## Executive Summary

In accordance with Section 511 of the Quality Housing and Work Responsibility Act of 1998, the Hopewell Redevelopment and Housing Authority is pleased to submit the Agency Plan.

The Agency Plan is presented in two sections:

### **Section 1: Five Year Plan**

This section includes the PHA's Mission Statement, goals and objectives. The housing authority has considered the Mission Statement, goals and objectives of HUD in developing the Five Year Plan.

### **Section 2: Annual Plan**

This section includes the components required to be submitted by a Standard performing housing authority.

Please refer to the Table of Contents for the components included. Any required components that are not included in this submission are so indicated in the Table of Contents along with the location of the applicable materials and the date submitted to HUD, if required.

In this first year of required submission, the housing authority has elected to continue to operate its program in an efficient, cost effective manner and to explore the options authorized by the QHWRA. These options will be explored primarily as methods to maintain the supply of affordable housing in Hopewell, Virginia.

Subsequent submissions will include the housing authority's plan to pursue these efforts.

These plans were drafted following numerous meetings of the Authority's Resident Advisory Board. During these public meetings attendance was taken and minutes taken. All comments were duly considered by staff and will be presented before the Authority's Board of Commissioners.

Questions regarding the Hopewell Redevelopment and Housing Authority's Five-year and Annual Plan should be addressed to the Executive Director.

Respectfully submitted,

Martin C. Blaney  
Executive Director

## Attachment - Admissions Policy for Deconcentration

### **Component C: Eligibility, Selection and Admission Policies for Public Housing**

#### Deconcentration of Poverty and Income-Mixing

The PHA's admission policy is designed to provide for deconcentration of poverty and income-mixing by bringing higher income tenants into lower income projects and lower income tenants into higher income projects.

Gross annual income is used for income limits at admission and for income-mixing purposes.

Skipping of a family on the waiting list specifically to reach another family with a lower or higher income is not to be considered an adverse action to the family. Such skipping will be uniformly applied until the target threshold is met.

The PHA will gather data and analyze, at least biannually, the tenant characteristics of its public housing stock, including information regarding tenant incomes, to assist in the PHA's deconcentration efforts.

The PHA will use the gathered tenant incomes information in its assessment of its public housing developments to determine the appropriate designation to be assigned to the project for the purpose of assisting the PHA in its deconcentration goals.

If the PHA's annual review of tenant incomes indicates that there has been a significant change in the tenant income characteristics of a particular project, the PHA will evaluate the changes to determine whether, based on the PHA methodology of choice, the project needs to be redesignated as a higher or lower income project or whether the PHA has met the deconcentration goals and the project needs no particular designation.

#### Deconcentration and Income-Mixing Goals

Admissions policies related to the deconcentration efforts of the PHA do not impose specific quotas. Therefore, the PHA will not set specific quotas, but will strive to achieve deconcentration and income-mixing in its developments.

## **Component C: Eligibility, Selection and Admission Policies for Public Housing**

### **Project Designation Methodology**

#### Aggregate Average Method

The PHA will review the annual resident income of [all of its sites] [all family sites] [the designated sites stated in this section] and the using the incomes of all families in [the targeted] [all] developments as a baseline, determine the average income of all of its resident families.

The PHA will designate higher income developments those with average income above the aggregate average.

The PHA will designate lower income developments those with average income below the aggregate average.

## **Component C: Eligibility, Selection and Admission Policies for Public Housing**

### PHA Incentives for Higher Income Families

The PHA will offer an incentive to higher income families willing to move into lower income projects. The PHA will not take any adverse action against any higher income family declining an offer by the PHA to move into a lower income project.

In addition to maintaining its public housing stock in a manner that is safe, clean, well landscape and attractive, the PHA will utilize its Flat rent structure to encourage lower income families to move/rent in higher income developments and higher income families to move/rent in lower income developments.
