant problems. In the past 12 months Part I and Part II crimes have been at a minimum.

The most urgent area of concern is out “at risk youth”. There is a total of 112 resident youths, 33 are living in the Douglass Community with the remaining 79 in our scattered site units. At this time, less than 5% of our resident youth are active in The Boys & Girls Club programs. The largest percentage of our youth, (average age 9), are “latch key kids”. The Boys & Girls Club after school program and partnership with PHA will hopefully decrease this percentage.

Overall, at this time we have little if any serious crime problems. The PHA and Plano Police Department give credit to the continuous PRIDE program along with the “no tolerance” attitude toward crime.
